The Marshall Street water tank is wearing a coat of silver these days with large, black letters spelling out "Sprague Electric Company". We remember when it was black with white letters saying "Arnold Print Works".

Company Wins Merit Award

Sprague Electric Company is one of the companies operating plants in Massachusetts to receive a Merit Award for the best financial reports to employees for the year 1949.

The award was presented by Roy Williams, Executive Vice President of the Associated Industries of Massachusetts, to Mary Connelly, Sprague Electric LOG Editor, who represented the Company at the presentation ceremonies in Boston on October 18.

This is the second year for this contest which is sponsored by A.I.M. in an effort to encourage better industrial communications. More than three hundred and fifty companies entered the contest this year.

While the LOG played a very minor role in winning the award, we are happy to take a bow in acknowledgment of the honor we were privileged to accept for the Company.

Fishing Contest Winners

Seven lucky boys and one girl are lining up for the prizes in the Fishing Contest which closed October 1. As it happens, the honors are pretty evenly divided between the three plants which gives all of us a stake in the fun.

The following will receive poles, reels, line, landing nets and other fishing equipment for taking first place in the eligible class competition:

**Northern Pike**
- William Schink

**Pickerel**
- Edward Pettibone

**Largemouth Bass**
- Helen Jobin

**Native Trout**
- Tommy Dion

**Smallmouth Bass**
- Stanley Bagdon

**Perch**
- John Sullivan

**Brown Trout**
- George Beverly

**Bullhead**
- Ernest Robert

Congratulations to the winners! We hope there will be even more entries when we open next year.

Management Club Changes Bylaws

The Management Club has announced a change in its bylaws which will broaden the eligibility for membership.

Henceforth, eligibility was restricted to officers of the Company, plant, division or department heads, foremen, and those who supervise self-contained departments in the production phase of the Company.

Under the new bylaws, this restriction to production only has been eliminated thus granting eligibility to those in all other departments such as Engineering, Purchasing, Accounting, Payroll, Sales, Cost etcetera.

Anniversary

Mr. and Mrs. Bertrand Peters celebrated their twenty-fifth wedding anniversary on October 10. Bert works in the Machine Shop.
**BOBBING FOR APPLES**

Those of us who have taken part in the typical sport of bobbing for apples at a Hallowe’en party know that the person who goes about it in a deliberate and business-like manner always comes up with the apple. He also comes in for a great deal of moral support from his audience while he is trying to get the apple in his teeth. Maybe the moral sup-
port helps more than his audience realizes.

We should remember that the United Nations organization has worked and is continuing to work for world peace; it works for us if we require its continued support; we can actively help it in our everyday living. If we read about it and think about it, we can lend support enough to make it work. In other words, we can assure ourselves of coming up with the apple of peace in our teeth.

**WE CAN LEARN THESE THINGS**

Learn to like what doesn’t cost much. Learn to like reading, conversation, music.

Learn to like plain food, plain serv-
vice, and plain cooking.

Learn to like fields, trees, woods, breaks, hiking, rowing, climbing hills.

Learn to like people even though some of them may be different from you as the Chinese.

Learn to like to work and enjoy the satisfaction of your job as well as it can be done.

Learn to like the songs of the birds, the companionship of dogs.

Learn to like gardening; potting around the house, and fixing things.

Learn to like the sunrise and sunset, the beating of rain on the roof and the sunrises, and the gentle fall of snow on a winter day.

Learn to keep your wants simple, and refuse to be controlled by the fancies and dislikes of others.

**FALL FOILAGE FESTIVAL**

(1) If you look carefully, you can spot Mr. and Mrs. “Wash” Santelli among this group of interested spectators. (2) Natalie Garafano, of the Sales Office, models in one of the store windows. (3) A group of models for the festival. Front row, far left, Sally Hillard, daughter of Mable of the Employment Office; front row, second from right, Joan LaPierre of the Sales Department; front row, third from right, Natalie Garafano of the Sales Office; back row, third from right, Elsie Delsolino of Check Inspection.

