Robert H. Chase Awarded $896.00 For Two Suggestions

Robert H. Chase, furnace operator in Department 230, has moved to the top position of Concord Suggestion Award Winners, with the receipt of two checks totaling $896.00 for his ideas to modify the sintering furnaces.

The awards, one for $496.00 and the other, $400.00, were voted at the September meeting of the Suggestion Committee. This makes Mr. Chase not only the top winner at Concord, but also the recipient of the largest single award ever made at Concord. Mr. Chase has been a consistent contributor to the Suggestion System, having received last year's award of $70.00 in July, 1964.

A total of $1,141.00 was paid for 7 accepted suggestions at the September meeting. This also represents the largest amount of money ever awarded for a single month. Second high winner for September was Robert Kryer of Department 227, who received $140.00. Other awards voted at the September meeting of the Suggestion Committee were: James Lazotte, Department 438, $400.00; Dana Sawyer, Department 290, $25.00; James Hawkins, Department 724, $25.00; and Juanita Gates, Department 426, a special award of $15.00.

Kenneth S. Brown Given Increased Industrial Relations Responsibilities

Kenneth S. Brown, Industrial Relations Manager, Eastern Area, has assumed additional Industrial Relations responsibilities according to two announcements by John D. Washburn, Corporate Director of Industrial Relations.

Mr. Brown will assist Mr. Washburn in handling details related to Corporate Industrial Relations as Assistant Corporate Director of Industrial Relations and will also assume the responsibilities of Midwest Area Industrial Relations Manager. In the Midwest his duties will include Industrial Relations functions at the Vandallia, Michigan; Chagrin Falls, Ohio; St. Louis and Dayton Sales Offices; and supervision of IR efforts at Sprague of Wisconsin, Inc. and the Chicago Sales Office.

Mr. Brown is a graduate of the New York Public Schools and Peekskill Military Academy, Peekskill, New York. In 1953 he graduated from Williams College with a B.A. degree in political science. Prior to joining Sprague Electric in 1958 as Administrative Assistant in Employee and Community Relations, he was a Personnel Officer in the Air Force for two years. In April 1966 he was named Manager of Publications, and in 1968 transferred to Visalia, California as Industrial Relations Manager. He returned to North Adams in May 1961 as local Industrial Relations Manager and later that year was named IR Manager, Eastern Area.

Plant Picnic Held At Bear Brook Park

A bright warm day and delicious food marked the 1964 Annual Plant Picnic on August 15, as some 700 employees and their families gathered at Bear Brook State Park for a day of fun and festivity.

Beginning with registration at 10:30 A.M., the day included games for children and adults, lunch, dancing, softball, and pony rides for the younger.

Promptly at 12:00 noon, lunch was served at the Barbecue Shack, and during the next few minutes hundreds poured through the serving lines carrying away crisp barbecued chicken, cranberry sauce, salad, rolls, chips, beverage and dessert. The lines were kept open until 2:00 P.M. to accommodate any latecomers.

At 1:30 P.M. the traditional Office vs. Production softball game was held at the game field, with the Office team taking the bruising battle of two innings.

The remainder of the afternoon was devoted to dancing, pony rides for the children, and games for children and adults. Included were sack and three-legged races, an egg toss, mummy man contests, and a suitcase clothes contest with women racing back and forth setting in and out of the clothes found in the suitcases.

Highlights of the games was the pie eating contest held for children through 15 years of age. About 50 participants followed the rules stating that no hands were allowable in eating the large pieces of blueberry pie.

At 2:00 P.M. the kids were taken to the large field for a number of games for children and adults, included were games for children and adults.

David Cates Transfers To West Coast; Aldem Trottier Assumes New Duties

David Cates, former Assistant Industrial Relations Manager, Eastern Area, has transferred to Visalia, California where he has assumed the duties of Western Area Industrial Relations Manager. He will have overall Industrial Relations responsibilities for the Los Angeles, Sky-Borne Division and Visalia Plants and all Western sales offices which presently include Phoenix, Arizona; Dallas, Texas and Seattle, Washington.

Robert H. Chase, center, is being presented with his $896.00 Suggestion Award Check by Robert L. Parrish, right, General Manager, Solid Tantalum Capacitor Operations, while John Phillips, General Factory, is looking on.

Customers are looking through a microscope of slices of Silicon wafers containing microcircuits. This was part of the Sprague display at the recent Wescos Show in Los Angeles.

