ON - THE - JOB INSTRUCTION IS FOURTH STEP
FOR NEW EMPLOYEE

In the issue of October 26th the LOG outlined and illustrated the third step in getting a job at Sprague's by showing a photograph in the Dispensary at the Beaver Street Plant with Miss Erna Owen, Head Nurse, taking the health record of a new employee.

On this page we show a photograph of a new employee being introduced by her foreman to her supervisor, who is instructing her in the art of rolling paper condensers. Naturally, this instruction varies with each type of job, but as far as possible throughout the Sprague Plants, on-the-job coaching is given as required because it is to the best interests of the employee, the department, and the entire business that each employee understands the work thoroughly from the beginning.

Company Proud of "Old Timers"
Practice makes perfect, as the old saying goes, and so of course, the longer you are on the job the more you know about it and the better and more efficient your work becomes. The Sprague Electric Company is proud of the fact that it has many workers who have been with the Company for fifteen to twenty years and a great many who have been with the Company five to ten years.

Now that the war production era is over and the period of conversion to civilian products is well on its way, increased care in the selection of employees, as well as in their instruction and efficiency are necessarily important points. Peacetime competition in the radio and electronic fields. Naturally, this instruction varies with the employee's type of job, but as far as possible throughout the Sprague Plants, on-the-job coaching is given as required because it is to the best interests of the employee, the department, and the entire business that each employee understands the work thoroughly from the beginning.

ATTENDANCE WINNERS 10th AND 11th WEEKS--PETER AND ROY ALDOR CARDINAL

In the drawing on Monday, October 28 to see who would win the attractive modern Emerson portable radio for the week of October 21-26 inclusive, five names were drawn as usual, and this time, the first name drawn had a perfect record—which is to say, that Patricia Roy of Dry Test Department had a perfect record for the tenth week of the contest and thus became the proud possessor of the radio.

Likewise, in the final and last week of the contest, which closed November 2, of the five names drawn, that of Aldor Cardinal was the first name to be called, and since he had a perfect attendance record for the final week, he received the portable Emerson radio. Mr. Cardinal is from the Maintenance Department, Brown St.

Congratulations

Congratulations to all the winners! All three Plants have been repre-

BLOOD DONORS SHOULD KNOW THEIR TYPES
At various times emergency calls come from hospitals, doctors and others for blood donors, from among our employees who are registered at the Dispensary as to their blood group and type. Nearly three hundred Sprague employees have been registered and typed at the Dispensary. Only last Wednesday, following an emergency call, John Pierce of Dry Test gave a blood transfusion at the North Adams Hospital.

You should be interested in donating blood to help save a life in an emergency, to report to the Dispensary so tests can be made and you will be typed as to your blood group and Rh factor.

The Massachusetts Department of Public Health Division of Biologic Sprague Electric VICTORY LOG, NOVEMBER 9, 1946

Volume IX Number 7
Mr. and Mrs. Bernard Pinsonnault, married September 7, with their attendants, "Terry" Giroux of Boxing and Joseph Pinsonnault. The bride is the former Jean Goddack of F. P. O. Department.

Kiey - Gaudette: Miss Floris Laverty and John E. Kiey were married on September, October 26th, the double ring ceremony being performed. The bride is employed in the P.A.A. Department at the Brown Street plant.

Dempsey - Traulib: Miss Geraldine Patricia Traulib and Edward V. Dempsey exchanged their I Do's on Saturday, October 26th. The bride is employed in the Payroll Department, Beaver Street plant.

McNulty - McNulty: Miss Helen Vincent Spencer and Alexander C. McNulty were united in marriage on Saturday, October 26th. The bridegroom is employed in the Specifications Engineering Department.

Duda - Holmes: Miss Helen Florence Holmes and Louis C. Duda were married on Monday, October 28th. The bridegroom is employed in the P. D. Boys Department.