**PAPERS ASSEMBLY**

By Ruth Haskins

Congratulations to Mr. and Mrs. Raymond Roulis of the Satellite among this group of interested spectators.

The young man has been named Nelson Raymond.

Father works in Ceramics and mother is Mildred of Misc. Paper Assembly.

It is nice to have our clerk, Doris Charm, back with us.

After Wright’s oldest son has joined the U. S. Navy and has left for his training.

Speaking of the Navy, Edel Ferrer’s son has just enjoyed a fifteen-day leave from his Navy duties.

Gardens of Mabel of Misp. Paper Assembly.

Miss of the Sales Office, models in one of the store windows. (3) A group of models for the festival. Front row, far left, Sally Hillard, daughter of Mable of the Employment Office; front row, second from right, Joan LaPierre of the Sales Department; front row, third from right, Natalie Garafano of the Sales Office; back row, third from right, Elsie Delsolino of Check Inspection.

**PAPER IGNITION ASSEMBLY**

By Doris Charm

We want to welcome all the new people in our department.

Having a pencil sharperer of your own is quite an asset, Raymond Blair, but we hope you have given it back to your little daughter by this time. She must have missed it.

We are willing to bet that Emma Barnes will never ask Marianne Combs to correct a mistake in her crocheting again. Marianne ripped out three inches and all Emma had done was forget to double crochet.

Sophia Emily is very proud these days. She’s a grandmother now!

Speaking of hobbies, here we have Felix Chapareden, of Dry Rolling, juggling four plates in the air twenty-five years ago. And then, we see him balancing a plate and a lamp on his nose. That was twenty-five years ago, too, but it is still good.

MISC. PAPER ASSEMBLY

By Velma Lincoln

Anniversary greetings go to Mary Zito from the gang.

Catherine Marra visited New York City on October 6. The mother is Mildred of Misc. Paper Assembly.

Gwendolyn of Brown Street switchboard and the baby is the grandson of Arti Mathews, Safety Director, and Mary Mathews of Sales.

**OUR SAFETY CORNER**

If You Want to Read With Your Eyes...

**BROWN STREET REPORTERS**

Marion Andrews, Carol Bellard, Phyllis Brooks, Mary Bua, Janet Cady, Josephine Cappello, Marie DeManci, John Davis, Charles Felix, Victor Gay, Lenor Harrington, Ann Hay, Elizabeth Jangrow, Georgiamee Joy, Gladys Kirkpatrick, Helen Lesure, Maria Mancini, Jean Mahoney, Mary Markland, Rita Samia, Rita Siciliano, Anna St Cyr, Blanche Tatro, Corena Tatro, Connie Urban, and Isabel Withrow.

**BROWN STREET REPORTERS**

Excella Cullahan, Mary Huntz, Isad Grippo, Mabel Harvey, Laurence Herrer, Isadore Hydencin, Virginia Kenney, Mario Magnanti, Enzo, Mike O’Grady, Edward O’Neill, Cecile Ricci, Roma Romagys, James Shau.

**SHAKAR - BALIAKOS**

Miss Clara Balakos, of Dry Rolling, and George Shukar, of the Stitches Department, were married on October 8 in St. Francis’ Church. After a wedding trip to Washington and New York City, the couple will be at home at 22 Braecowell Avenue.

It’s time to get our thinking centered toward Christmas if we are going to be among those who can sit back and enjoy the pre-Christmas season. All these attractive gifts can be made for little money and not too much effort. Think of all the pretty things we can have made and tagged for the day actually comes. Directions for making any or all of the items pictured above can be had at the Beaver Street Dispensary for the asking.

**BROWN STREET BRIEFS**

**WIRE COATING**

By Betty Jangrow

Little minds at work: Pete LePage’s six-year-old son, Peter, thinks it was the boys of Columbus to discover America. So boys can have a day off from school on Columbus Day.

Lucille Miller’s young daughter, Beverly, made a cardboard house for her kittens. In front of the doorway she placed a sign reading, “Don’t stand so boys can day off from school because they are too little to read yet.”

