Berkshire County - - Mecca For Fall Foliage Show

Focal Point for All New England

Thousands of tourists crowd highways

Bumper-to-Bumper Traffic... Hotels and Restaurants Turn Away Hundreds... Ideal Weather for Football... Foretells of Approaching Winter... Check Your Fuel!

By Kit Carson

"The night was like a rainbow... New fallen from the sky..."

—George Cooper

When George Cooper wrote his classic poem "October Party", he must have had the annual splendor of our Berkshire Hills in mind. Year after year, Berkshire County is the mecca for tourists who come from all parts of the country to enjoy the beauty of our Fall Foliage Show.

After the curtain is rung down, feeling they have witnessed a spectacle unmatched for sheer beauty.

All Set - Action!

What action takes place again, this brilliant stage setting? Well... it's about the same, each season... bumper-to-bumper traffic on the Mohawk and Taconic Trails... Restaurants and inns running out of food, hotels and over-night cabins taxed beyond capacity — all turning away hundreds of sleepy-eyed tourists.

This Fall, we have been favored with exceptionally fine weather — Nature's answer to that old saw "If you don't like the Berkshire weather, wait five minutes." It has been excellent for football, and many thrill-providing games have been played by our High school and Semi-pro teams.

While on the subject of weather, let's not overlook the fact that "rule Winter, cradled old fellow" inflicts hard on the heels of Fall, so don't forget to check on that winter coal supply — and those of you who are not "privileged" to shovel coal and to sift ashes must remember to have your oil burners checked.

Hunting season is here and local sportsmen will roam the hills in search of game. Of course, many of who do not hunt, will get a thrill from raking and RAKING your lawn — and if at times, the sport seems a bit dull — well... just hold up a while and wait for a browse!

Perennial Golfer

Yes, softball has given way to foot-ball, and the Hodgers have given way to the Yankees, but the hardly golfers are still pooking around in the leaves searching for the little ball that took an "unheavily" bounce. They in turn, will give way reluctantly to the frigid blasts of winter—and then, only when the depth of the snow will no longer permit the use of even a RED ball.

The time is here to drag out the

No fires and 3 hospital fires, to say nothing of statistical record that 90 percent of all fires are preventable. Think of it! Every day there are 1,920 fires, 760 are in homes, 140 are in stores and 80 in factories. Every day there are 6 church fires, 8 school fires and 3 hospital fires, to say nothing of motor vehicle, restaurant, hotel, and theater fires. You can help to cut this down high this weather.

Yesterday Lillian Tinkham and husband celebrated their 25th wedding anniversary. They were accompanied by several friends who had driven up from nearby towns. The ceremony was simple and private, with only immediate family and a few close friends in attendance.

Milk was needed, so the couple decided to rent a helicopter to fly in a supply of milk. It was a successful operation, and everyone was pleased with the outcome.

The newlyweds then enjoyed a romantic dinner at their favorite restaurant, followed by a night of dancing and celebration with their guests.

Mr. and Mrs. Joseph Pinsonneault married September 15 at Notre Dame church. The bride is the former Theresa Giroux of Beaver. The couple plans to start their life together with a trip to Hawaii. They will then settle in their new home in St. Francis church.

Mr. and Mrs. Peter Cardon, Cardon is the former Lena Veit, married September 3, 1947. Mrs. Cardon is a native of Beaver.

Pado Ziporine — Miss Sophie H. Ziporine became the bride of Thomas Pado, October 5 at St. Stanislaus church. Sophie is employed in the Resistor Department.

Scott-Watts — Miss Barbara Emily Watts became the bride of Robert Scott on October 11 at Notre Dame church. Mr. Scott is employed in the Sample Department.

Manchini-Fachini — Miss Mary Jane Fachini became the bride of Charles Manchini on October 14 at St. Anthony's church. The bride is employed in the Paper Ignition Assembly Department.

Ackerman-Sullivan — Miss Lea Von Sullivan was married to William Nathan Ackerman of Sandy Hook, Conn., on October 4 at the First Baptist church. The bride is a member of the F. P. D. Department.

Michalbros-Krysten — Miss Mary Ann Krysten and John Michalbros were united in marriage on October 11 at St. Francis church. The bride is employed in the Boxing Department.