G. Baker Named Engineering Assistant

George Baker was recently named Engineering Assistant for the Transistor Device Development Engineering Department, reporting to J. Gerard Bouchard.

He began employment with the Sprague Electric Company in May, 1961, as a Senior Technician and was promoted to a Master Lab Technician in May of 1963. Mr. Baker, a native of Concord, is a graduate of Manchester West High School and attended classes at the University of New Hampshire majoring in Physics.

For hobbies he enjoys bowling, stamp and coin collecting, and chess. He is affiliated with the New Hampshire Numismatic Association, which is the science of coins and medals.

Aldem A. Trottier

Concord and will supervise Industrial Relations activities at our Nashua and Plymouth, New Hampshire operations.

Mr. Cates, a 1960 graduate of the University of Maine where he received a B.S. degree in economics and management, has spent his entire business career in the industrial relations field. Following graduation he joined Sprague Electric in North Adams as Assistant to the Director of Personnel. In 1962 he was named Personnel Manager of the former Kingston, New York Plant and served there until 1966 when he was named Industrial Relations Manager for the new Concord, New Hampshire facility. During the six years Mr. Cates was connected with the Concord Plant it grew from a fledgling operation to a booming branch plant with customers looking throughout the neighborhood of 1,000.

In May 1962 Industrial Relations activities were divided into areas on a countrywide basis and Mr. Cates returned to North Concord Products Featured At Recent Wescos Show
James Heart is a native of Pittsburgh, Pennsylvania, and was employed with the Sprague Electric Company on August 1, 1964, as a Product Marketing Specialist reporting to Robert Jay. Mr. Heart was previously employed by the Melpar Corporation, P.O. Box 645, McLean, Virginia, as a test technician, Litoe Instruments, Rockville, Maryland, as a design engineer, RCA, Alexandria, Virginia, as an assistant project engineer, and the Philadelphia Corporation of Pennsylvania, as a marketing representative.

Mr. Heart will be making his home in Huntington with his wife, the former Nancy Hope of Ardmore, Pennsylvania.

His hobbies and interests include football, golfing, skiing, and fishing.

Paul Konakovich began employment with the Sprague Electric Company on August 3, 1964, as a Development Engineer reporting to J. Gerard Bouchard.

Mr. Konakovich, a native of Throop, Pennsylvania, received a Bachelor of Science degree in Mathematics from Seton Hall University, Newark, New Jersey.

He has been previously employed by the Burroughs Corporation, Nutley, New Jersey, as a Production Engineer; RCA, Somerville, a Production Engineer; Tung Sol Electric, Bloomfield, New Jersey, as a Production Engineer; and Burroughs Corporation, Plainfield, New Jersey, as a Supervisory Engineer.

Mr. Konakovich is presently looking for a home in or around the Concord area with his wife, the former Ruth Wunsch of Throop, Pennsylvania, and four year old son, Paul.

Francis Nidock began employment with the Sprague Electric Company on August 3, 1964, as a Process Engineer reporting to Theodore Jasiezwie.

Mr. Nidock, a native of Llewellyn, Pennsylvania, received a diploma from Branch Township High School, Llewellyn, and received continuing education from various United States Navy Service Schools.

Prior to his employment with Sprague, Mr. Nidock worked as a Laboratory Technician with the U.S. Government Contracting Office in the entire electronics industry. He is a Sr. Production Engineering Technician and Process Engineer with the Philips Corporation, Spring City, Pennsylvania.

Mr. Nidock's interests and hobbies include fishing, coin collecting, and woodworking.

He currently resides in Pennsbury with his wife, the former Yvonne Ibanez of Mineville, Pennsylvania, and two daughters, Yvonne Marie and Victoria Joanne.

Continued on Page 3, Col. 1
Concord Welcomes . . .

Ishler, Vice President, Semiconductor Division, reporting to H. Kenneth Warwick, formerly of Drexel Institute, Philadelphia, Pennsylvania, received a Bachelor of Science degree in Engineering from Lafayette College, Easton, Pennsylvania, and a Master of Science degree in Physics from Drexel Institute, Philadelphia, Pennsylvania. He has previously been employed with Bell Telephone Laboratories in Lompoc, California, as Assistant Engineer, with the Philadelphia Corporation, Lansdowne, Pennsylvania, as Senior Engineer; Du Pont, Newark, New Jersey, as Engineer; and General Precision Engineering, Inc., EXPERIENCE . . . .