Helen Burdick’s grandson, Rocky, is planning a flight to Santa Claus’s house to get a dart set.

Corina Tatro thinks her grandson is very smart. He’s so smart that he gets what he wants out of his grandmother.

It’s a god-given right for men to want to work in order to live respectably. Until it is determined which serious constructive work is in- tended by this simple recipe: Wash, core and quarter the apples. Pour into sterilized jars and seal. It will be delicious with pork chops or any other meat during the cold months ahead. Or it will be divine in a special sauce cake.

**INDUSTRIAL OIL ROLLING**

By Helen Leisure

Well, now that the World Series is over and the sprees of the Festival has been chosen, we can settle down to normalcy. Oh, oh, I spoke too soon. Forget that normalcy business for we see Peg Whiter, Helen Unis, Mamie Sweitzer, Ida Mansen and Jeromy coming through the door on their return to work. Never mind, girls, we love you all and are glad to see you again. Now, get to work.

Al Giusti took a week off and went to the World Series via television. Anyway, he didn’t have to wrestle with a million people.

Mille Moreau, office girl extra-ordinary, did get to see a Series game and is spending her second week resting up from it. Happy vacation, Mille.

This is a short column this time and I apologize. But I’ve got a cold to cure so I’m off to the medicine cabinet.

**INDUSTRIAL OILS**

By Ann Heath

Welcome back, Elva Hurlbut. It’s good to see you again.

Nellie Hall is back and feeling well after her illness.

We had a surprise visit from Tom Ferraro the other afternoon. He likes college and is doing a good job of it.

The listeners enjoyed your singing, Bill Sheldon, and hope you are on the air soon again.

Congratulations to Elizabeth Maynard. We hope you have a lot of fun with your new Chevrolet. Some class!

We wish Helen Unis would snap out of the day dream and come back to us. We miss the old Helen.

All we hear around Industrial Oils is “Let’s have a Hallowe’en Party.”

Welcome back, Elva Hurlbut. It’s good to see you again.

By Chick and Chuck

Bill Pierce is enjoying his annual vacation and Rod Cerwinski is enjoying his annual head ache.

Lucy Abesi had a good weekend in New York City recently.

Welcome back to all the girls who have returned to the fold.

We extend sincere sympathy to Mable Jones on the loss of her mother and to Florence Toyne.

Joe Moreau spent a weekend in New York at the World Series.

Helen John enjoyed a fishing trip to Lake Champlain the weekend of October 8.

We wonder if Alie Joseph has had time to use the pop-up toaster the gang gave her?

**MOLDED TUBULARS**

Final Soldering

By The Busy Bass

We would like to welcome the new girls on our line. Hope they enjoy working with us.

We wish Johnnie Ghidotti would give us more of his curly hair, especially since those of us with early hair.

We are glad Bessie Paradis got her license. Be careful, Savoy pedestrians.

We wish Florence Grew’s husband speedy recovery.

Congratulations to Colleen Phillips on her recent marriage.

"American efficiency is that dominable force which neither known nor recognized obstacles; which with its back to the wall breaks aside all obstacles; which continues at a task once started until it is finished, even if it is a minor task; and without which serious constructive work is inconceivable." - Joseph Stalin

“Foundations of Leninism”, Vol. 18

**NAVY RESISTORS**

By Blanche Tatro

Birthday greetings to Bertha Vaughan and Eloise Lewis.

Mary Schubnel is back with us. We hope your stay will be a long one, Mary.

Daisy Allen and Elaina Cole, we hope you will like to work with us. We like having you.

Knitting is still going strong at noon. Blanche Tatro is making a sweater and Bertha Vaughan is working on cable mittens.

Blanche Tatro has purchased a new Bendix and is “taking in” washing with a little charge, of course.

News will be a little bit more now that our girls are coming back — I hope!

---

**APPLE CROP**

If we believe the old adage about an apple a day keeping the doctor away, we can all look forward to a winter of health and happiness if we want to take advantage of the large apple crop this year.

