Enthusiasm Shown At Rehearsals For Seventh Annual Benefit

The Committee for the Annual Benefit and Minstrel Review met Tuesday, October 3rd, to formulate plans for the seventh show to be staged by Sprague employees. This annual event is looked forward to with pleasure by all Sprague workers, their families, as well as North Adams citizens, who are acquainted with the excellence of past performances.

Etta Oeners is again Chairman for the Benefit performance, while Fred Windover will put the Minstrel numbers and chorus through their paces, and Larry Haskins will direct the skits which are to be featured in the first half of the show.

Committee Heads named were: Ray Mahar for tickets; Mary Mathews for ushers; Win, Jette and Roy Trottier for stage, lighting, and properties.

FIRST MEAL IN GUAM

The show is definitely scheduled for November 16th and 17th.

Rehearsals Draw Big Response

The first rehearsals for the Benefit Minstrel and Review have drawn a large number of volunteers. More than fifty persons turned out for the initial rehearsal at the Richmond Hotel on Wednesday, October 4th. Fritz Windover was very much pleased with the response and said he was certain that others would join the ranks as rehearsals continued. "There's always room for more," he stated.

Unless otherwise announced, rehearsals will take place in the Richmond Hotel on Wednesday and Friday evenings of each week. Mrs. Margaret Miller Blanchard has been obtained as pianist.

SPRAGUE QUOTA IS $9,000

With the slogan, "How Warm Is Your Heart?" over 100 Sprague workers started the solicitation of pledges on Wednesday for the 1944 North Adams War and Community Chest Fund. The quota for Sprague workers is $9,000, and indications as the "Log" went to press were that the meeting of the quota would be a very close matter with a great deal of work remaining to be done.

The quota for the community this year is $75,000, an increase of $13,000 over last year's requirements. The increase is wholly due to the increased needs of the North Adams Hospital, which has had to adjust its budget upwards because of long overdue adjustments in the pay and hours of graduate nurses on its staff.

Many Organizations Benefited

While the increase is attributable to the hospital's needs, workers are pointing out that there are still many other organizations which benefit including USO, YMCA, Salvation Army, Boy Scouts, Girl Scouts, and many local, national, and international welfare agencies.

(Continued on page 2)

President Sprague to Address Chicago Conference

Mr. R. C. Sprague, president of Sprague Electric Company will speak below the Electronic Parts and Equipment Conference on October 21, at Chicago, on the subject, "What's Ahead in the Radio Parts Industry." It will be of timely interest to the large number of Parts Jobbers and Parts Manufacturers who are expected to attend this conference for the consideration of their mutual problems, including those which will follow the war.
**SPRAGUE ELECTRIC VICTORY LOG**

**First Log Benefit Dance is a Success**

The Blue Room of the Richmond Hotel was the scene for the first social affair of the newly-formed Local Social Committee, on October 4th. As usual, no doubt, the social was a benefit dance, the proceeds of which are to be given to the North Adams Hospital for the purchase of new equipment. The sum realized was $180.

It is the plan of the Committee to run other socials and add to this sum.

October 4, 1944.

The letter printed below from the American National Red Cross is dated October 5, 6 and 7, 1944. The Conference was high-lighted by a talk by Major L. L. Shore, former president of the National Broadcasting Company, and now president of the Museum of Science and Industry.

The purpose of the Conference was to serve as a national forum on electronic developments, with technical meetings, forums, and symposia for technical affairs.

The Department, which is in charge of Alfred P. Frank, formerly an assistant foreman of the Tubaloid Assembly Department, will be engaged for the time being in the production of wax tubular paper condensers for high priority civilian use and for export. However, it is believed that when production of radio sets is resumed the size of the department will gradually increase to be equalized to its peace-time size.

About sixteen people reported for work in the new department last week. Peggy Daub, formerly of Beaver Street will put the new stoves at Brown Street, and Patricia Bonomi, formerly of the Sprague Post Office, will take the place of Mrs. Bonner, and Elinor Nall, formerly of Beaver Street.