Mr. Warwick is presently looking for a home in or around the Concord area. He is the former Virginia Homisak of Scranton, Pennsylvania, and five children, including his wife, the former Mary Wislocki, and four children, Julius, Michael, 4; and David, 5 months.

DEPARTMENTAL NEWS . . . .

The trees are colored with bright reds and golds, but the weather is still cool and means winter right around the corner. I really do not enjoy the weather, but it means things will be better soon...

While Ted Clifton was on vacation, he really celebrated by bowling a new high score of 200. His daughter, Helen, was married to Joseph Harris at St. Paul's Church in Concord. The couple is now living on the edge of town... The stork was a recent visitor at Steve Cullen's home in east Concord. Dottie Stevens, a former technician at Sprague, received a call from her former college roommate. She was in town on business and was looking for you. The couple was married two years ago... The gang in SEPT Production, 7 lbs. and 4 months, is having their annual vacation. We hope you will enjoy your vacation...

H. Whitemore Named Foreman

Harold Whitemore, formerly Supervisor in the Receiving, Shipping, and Stock Department, was recently promoted to Foreman for the same Department reporting to John Puppolo.

Thomas Yaswik began employment with the Sprague Electric Company on August 10, 1964, as a Microcircuits Engineer reporting to Clifford Kiley.

The Young Men's Christian Association teaches boys, such as those pictured above, friendship and good sportsmanship through the various recreation and education programs.

Employees Benefit Fund Supports Concord United Fund

The Boy Scouts of America is one of the many agencies supported by the United Fund. Represented here are 3 boy scouts out of 416 from around the Concord area who are being taught leadership and guidance.

The Society for the Prevention of Cruelty to Animals is another organization supported by the United Fund. It is here that a home is made for lost and mistreated animals.

It is estimated that as a result of the training and counseling received at this center, 9 out of 10 of these wayward youngsters will develop into useful, productive citizens.

The work of the Salvation Army in the Concord area is largely the result of their share of the United Fund drive. During the past year, the Salvation Army provided welfare assistance to 518 Concord area families. This included some 1,483 individuals, locally plus 103 transients, who received food, clothing, and shelter. The League of Mercy made over 4,000 visits to hospitals, nursing homes, and prisons with gifts being taken at Christmas time. This work is possible by your contribution and the work of 35 adults and 68 children who are active in the Corp's activities and services.

The well-baby and immunization clinics held locally are supported by your United Fund through its support of the Visiting Nurses Association. During the last twelve months, the Concord Visiting Nurses Association made 4,083 calls giving bedside care to the acute or chronically ill and 2,694 calls to assist and instruct families in the care of infants and patients who, for various reasons, required special care.

Finally, we come to the last two United Fund Agencies, the Society for the Prevention of Cruelty to Animals and the YMCA. During the past year, the SPCA handled 2,203 animals. This included the lost and found pets, including 30 reported cases of cruelty.

OCTOBER-NOVEMBER, 1964

TRANSDUCER FINISHING

By Sandra Baker

Hello everybody! We welcome Helen Foley back to work again after a few weeks out for an operation on her legs. Two new girls have joined us recently. Judy Gilbert from the Night Shift and Cecile Plante. Alberta Mont-doux's son was married the third of October, which is also her birthday. She was kind of jittery as if it were she all over again. Veronica Now- man's daughter, Doreen Shelton, was married recently and is living in Sturpees, Kentucky. Veronica plans to make a trip to Kentucky over the holidays. Have a nice trip, Veronica. Freska Presley's husband fell and broke his knee. He was operated on and was unable to work for seven weeks. Vimla Page's husband was operated on for a disk in his back. He has just returned to work after a disk in his back. The operation was a success. She should be returning to work over the holidays. We have a champion in our Department in mountain climbing but he couldn't quite keep up with the others from what I understand. He was the last one up and the first one down. Notice the picture in this issue. He must have been real tired, well, there is only one solution Merle Cressy, you have got to go on a diet. There is Charlie Glover looking down at you. I heard they went back up again but Merle couldn't make it. He'll probably be in better shape next time.