BLOOD DONORS: All human blood has been divided or classified into 4 groups. The classification is based upon the presence of two specific substances in the red cells and two specific substances in the blood serum or third fluid of the Blood. These are known as Group O, Group A, Group B, and Group AB.

Rh Factor: A substance known as Thesus or Thesus factor, is usually first observed in the blood of Rh negative individuals. It is another interesting factor in human blood. It has been shown that about 85% of individuals have the Rh factor and are Rh positive (Rh+). The remaining 15% do not have the Rh factor and are Rh negative (Rh-).

In blood transfusions it is important to use blood of the proper blood group and Rh type.

RARE BLOOD GROUPS: If your blood belongs to one of the rare groups (B or AB) or if Rh negative, it is more important for you to be analyzed to donate whole blood when needed, than to give it to blood bank plasma and fractionation. If you know your Rh factor give it to the Dispensary so it will be on file for emergency calls.
**Block Test**

By Mickey Leschly

Several of our fellow readers—contact Adele Salari and Betty Fleury—were very happy to receive a surprise gift. The gift was given by William Jennings, who was 82 and said, "Sure, help yourself." He was planning to give a party for his daughter, Grace Collins, who didn't ask for rags.

Mary Sorel spent a very enjoyable evening in New York. She was able to visit both her parents and her two grandmothers. P.S. William Jennings didn't bring anything, but he had a tenement.

**Sprague Electric Victory Log**

(Continued from page 1)

Mr. Remillard from the top of the tree went, "Right up," the reply. Upon entering the living room George was just about finished, for his company was present to watch the show. At Sgt. Tretaway and his parents, Sgt. Tretaway explained the reason he had to leave so abruptly at the time he was talking with his parents through never seen separately. In a distance equal to the speed of sound may now be measured with accuracies alone.

**View of Greenland where Sgt. Tretaway was stationed.** On his recent visit to George Remillard, he brought these views with him.

**What Did The Bikini Tests Prove?**

It is a question of many engines that are being tested. The speed of sound may now be measured with accuracies alone.

**Low on Sugar? - Try These**

**Sprague Hams Bring Pleasure to Others**

Cassie Gliwiski is the proud uncle of Elizabeth Kenney has a very convenient location. She is just a short walk from the Wishing Well. She prepares all the meals and will continue to do so from now on.

**Tubular Assembly**

By Gorst Hall

When Charlotte O'neill was asked for a date by a certain young man, she very promptly fish a package of Dramoney drops from her pocketbook and said, "Sure, help yourself." The phrase is notably one of the most successful in sales marketing.

**Attractive Gifts**

The younger set will enjoy wear- ing these sweaters and you will enjoy theirs. Call for directions at the Santa Claus Post Office.

**Sprague Electric Victory Log**

(After the Bikini Tests)

The day would be very dull if we didn't have our regular winners next week, just think—you may be a winner. This is something he knows nothing about; he was just looking for a job. The answer is "Yes, the Bikini Tests were successful." The Bikini Tests proved that atom bombs are being used for the amazing purpose of testing new materials.

**Maintenance**

**Shipping and Carton Stock**

You should know from the greeting card that Rachel Laversou brought, she must be going to knit a bedspread, instead of the dress she was planning to knit. She is in a hurry to get her job done.

**Engineering Spacs**

By Hazel Goodale

Congratulations to Alex McNiel, who was married on Saturday, October 28th, at St. John's Church, 491 E. Quincy Street. Alex and Ruth received a gift of an aluminum pressure cooker and a set of handcrafted glasses from the Engineering Department. After a wedding trip to New York City, they will make their home in Williamstown.

In the recent move to their new home in Williamstown a short time ago for a visit with her family. She is feeling well, but will return to her sister's home at Northampton, Mass. in order to continue nursing at the Springfield Mem- ber hospital. She sent greetings to all, and expressed appreciation for the many letters and cards she received.