The War and Community Chest Fund this year is faced with the problem of raising almost 25% more than last year. At present only 10% of the goal has been reached. Many who had signed up previously. Many of the local blood bank. Without the splendid response of your workers each time the Blood Drive is held, it is impossible to continue the Blood Bank.

October 4, 1944.
Sheet Tobacco Air

The highlight of the program came, when Staff Sgt. Paul Bergeron, brother of Alice Switzer of Schleying, and a former Sprague worker, was introduced to the radio audience by Larry Madison. He certainly sounded as though he would be glad to be home after serving 27 months in England. Both of his parents, Mr. and Mrs. A. M. Bergeron were in the audience, so it was a family affair.

Sprague Parade Program

On Friday, October 6, the Purchasing Department held its 13th annual Sprague Parade Program, including the "Sprague on Parade" program, presenting Jane and Priscilla Windover at the entrance to the Vatican, in Italy. Clarence is the brother of (.race of Paper Rolling.

Thank You Letters Received

Dear Miss Owen:

Thank you so much for the Camellas as they are my favorite brand, and I dare not even think of them. They arrived in tip-top shape. It is very kind and thoughtful of you people back home, helping all you can, to make things easier for us over here. Have been overseas for two years and am longing to go back home. My home is in New Jersey. I write to a girl in Boston, as her brother used to be with the A.S.S. in France.

Thank you very much for the cigarettes.

Sincerely,

Walter J. Ley

Italy, Sept. 12, 1944

Dear Miss Owen:

You might be interested to know that your gift of cigarettes was received by the laboratory technician in an Exhuastion Hospital. Thanks a million.

KEEP EM ROLLING

Roll out those guys, boys.

Aim at the planes in the sky.

Roll out the boys, game.

Kneel the enemy sky high.

When you are through boys,

Lie down and have your rest.

And dream away, boys.

For you have done your best.

We'll roll out the bombs—

All we can in any drive.

It's the right time for us,

But our enemies must not survive.

So keep right on fighting

We'll all lend a hand

We'll buy more and MORE bonds

For YOU—

the best of any land!

We all will lend a hand

So keep right on fighting

We'll roll out the bombs, all we can in any drive,

It's the right time for us, boys,

But our enemies must not survive.

Sincerely,

Jane Windover

To My Sailor Son

Dedicated to mothers who have sons in the Navy in observance of Navy Day.

"To My Sailor Son"

I did not lose my only son,
The day you went away,
For every day in Navy blue,
Is a son of mine today.

I may not greet them as they pass,
But though I never knew,
A mother's prayer will follow them,
Wherever they may go.

There's growing hunger in my heart,
While you're across the sea,
But every mother in the land
Is kindred now to me.

When you come home my joy,
Will be not unlaced with pain,
For all those other sons of mine,
Who'll never come again.

For all those kindred mother hearts
Whose nearest and most dear,
Have bravely crossed the Great Divide,
No more to greet them here.

Conceived in anguish born of war,
Must come a lasting good,
Peace and brotherhood!

**Letters and News from the Armed Forces**

**Pfc. Francis Flaherty**

In German Assault

Pfc. Francis Flaherty returned to his command post in France recently, having been under constant enemy fire, but never once firing a shot. Pfc. Flaherty, with a buddy, had been assigned the task of a runner, rounding up all members of his company in preparation of an attack on the Ger- man border. He and his buddy scoured the country side under con- stant enemy fire, and during the night, when the Germans set up flares, they discovered they were well behind the enemy’s front lines. They returned safely, however, to their own outpost.

The "Admiral!"

Just a few lines to let you know I am somewhere in Italy. I'm an upper turret gunner and assistant engineer, and fly in the B-24 bombers. I expect to start flying my missions soon. I still prefer the old"Dewey" cloud to digging foxholes on the ground.

The trees here are filled with grapevines. I spent a lot of time in the trees getting my fill of grapes. This is also pretty of wine, here — if that's what you call it.

Give my regards to Tuffy and the whole gang. I received the Log while in the States, and would appreciate it very much if I receive it overseas. Full-fledged now, hoping to be back home with the boys soon.

Your friend, the "Admiral!"