MACHINE SHOP

By Fred Clemens

Vacations are over now. Jerry Courchene spent his regular ten days supposedly repairing his house. He found it too easy to lounge, however, so he still has lots to do. Norm Gilis did about the same on his - took it easy and went on a few day trips. I managed to get to see Block Island, Rhode Island, while on my week off. Now we are all back and have settled down to work. The Machine Shop smelled like a restaurant one day as we all

brought in something to eat. We heated on "our" hot plate steak, spaghetti, Chinese chicken, spare ribs, etc. Hermin our Porcan smiled a little, for he had some too. ... The Machine Shop has made a good offering to the Bowling League. Clayton Longver, Louis Bellman, Rod Spaulding, and Dick Hardy are members with very good scores. Concerning outside activities, Dick Hardy is setting his guns and himself ready for hunting. Clayton Longver still works on his home and a new track he recently purchased. Paul Simard is a crack-a-jack at auto body work. Rod Spaulding is up to Rattlesnake Island every week-end and now has Jerry and myself very interested. Jerry bought a swift 16 foot boat and he and I have leased a lot near Rod on Rattlesnake Island. Norm Gilis pulled Phil Carrier's boat out of Massassecum last week so Phil came up to Winnippeg to visit Rod. Low and behold Phil had motor trouble so Rod had to tow Phil's boat back to the mainland - oh boy!

TANTALUM PELLET PREPARATION

By Virginia Bickford

Among the newcomers to this Department are Esther Sanville, Pat Nadeau, Cenzile Holli, Cheryl Miner, Jean Hamilton, and David Corliss. Bob Chase reports he had a wonderful vacation this year traveling through the Midwest. The states he enjoyed the most were Nebraska, Colorado, and Wyoming. He wishes he had lasted longer. Eva Martel has a new grandson named Ricky Kenneth who was born at the Ber- lin Hospital to Eva's daughter, Mrs. Annette Devall from Grang- ham. By this time, we expect Dot Hills has her driving license. If not, keep trying Dot - you'll make it - the rest of us did. Barbara Briggs is sporting around in a yellow Cadillac and she says never again will she have a small car. ... Ann Towle and her hus- band are buying some land in Chichester and plan to build a home there shortly. Armand Nolin is building a barn, which occupied most of his vacation time. By the time this report reaches us, June Florence will be back with us after several weeks leave of absence. Welcome back.

These are the children of Dorothy Plante, Department 720. They are Diane Mary and Robert Paul.

OCTOBER-NOVEMBER, 1964

A surprise bridal shower was given to Jean Longchamp and a handsome wedding present to Mr. and Mrs. Bruce Bonnette.

TRANSISTOR FINAL TEST

By Norma Glover

Esther Smith and her two daughters, Diane and Lee Ann, were recent visitors in Boston. They spent the day shopping. Mary and Michael David, children of Lillie David, are attending the Seminar at the New England Col- leges in Hartford. They are major- ing in math and biology. Jackie Bergerin is on a maternity leave. We hope you get your boy Goldie Bailey is the proud owner of a new trailer. She is now living in Chichester. She al- so said not to ask about her diet. Why, Goldie? ... Marjorie Call has returned from a leave of ab-

ence. She is now in the Testing Department. Louise Co- ulombe's son, Ernie, is a sophomore at Concord High and is playing on the Varsity Football Team this year. Barbara Clough and Louise Coulombe now have their own cars to go to and from work. They each own a Renault.

By the time this issue reaches you, we will have had our annual hayride put on by Joyce Belanger. At the present time, everyone is looking forward to the pleasant evening. What was the oc- casion that Mary Call and Carlene D'Aubigny were celebrating? Shirley Bedden is on vacation. She plans to stay home and get a little rest. Who is the girl who never can remember the birth date of her older son?

SILICON

By Mary Mitchell

We all wish Hazel Call the best of luck on her new job as bookkeeper. The rest of us will all miss you ... Barbara Davis has left us to stay home with her baby. She is in the Air Force ... Silicon has another Elvis Presley and he wants to be swooned over. ... Bea Gisart had a glorious week vis- iting the World's Fair. Made- line is out behind the barn - painting.

FACTORY ENGINEERING

By Everett Cutler

Francis Kendall is back from his two-week vacation. He enjoyed his new camper very much. Dana Chil has a Chevy pick-up which he is rebuilding. It should look real nice when he is done. Paul Morcel got his Mere run- ging. He put a Chrysler engine in it to replace the original. It runs real well.