Racette-Jones — Miss Eleanor Mae Jones became the bride of Raymond Edward Racette as the First Methodist church, October 4. Both Ray and his bride are Sprague employees, Eleanor being a member of the Industrial Oils Refrigeration Department and Ray of the Dry Test Department.

A party was held by the co-workers of Leah Ackerman who was recently married. Leah was presented a purse and a good time was had by all.

Emilia Rosado celebrated her 25th wedding anniversary with a dinner for the immediate family. The dinner was served at the Springs Inn. Emilia received many beautiful gifts.

Mary Schubert and Mary Roberts were married on October 4 in Albany, recently. Ella Marney and Mary Roberts came home empty-handed from the bingo party they attended in Bennington.

Better luck next time.

It is reported that Victoria Plamena goes to the movies to catch up on her sleep.

Francis Messina, how about giving us some hints on how to be lucky... We could use some luck, too.

Dry Tubular Finish

**Sprague Girls Form Bowling League**

The Sprague girls have formed a Bowling League consisting of four teams: the W. E. R. Rollers from Marshall Street, the Bearcatteers from Beaver Street; the Independents, and the Idle Oil's, from the Brown Street Plant. The Sprague girls selected a treasurer—a treasurer and a secretary. The Secretary is Margaret Witzig from Beaver Street, and the Treasurer is Lillian Campbell from the Brown Street Plant. Because the League is so small, they hope to elect a President or Vice-President.

**Basketball Team for Girls**

The girls from Sprague’s who formed a girls’ basketball team last winter are ready to launch a new season in the near future. This year, they will definitely be recognized and when they win on the court with their nifty uniforms (furnished by the Company they work) (ah) they will be a class looking outfit. Coached by Bro. Regis—a real sports-minded girl if ever we saw one—the squad should really give all opposition a real scrap—more on this in a later issue.

**Invitation to Join the Aquatic Club**

With summer sports over, and the chill of fall well in the air, the lovers of water sports will seek a new outlet in bowling, basketball, roller skating, etc. This brings us to the North Adams Aquatic Club, which operates at the Y.M.C.A. All interested swimmers are especially asked if they will aid in becoming members of this group. The welcome mat is down and you girls, who are interested in this type of sport, should avail yourselves of this opportunity. Members of the Club have been urged to make known to you that the Aquatic Club exist—and all interested, should either get in touch with Mr. Sample or the Secretary of this Club. The next issue we will be able to list all these new members and some of their wins.

**THE GRAPEVINE**

The other morning, Tom (Daniel Brown) DeMarco looked out the Plant Department window towards But-rickville and saw what he thought was a big buck on the hillside. He thought the animal must be hungry and had come down from the mountain for food. He quickly spread the news around and pretty soon everyone was as excited as Tom, though some of them tried to get Tom’s got, saying it was just a cow. But Tom, being a good hunter, was sure there was a big “buck”... Said he could tell by the horns. Later in the day, a deer was moving the buck into the woods. Imagine Tom’s embarrassment when upon closer inspection he discovered that it was a stag all told! We all run to the Lunchroom as fast as we can; you will see twelve o’clock ever come. Then we’ll know that the day isn’t over yet, for it’s getting late. You’ll never see a stag all told! Tom said “I knew it wasn’t a deer when I saw him sit down.”

By Shirley Melfiende

Personalities in the Department: Hazel Camadino and her songs... Thessa Fisher, who wants a skirt... Delphine Regaioli, who always makes bonus... Vickie LaMore with her flower... Shirley Melfiinde, who always speaks—gals! What would Betty Fletcher do with—pooh! We welcome to Dorothy Belding, Alice Dupuis. We hope you like working with us.

**The Night Shift**

Welcomes "Red" to our staff... "Red" grew to our force... how does it feel to be a “night hawk”? Red! We welcome: Elmer Fountain, Harry Dubi and Art Russell. By the way, would someone please give Elmer a pair of high-heeled shoes—those values are pretty far from the floor.

Ted Gerowski about to put on some of his patent- ed specialities against Frank Santelli: Lou Viered ette keeping a careful eye on a show pitched by Andy Montgomery: Bill Pasotti in a characteristic pose.