Says Mail Is Sezrce in France

Dear Editor:

I received the August 36th edition of the Sprague Log today. It sure was sweet to get it. Mail is very scarce in this neck of the woods, and we are always glad to receive news from home. The Log is the first mail I have received in about two weeks.

Please give my regards to Kent Russell, and the other boys I played with. I would like to hear from Kent if he could spare the time. Things are still rough around here and we have a pile of work to do.

I saw Paris a while ago and it is a swell city. I certainly would like to see it if conditions are a little more favorable. So long for now, and give my regards to all the gang.

Sincerely,

Walt Katesey

Corp. Charles Pedrin stationed at Monroe, La. Brother of Julie regards to all the gang. when swell city. I certainly work from ball with. I

Handing Out Victory

By Claire Murray

Among my various duties as relief operator, one is delivering bonds. This I do not consider work but like it. Pliny, handing out victory. Who could ask for anything better.

As I bring the bonds to the different departments, a wonderful feeling swells inside me. How fortunate we are to be Americans. Free to do as we please. To insure this freedom, let's keep buying so that our boys may soon take a bath. Boy, I just don't know how to tell you how I felt to have a bath for the first time in 35 days. Also, the flies and mosquitoes are not to have here during the battles.

This island pitch black with 96 degrees is exact and it is very, very hot. I am writing this in my pup tent by the light of a candle. I'll say good night and happy dreams.

Miss Felicia Lea of Boxing announces her engagement to Walter J. Skoroszewski of the C.N. No wedding date has been set.

The engagement of Miss Lawrence Pinsonnault of Black Test to Mr. Bernard Bifulf of Factory Engineering has been announced. The wedding date has been set for October 23rd.

Miss Josephine Jacquie of Industrial Oil Field Assembly has announced her engagement to Harry Harmansh (not employed here). No wedding date has been set for the wedding.

Miss Marion Bertron of K.C.A. has announced her engagement to Charles Chasrls of Burlington, Vt. The wedding is to take place November 4th at Burlington, Vt.

Miss Jeanette Roberts of Western Electric announces her engagement to Harold Cady of Maintenance. The wedding will occur October 28th.

Genee Matthews returns to school, but you will find her ambitiously working in the laboratory after school hours.

Welcome to our newcomers: Grace Pickett and Elizabeth Cory; also Thomas Dufraine and Francis Savage in the laboratory.

Beth Benedict vacationed in New Paris, Conn.

How come Emma Quinn is adopting so many daughters now — yes, Greta Garbo is no longer alone!

You should hear Genee Matthews describe that new little nephew she is so proud of.

Charles Thompson, one of our former employees, visited our department recently. He is stationed in New Jersey.

We extend our deep sympathy to Theresa Phillips for the loss of her brother.

When the smoke cleared, you were there,

Your smiling face, your lovely hair — Your eyes that shine like gleaming stars,

While I held you in my arms... I dream and pray for some future day when, once again, I will hold you in my arms.

When the smoke clears, your image will forever remain with me.

Adeline Parsons has left to retain at the Training Center.

Delina Bombardier gave us quite a surprise when we heard that she was getting married. She is now in home is in Albany, N. Y. We wish her loads of luck, Betty, and will miss you very much.

Speedy recovery to Josephine Bugbee.

George Mulkey has gone to the Normett Scientific laboratory to work. We wish you much success.

Adeline Parsons has left to retain at the Training Center.

Delina Bombardier gave us quite a surprise when we heard that she was getting married. She is now in home is in Albany, N. Y. We wish her loads of luck, Betty, and will miss you very much.

We want to welcome the Miss Mica Dept. girls to join the ranks of (fatty) family. Jack Hooton, of the Networks, is having to take a position in Georgia. Congratulations to Zita Pedrin, proud mother of young Gary Victor.

VACATIONS
Our enemies spent her vacation in Glen Falls, N. Y.; "Jackie" Davis, Grace Southgate, Eleanor Lally and Jim and Peggy Siecke spent their vacation at Camp Killeharm, Lake Lauderdale, N. Y.; Gladys Hamer spent her vacation's week-end in Bristol, Conn. Emma St. Pierre and Eleanor Rhodes went to stay in town in Boston the weekend over. Alice Lovejoy is back with us after spending the past six months with her husband in Evansville, Indiana.