CONTROL. SECOND SHIFT

By Cecile Boisvert

Winter is coming very fast - we have to think of a way to keep warm. We want to wish all the luck to Pat Misheky and Audrey Saltmarsh who are home- dwelling the arrival of the stork. We have a champion in our Department in mountain climbing but he couldn't quite keep up with the others from what I understand. He was the last one up and the first one down. Notice the picture in this issue. He must have been real tired - well, there is only one solution Merle Cressy, you have got to go on a diet. There is Charlie Glover looking down at you. I heard they went back up again but Merle couldn't make it. He'll probably be in better shape next time.

TEST EQUIPMENT ENGINEERING

By Wayne Wolley

Hello there! Things have been pretty hectic in this Department. Most of the technicians have wheels on their benches to keep up with the movement. Our con- struction group is moving the airport temporarily. (How's that for expanding!) The repair group will remain behind so we'll be split up for a while. We were told that Ward Allen leave us. He took a job in Latonia. I don't understand why we have a new way of cutting corners - with a saw? ... Hank Smith and Bruce Rieker have a fool proof

The 4 children pictured here belong to Bob Poulin of Department 720. They are Joan, 9; Lynne, 7; Laurie, 5; and Robert, Jr., 7 mos.

This picture was taken of Frances Hunt of Department 723 when she was a baby.

The girl pictured at the left is Mari- on Spencer of Department 425 when she was quite a bit younger.

Brenda Young of Department 725 is the proud mother of the 4 pictures here. They are Jeffrey, Jodi, Joy, and James. Their grandmother, Jane Grey works in Department 727.
Romprey's departure recently on the behalf of Elsie (Parrish) thanks. On June 27, she believed in their new area and seem to like it. Your reporter had loads of fun helping to move their stock of transistors, and now the rest of us are waiting hopefully, if not patienceilly, until we are settled.

With the summer over, another Sprague Plant Picnic has gone by, with all the good food and fun. Your reporter, for one, says thanks.

By Carroll Dodge

We wish to welcome all the newcomers in the past year and hope that they receive as much enjoyment as we have in the past year. First Shift; Patrick Wilson, Marsha Read, Sandra Williams, Carolyn Berwick, Jerolyn Stiles, Dorothy Plante, Phyllis Blanchet, Robert Beck, Peter Coleman, and Michael Bobolla. Second Shift; Wayne Robertson, Martha Pelchat, Katherine Hale, Carol Munson, Barbara Joaquin, Peter Taylor, Philip Abbott, and William Lawrence. Third Shift: Wesley Corson and Terry Clapp.

By Simone Croteau

We are sorry to see the summer help return to school. We really enjoyed having them with us and wish them all the best in their school work. Hope to see them next year again. We would like to welcome all the new help that have joined us and hope they stay with us a long time ... Dors, our Dipper, has been exercising her fingers so much since she came on the job that they have swollen up and now she complains that they don't fit in her bowling ball. Too bad, Dors, we would win some more trophies to add to your collection. You certainly have quite a few and you should be real proud of them.

By Nat Colby

We welcome Mrs. Thomas Romprey, whom at that time we all chose an electric car and opener for her lawn, Dors, we were hoping you gave her a beautiful coral mohair and nylon sweater, Elsie deserves the best in the world, and we certainly hope she will be very happy. Allan Perry had to take his daughter Allyn, to the hospital recently with a bad case of pneumonia. All is well now and she's back to school ... The office is booming with weddings and engagements lately. Nancy Haggett and John Remick tied the knot September 5. Also, Judy Hurd to Dave Palmer on September 28. Jackie Forest came in sporting a beautiful diamond from Dave Malcolm. We offer congratulations and all the success in the world to each and every one of you. We welcome to the Purchasing Department Brenda Horsch and Jane Carroll. Tune transferred from Department 430 ... Laura Bell of Boscawen celebrated her firth birthday September 1. A picture of her is in this edition.

By Joyce Heath

We hope I've covered all the news so far. If not, please let me know and I'll include it in the next issue. ... Connie also went on a boat ride. Maybelle has a new puppy named Rusty. He is a golden retriever and is three months old. He and his family took a few trips. Labor Day they visited Pictoiconder. They also went to Vermont and visited the Maple Museum and the Rock of Ages Quarry. They took a pleasure ride along the Ocean Drive on Rhode Island Sound and saw Mrs. Jacqueline Kennedy's parent's home. A going-away party was held for Ric Reed at the China House. Thirteen employees went and a few joke gifts were presented to Ric - a hard stick for a ruler, a pen three feet long with a 6 inch eraser and an alarm clock with no hands so he can get up on time. He also received a $21.00 gift certificate from Bose's. From The Chin House they went to the Top of the Town. An enjoyable time was had by all with no absencees from work the following day. It seems like Kathy Loosen has a terrible time keeping cats. In one year she has lost four cats so from time to time if you have any cats to give away, just see Kathy. Richard Perry took different day trips with his family during vacation. They visited Six Gun City, Santa's Village, and took a trip through the mountains. The rest of the time he rested. This is the last issue of the year so I hope I've covered all the news so far. If not, please let me know and I'll include it in the next issue.