F. P. Assembly
Introduction:

With this issue of the LOG she F. P. Assembly makes its debut as a separate department. When the assembled met in a room by invitation it was decided that they should be represented in the LOG, so, looking around for a bite size reporter what was more natural then to choose the landscape girl in the room, Tru the workers of the F. P. Depot, it seems so necessary to any more. Unconnected gossip includes Emma Massaconi that distinction. Good luck, Emma, and we'll all cooperate to make your column a success.

News - By Emma

After our telephone talk with "Walt" Winchell and Laura Parsons recently, and promising them I won't miss the kind of material I'm to report. It's a good thing that Darrell only has one birthday party a year! What am I saying -- I wish she had 68! How about it, girls? Anyone interesting in hearing a good story? Tell us a story in touch from Irene's ("Bingo") bowl. She sure can tell a wisper.

Daily Delusion - Where is Dot Rev working today?

I want to take this opportunity to congratulate you on being an example of how to do business. We also wish to welcome back Larry Saffin. Dick Steers spent the week end recently in Galway, N. Y.

The assembly, who attended the most recent meeting of the Club, all had a wonderful time. We'd like to have more.

Sympathy is extended to Doris Vallerie on the recent death of her sister.

Congratulations to "Tom" Counsell who has a new addition to her family -- a three month old puppy by the name of Christmas.

The chief 4 o'clock attraction of the pouring line each day is Russell Worthly.

Tessie Czaja and Emma Mancini were critical of us -- you should hear them.

Our new clock took quite a bit of excitement -- someone said it reminded her of a toaster.

Fashion notes for men: the latest fad is wearing different colored sweaters. Our latest experiment Leo Rosson who appears wearing one white and one yellow.

I wish to see more of the flowers and candles.

Ernest Barcawt and Alphonse LaFountain of Block America were entertained at her home at a recent party. The chief attraction of the occasion was a grand door prize for the occasion, there were 13 seats round the table. The grand prize for the occasion was a pair of shoes, won by Rachel Canedy, and Harriet Fortin and Mildred Clifton were winners for high scores in games contests.

Congratulations, Patricia Roy, in winning the radio in the Perfect Attendance contest. It's nice to have a representative of our Department score in the contest.

We know that Robert Ricardo has a big future ahead of him. With all these birthdays and gifts going around, he sure isn't going to be forgotten. He is doing his campaigning well in advance. On any available space in our department, he has his name plastered, together with his birth date. Can they forget it - FEBRUARY 27th.

Louise Taxaneur - all our co-workers with a speedy recovery for you after your recent operation.

Maintenance

By Little "Lulu"

A new man has been added to the crew known as "High Voltage Coody."

Harold Hohb, our expert electrician, has proven a capable teacher as Coody has now been advanced. He is walking around with a lineman's belt around his waist.

The Maintenance shop is quite a power house. You get more voltage from the electrician's bench than from the outlet.

So here's some advice; when walking through the shop keep your hands in your pockets and don't stop to pick up any coins laying around.

October 26th proved to be a lucky day for Plum. He was seen putting his clothes in John Roese's car and the two went searching the town for a room. The fellows were just about to take up a collection to get him a pup when he finally found shelter at the V.M.C.A. Any one knowing of a method to remove mud from clothing please direct "Doc". It was raining the night of "Stewie 360.

Harry Eust and Hut Davis have a big secret between them. What we would like to know is just what did they know in V.K.A. Inspection?

"Wash?" Santeilli has let us in on and we can now tell all about "Hob." We won't miss you, "Wash."

Who was hunting up the Nostick recently engaged in a bowling match at Willaimsport where they had a very pleasant evening. The captains and their teams are listed below.

Cap. Harold Rohb

"Savage" Wilco:

"Hot Shot" Coody

"Degarita" Davis

"Meadow" Hynes

"Jitch" Caron

John, Rosse

"Chauflle" Vakota

"Warehouse" Belanger

"Steamboat" Wolak

"four" Rivers

"PAA" Plumb

"Scrammers" Cardinal

Congratulations to Mr. and Mrs. Frank Leth, who are the parents of a young daughter. Connie, the mother, worked with us during the summer vacation period.