The commercial output of apples is expected to reach 136 million bushels before the season ends. That means there will be as many apples as we can possibly use.

As most housewives know, the apple is one of the most adaptable of fruits. They fit into almost any meal in some capacity. For instance, we can use apples in fruit cup or a fruit salad; in a vegetable combination such as cole slaw; in stuffing for pork or poultry; and in many kinds of dessert. We can stew them, fry them or bake them and we can serve them in the built-in oven — polished.

In preserving, too, there is wide choice. Apples may be canned — as Quakers or saucy. They may be frozen or we may make them into butter or jelly.

Delicious apple sauce may be made by this simple recipe: Wash, core and quarter the apples. Add just enough water to keep them from sticking and cook until tender in a covered pan. Put through a colander to remove the skin. Sweeten to taste, add a little lemon juice, a little cinnamon, cloves and ginger and return to the stove for five minutes. Pour into sterilized jars and seal.

It will be delicious with pork chops or any other meat during the cold months ahead. Or it will be divine in a special sauce cake.

A free booklet called APPLES, SUG-GESTIONS AND USE may be had by writing:

*1 Patricia Stackpole, daughter of Bernie of Networks. 2 Albert Volpi Jr., grandson of Helen Burdick of Wire Coating, leaves home for his first day at school. 3 Pauline Mazziotti, daughter of Isabelle Mazziotti of Dry Tubular Finishers. 4 Harvey Joy, three-year-old grandson of Grace Joy of Industrial Oil Stenciling, with his birthday cake.

---

**HALLOWE’EN**

Children consider Hallowe’en their very own special occasion. They fly in and out of the house in a high state of excitement. On one of their brief visits greet them with a trayful of cookies and a cheering drink. In this way you may be able to persuade these exuberant children to sit down and take a breathing spell, and also get some nourishment into them! Give their cookies with funny faces, and cut-shaped cookies (or perhaps you will have another idea) to attract and tempt them. Paint a black number 13 on your glasses (easily done with water colors which will wash right off afterward) for another lure in keeping with Hallowe’en.

An ideal for your centerpiece on this day is to fill a hollowed-out pumpkin with autumn flowers and leaves. This is a decorative use and one which you may well see on many other fall occasions.

Use the following recipe for the cookies — the dough is excellent for cutting fancy figures because it holds its shape.

**Orange Fancies**

1 cup shortening
2 cup sugar
1 cup ready-to-eat bran
1 cup flour
1 teaspoon baking powder
1 teaspoon salt
Dash of cinamon (or desired)

Blend shortening and sugar thoroughly. Add egg and beat well. Add bran. Stir in baking powder and salt together; add to first mixture alternately with orange juice and cinnamon. Chill. Roll out dough to about 1/4 inch thickness, working with a small amount at a time and keeping remainder chilled. Cut with round or fancy cookie cutter. Bake on ungreased baking sheet in moderately hot oven (375°F). 10 to 12 minutes.

Yield: 4 dozen cookies (2 inches in diameter).

**Decoration Notes:** If you don’t have a cut-shaped cookie cutter — cut the shape of a cat out of heavy cardboard. Lay the cardboard pieces on the dough and cut around them with a knife. Raisins and chopped nuts are easily applied on the cookie dough to make Hallowe’en faces.

**High School Football:**

Drury fell before Pittsfield High at Noel Field. The final score was 32-6. It’s Hallowe’en, just too big and experienced for Drury, who is in the rebuilding stage.

Once again, Drury showed a better second half effort, but trailing by three touchdowns was too much. The powerful plunges of Peronne and the play of Don Morehead sparked the attack. Altogether the entire Fox coached eleven proved to be a well-knit ball club and should assure the Berkshire County Championship after a long 13 year period lapse.

**Ceramics**

By Isa Gigliotti

We welcome back Virginia who has just returned from a temporary lay-off.