"Dilly" Francis is spending a leave with her husband in Lowell, La. M. Coover is now known as "Elia" Desh, Why? He punched a time card, four times one day with the name, Eleanor Coover on it — by mistake, of course.

CORRECTION: June Labane is married to Joseph Roberts sometime in October, not January, as stated.

Mica Department
By Cecil Bombardier
Evelyn Turner was selected on a week's vacation in New York City.

What did that certain sailor do to Lucille Bergeron. After he left, Lucille fell off the floor!!

Mica Dept. News
By E. Rhodes and T. Bushka
FLASH: "Frank Sinatra" of the Mica has a hair cut!!

Michael Vasilov is looking for packages of gum, instead of a stick to chew.

Did you ever try to sell tickets in the Mica Dept. on Tuesday?

Will the wonders of the world never cease? "Fra" Bushka came in at 6 o'clock this morning.

We're all so glad we know Burt Garrison.

There was the conference about, between Bill Menold and Mike Pierce, the other day? Can it be they're going to put runners on their erasers for the winter?!? If you hang around with the right people, you'll get places fast. We're still glad we know Burt Garrison.

What has made Franny Moreau so popular?

We want to welcome the Miss Mica Dept. girls to join the ranks of family. Jack Hooton, of the Networks, is having to take a position in Georgia. Congratulations to Zita Pedrin, proud mother of young Gary Victor.

A good dinner and a swell time were had at the Dry Formation Outing held recently.

Poem Dedicated to Our Office (15-6) Girl

There was a young girl called P.P.,
Whose energies went to her head,
And now, the poor girl's half dead.
Poor P.P.

Birthday Party

Friday evening, September 22, a birthday party was held at Morrissey's, in honor of Bertha Collier. Dinner was delayed due to one card given by—let's not mention names—but the initials are "M.A." We were fortunate to have Margaret Manasse and Chalie Muray with us. What would have happened to the roll situation if they hadn't been there? These are the bad, green, girls! Due to circumstances beyond our control, we had our dessert at Bertha's home from her new blouse became a topic to open arguments. We'll never forget that shade, Irene. Ask Millie Ornman how that pie was finally cut.

We were so glad Helen O'Brien was get that shade, Irene. Ask Millie Ornman how that pie was finally cut.

Our guest of honor was presented Whose energies went to her head,

Rita Johnson

VACATIONS: Louise Beigsme enjoyed a week in New York City, and another week at her home — crossing. Anna Mac Jones spent her vacation in New York along with a three-week vacation in New York. WEEKENDS ENJOYED: Alice LaVigne spent the fall in her camp in Rome, Mass. and a week in Pittsfield, Mass. Beatrice Loughlin spent her vacation in New York.

Birthday Celebrated

Doreta Blanchard recently celebrated her birthday, and she was presented with many pretty gifts by the girls of both shifts. That box of chocolates from? ? ? ? ?

Instructions show two pretty patterns for gloves. One for knit ed, the other for crocheted, gloves. This great event is to be Christen gifts! Instructions may be obtained at the Dispensary.

Checking Along With the Resistors

Hats off to our blood donors: Steffie Novak, Della Keating, Stella Belanger, and Jessica Waryszak. Good luck to Marie Lemieux on her new job as welder with Gino Marone and his orchestra. Lovely girl is Ardelle Rutti getting her first nose job. "Our little girl," as John Bollard, our superintendent, calls her. Gerry Roberts and Luella Petruzzello are happy girls these days. Must be due to the fact that their holidays are home on furloughs.

Screw Sweeney has returned to work after spending three months in New San Francisco, Calif., with her husband, Clarence, of the U. S. Navy. It looks like Arizona California agreed with you Irene. Glad to have you back with us again.

Pauline Martin is visiting her husband stationed in Louisiana. That's what happens when you take care of the kids. What has Anne Wote's heat box been in the Atlantic lately?

If anyone would be interested in the latest arrangements of songs, come up and listen to Irene, Laura and Liz. P.S.—Results can't be guaranteed.