Our deepest sympathy to Edward Morrisey in the recent death of his mother.

On Navy Day, we could call that Helen Barcik's heart was down in Saturday afternoon, Paul Sanford stopped to talk with a young chap on Main street. The young man turned to another young man, and asked Paul:

"Do you know this guy?"

Paul looked at the stranger (17) and was surprised to see his son, Robert, standing there. Being a student at Goddard College, paid his parents a surprise visit.

Softball League Holds Annual Dinner

The Northern Berkshire Softball League brought its 1946 season to a successful close on Monday, October 28th, with the American Legion League defeating the Western Berkshire League, including players, sponsors, umpires, and guests gathered at the Corner Cafe Restaurant for a turkey dinner. Just before the excellent feast, the group good for one minute of silence, in respect for the late Arthur Lamhaune, for years sponsor of the championship Corner Cafe team.

An elaborate speaking program followed the dinner. Among the speakers were Lou Vincente, Chairman of the League, who thanked all the managers for the cooperation given to the league during the season. Mr. Vincente presented Al Giusti, the League's Secretary to the Scranton Knocks, with a gift from the various league teams. Mr. Giusti in his response stated that it was a pleasure to be associated with the Northern Berkshire League, and that another year would see the League functioning as well as it has in the past.

Tribute to Sanecki

The next speaker was Jack Washburn, Personnel Manager of the Sprague Electric Company, who reviewed the past softball season, and declared that the game is definitely making hay. The selection of the winners was made after the various teams had played each other. Mr. Giusti presented Al Giusti, the League's Secretary to the Scranton Knocks, with a gift from the various league teams. Mr. Giusti in his response stated that it was a pleasure to be associated with the Northern Berkshire League, and that another year would see the League functioning as well as it has in the past.

P.S. Rose's team is still waiting for the annual dinner.

Congratulations to Mr. and Mrs. Frank Leth, who are the parents of a young daughter. Connie, the mother, worked with us during the summer vacation period.

Our deepest sympathy to Edward Morrisey in the recent death of his mother.

On Navy Day, we could call that Helen Barcik's heart was down in Saturday afternoon, Paul Sanford stopped to talk with a young chap on Main street. The young man turned to another young man, and asked Paul:

"Do you know this guy?"

Paul looked at the stranger (17) and was surprised to see his son, Robert, standing there. Being a student at Goddard College, paid his parents a surprise visit.

Softball League Holds Annual Dinner

The Northern Berkshire Softball League brought its 1946 season to a successful close on Monday, October 28th, with the American Legion League defeating the Western Berkshire League, including players, sponsors, umpires, and guests gathered at the Corner Cafe Restaurant for a turkey dinner. Just before the excellent feast, the group good for one minute of silence, in respect for the late Arthur Lamhaune, for years sponsor of the championship Corner Cafe team.

An elaborate speaking program followed the dinner. Among the speakers were Lou Vincente, Chairman of the League, who thanked all the managers for the cooperation given to the league during the season. Mr. Vincente presented Al Giusti, the League's Secretary to the Scranton Knocks, with a gift from the various league teams. Mr. Giusti in his response stated that it was a pleasure to be associated with the Northern Berkshire League, and that another year would see the League functioning as well as it has in the past.

Tribute to Sanecki

The next speaker was Jack Washburn, Personnel Manager of the Sprague Electric Company, who reviewed the past softball season, and declared that the game is definitely making hay. The selection of the winners was made after the various teams had played each other. Mr. Giusti presented Al Giusti, the League's Secretary to the Scranton Knocks, with a gift from the various league teams. Mr. Giusti in his response stated that it was a pleasure to be associated with the Northern Berkshire League, and that another year would see the League functioning as well as it has in the past.

P.S. Rose's team is still waiting for the annual dinner.

Everybody everybody is looking for the right people.