Donald, age 17 and Linda, age 12, are the children belonging to Florence Murray of Department 721.

Mike, 8, Steve, 6, and John, 3, are the sons of Gay Tordy from Department 721.

The girl in the Tandy family is 18 month old Elaine.

Meola Cressy, left, is resting his tired bones after a hiking trip. Looking on is Charles Glover of Department 438.

The spirit of selling bomb shelters - you'll have to contact them for the information ... Sid Yoston is on vacation working on his house ... Herb Young is going to Maine to hunt deer. How many legs do they have, Herb? Berni Smith will be on his honeymoon on his vacation.

By Barbara Gibbs

Well, as the old saying goes - there is either a feast or a famine. This time, your reporter seems to have gathered very little news for you. Hope to do better next time. Birthdays celebrated since last reporting with Q.M.4's traditional coffee and cake at break, were those of Janet Sherburne - Bonnie Gates baked the cake; and Frances Pugliese - Nick Edwards baked the cake ... Vacations are over and fall has arrived. Although the countryside is beautiful now and thrilling to observe, I'm sure most of us are thinking of the winter ... Cathy Annals and her "girls" are finally settled in their new area and seem to like it. Your reporter had loads of fun helping to move their stock of transistors, and now the rest of us are waiting hopefully, if not patiently, until we are settled.

With the summer over, another Sprague Plant Picnic has gone by, with all the good food and fun. Your reporter, for one, says thanks.

Sprague Sports

MEN'S BOWLING

Robert Locke was elected as President of the Men's Candlepin Bowling League and Paul Galliard was elected as Secretary-Treasurer for the second year. The Board of Directors are George Shelton, Howard Woodman, and Clayton Longley.

The League is bowling at Bowtell's every Monday night at 7:15 p.m. They will run for thirty weeks.

Captains for the six teams are Team 1, Len Burritt, Team 2, Paul Galliard, Team 3, Bill Barony, Team 4, Louis Bellman, Team 5, Bob Hale, and Team 6, Bob Locke.

Final standings for the Golf League in the first flight was won by Team 18 with 213.5 points taken by Jerry Bouchard and Ric Ricard. In second place was Team 3 with 209.0 points taken by Carl Denoncourt and Tom Garnish. In third place was a tie between Team 8 and Team 1. A deciding match was played off and Team 8 won with John Remick and Gene Lambert.

A banquet was held at the Highway Hotel and President, Tom Howe, presented trophies to both teams in both flights for first, second, and third place.

Whittemore . . .

Continued from Page 3, Col. 2

He began employment with the Sprague Electric Company in January, 1963, as an Engineer and was promoted to a Supervisory position in August, 1961.

Harold, a native of New London, New Hampshire, is a graduate of New London High School and served with the United States Air Force, he received his high school diploma from the United States Air University, Alabama.

His affiliation is with the American Federation of Musicians. Some of the activities Ralph enjoys most are flying, fishing, hunting, and building radios, amplifier kits, and hi-fi.

He is presently residing at Concord with his bride, the former Charlene Brown, of Strafford, Bow.

Golf, Softball Players Feted

Sixty-five members of the Sprague Electric employs Golf and Softball Leagues, and their guests were honored on October 16, 1964, at a Fall Soirées Banquet held at the Highway Hotel.

The activities were highlighted by the introduction of members of the Sprague Mets and Tigers, who finished in second and third place in the Industrial Softball League, and the presentation of trophies to winning members of the Sprague Golf League.

Sixty-five trophies from Golf League President, Tom Howe and Plaunau Valley CC pro, George LaFlamme, were first place winning combinations of Jerry Bouchard and Ric Ricard for Flight 1 and Darrel Yeaton and Don Dion for Flight 2. Second place trophies went to the teams of Ken Ishler and Jim Demers and Paul Carmsh and Roger Nash.