Greetings are extended to Frank Livesey who is replacing Louise as our check inspector. We hope you will like working with us, Frank. Louise was given a farewell gift by the “gang” and was so surprised and pleased with the travelling bag she took a short trip around the table just so she could feel better.

Congratulations go to Raymond Brourllett who has become the proud father of a bouncing baby boy. Ray is strutting around the place like a proud peacock.

Yours truly is going on vacation at last long. I’m taking off for the sights of Little Old New York, and will take you on my return. In the meantime, carry on. I hope you miss me a wee bit.

Trueheart looked good for Drury and this boy is only a sophomore. Drury has yet to score a victory this season.

Adam High broke into the win column on Saturday, October 15, when they eked out a 22-21 decision over Deerfield High. This game was replete with thrilling plays and although Adam led at the outset Deerfield continued vigorously and pressed on until the final gun sounded.

Although neither Drury or Adams have been very impressive this year, the traditional clash between these two rival teams should be a honey.

**"Yankees Win World Series"**

The N. Y. Yankees needed only 5 games with the Brooklyn Dodgers to win the World Title.

The pitching in the series surpassed the hitting which was very light over the first three games.

Twenty strikeouts were recorded in the opener by both pitchers — Reynolds and Newcombe. Extra base blows were a rarity.

The Yankees received steadier pitching as the Series progressed and the batting became more potent where at the fielding and hitting for the Dodgers seemed to fade.

All relief hurler Joe Page was a great asset to the Yankees as had been in the case during the current season.

Altogether it was a fairly good series and the Yankees were the better team and deserved the title for they withstood injuries, press predictions about collapsing, the belated surge of the Boston Red Sox, to come roaring back for the flag and the World Series Championship. Congratulations to the Yankees and all Yankee fans.

**William College Football:**

The “Purple”, after winning an easy opener over Norwich fell before the onslaughts of a well-equipped Trinity eleven. The Williams team made it a real ball game for the first half and trailed by only a point — 14-13.

The “Ephemere” started with a rush as they scored twice with lightning rapidity in the opening period. Meanwhile the Conn. boys had tallied once.

When the 2nd half opened Williams seemed to disintegrate and the wall came crumbling down as Trinity literally poured through a leaky defense to turn a tight-good ball game intoa rout — final score 33-14.

Trinity has a great team this year and the consensus of opinions is that this club may enjoy an undefeated season. Just what caused the College town kids to blow up is a mystery to us, as we believe that Williams has a finer team than that score would indicate.

The following week Williams journeyed to Rochester and here they kicked-off to a win with a convincing 58-0 score.

In this contest Williams was superb. Three goals in the opening periods, this eleven was at its best when they rolled up and down the field to amass 53 points.

The second half was scoreless but it was continuous pressures that bogged down the offensive threat. One admittance was Williams, because of a detected off-side play. Altogether the Berkshire team was tagged with a near total of 8 penalties. All the boys who made the trip saw action.

However the “Purple” looked very good in this win as the blocking and tackling were the two improved factors while the backs were alert to all breaks that occurred during the course of the afternoon play.

In their most recent outing the Williams eleven played their banner game of the season when they buried a heavier foe — Bowdoin. The lads from Williamsburg had an incentive for this game Becton was confined to his home under a Doctor’s care. The “Purple” did them proud and played head’s up football throughout the game to rout their worthy adversary 33-16.

If the encounter with Bowdoin is a sample of the type of ball Williams plays for the rest of the season — the Little Three Title will be taken by “Ephemere”.

Yes-sirs— the “Purple are on the Move”. The type of ball shown on Western field is worthy of your patronage.

**“Remember Follow the “Purple”**

By Fred Ruch

We welcome back to the department: Mary Ziaja, Lillian Bingham, Agnes Fitzgerald and Vida Dempsey.

All the girls in our department have taken up a new hobby. Believe it or not, they are fixing their own files. Vida Dempsey thought the sky was going to hit her head when she got into that new convertible. Or were you nodding as someone, V?

Of course, everyone has a hobby. Our tester, Mary, is a real football fan.
