Installation of New Transformers at Marshall Street

In the middle of 1943, the Sprague Electric Company took over Building 14 at Marshall Street for the manufacture of gas masks. Our electrical requirements at that time were small and the company installed a bank of three 200 KVA transformers from 22,000 volts to 550 volts, 3-phase, 60-cycle current, having a total capacity of 600 KVA.

The following year in order to make room for expansion the Marshall Street property was purchased and a bank of three 500 KVA transformers, receiving voltage at 22,000 volts, and transforming it to 550 volts, was installed. The total capacity of this bank was 1500 KVA.

In keeping with the company's expansion program, the next step was the installation of a new transformer bank having a total capacity of 1200 KVA, receiving voltage at 22,000 volts, and transforming it to 550 volts. Corresponding switchgear and generator sets were purchased for 13,000 volts and connected for 13,000 volts and 550 volts. The new volt bank of transformers was eliminated and a large bank of transformers, which was installed in 1943.

The capacity of this bank of transformers is 7500 KVA. It was necessary to scrap all the 13,000 volt equipment, including transformers, switch gear, starting gear et cetera, and purchase new equipment to match the new voltage at 1460 volts. The storage generator sets that were originally connected for 13,000 volts and 550 volts were reconnected to 1460 volts.

At the present time at the Marshall Street Plant, the Sprague Electric Company has an electrical capacity of 12,500 KVA which is considerably more than the original capacity of 600 KVA installed in 1943.

The equipment is arranged to facilitate an increase in the present bank of 12,500 KVA to 15,300 KVA. This gives ample leeway for further expansion.

An idea of the amount of power used by the Company is shown by a comparison with the city of North Adams. The Sprague Electric Company uses about one and a quarter as much power as it takes to supply the city.

Bloodmobile to be in North Adams the First Week of August

The ultimate goal of the National Blood Program is to furnish enough blood and blood derivatives to meet the growing need for transfusions. Increasing demands result from the amazing discoveries made in recent years about blood itself: what it is, what it does, and what things can be produced from it that will prove effective in the prevention and treatment of disease. Many secrets have been unlocked from this fluid that means life itself.

The National Blood Program is carried out under the auspices of the American Red Cross. The blood that is donated by you will be used to help build up the blood bank in your community. From this bank, blood will be furnished without charge to anyone who may need it. The only cost to the transfusion will be the fee charged by the hospital or physician in connection with administering the product.

Often the cost of a single transfusion has ranged from $25 to $60, and one transfusion is rarely enough. More often than not, patients need two, three, four—sometimes 40 and 50 pints of blood to pull them through. This would represent an impossibly heavy sum of money for most people. Care should be taken in the event of the illness or accident. Sometimes the blood can be paid for by replacing the blood of a relative or two or more points for one if a donor can be found in time. Blood donors can do away with this expense and delay.

In North Adams throughout the last few years, a "walking donor" system has been in effect. Sprague employees have very actively participated in this program.

The Sprague Electric Company has an electrical capacity of 12,500 KVA which is considerably more than the original capacity of 600 KVA installed in 1943.

The equipment is arranged to facilitate an increase in the present bank of 12,500 KVA to 15,300 KVA. This gives ample leeway for further expansion.

An idea of the amount of power used by the Company is shown by a comparison with the city of North Adams. The Sprague Electric Company uses about one and a quarter as much power as it takes to supply the city.

Local Scouts Erect Replica of Fort Massachusetts

More than 47,000 Boy Scouts met at Valley Forge, Pennsylvania to hold their second National Jamboree on June 29 through July 7, 1950.

Donald Viens of Sprague Electric Company, who is assistant scoutmaster of Jamboree Troop Number 34 of Region I, New England, is one of the leaders of the two troops which went from Berkshire Council which includes North Adams. There are 31 boys going from North Adams and surrounding communities.

The replica of Fort Massachusetts made by Donald Viens and Joe Crowley, the other assistant scoutmaster, took approximately two months to build. It was made of dry pine logs for which they searched the surrounding mountain sides. The replica was built, carefully checked, and marked for reassortment at Valley Forge.

Genevieve M. Donovan

Miss Genevieve M. Donovan met her death tragically on July 9 when her home at 11 Bracewell Avenue burned at 6 o'clock in the morning. Genevieve was graduated from St. Joseph's High School in 1941 and came to work at the Sprague Electric Company in February of that year. She was the daughter of Mrs. Beatrice Donovan and the late Matthew Donovan. Genevieve worked in Round Midget Assembly.

SUGGESTION AWARD

Mr. Pat LeSage of Dry Rolling is our most recent Suggestion Award Winner. Mr. LeSage received ten dollars for his suggestion concerning a method of keeping foil particles from dropping into the trays of finished work at "DEP crush bottoms."
In the departments, P.A.A. Rolling and P.A.A. Section Test and Solder Department, Fred keeps a schedule of production flowing smoothly for paper rolling, groak rolling, and soldering. It is his responsibility to see that the testing of the goods is carried out and the goods returned to his departments in order to keep the 109 people in these departments busy.

In October of 1948, Fred started in the Methods and Time Studies Department of the Company. He was made foreman of P.A.A. Rolling in June of 1949 and has since also become foreman of the P.A.A. Section Test and Solder Department.

During the war, Fred served in the Navy. He received his commission in June of 1944 and was an instructor until he went to sea on the "Brooklyn" and then served as an assistant navigator on the "Monocot." He received his discharge as a Lieutenant j.g. in 1946.

The Berkshires cannot claim Fred as a native; he was born in Kenton, Port, Maine, but spent most of his younger years in Englewood, New Jersey. After his graduation from Williams in 1947, he decided to make his home in Williamstown. He just could not resist our Berkshires. The answer to this is probably that Fred is such a sports enthusiast. He belongs to the Pittsfield Riding and Polo Association where he plays for the Pittsfield team and refereed polo games. When he is not playing polo, he might be found hunting or fishing. He is accompanied on his hunting trips by "Jane," his three-year old Gordon setter who recently caught Fred a few beehives when she stole one of the neighborhood boys' baseball glove. Not only did she steal it, she buried it. That is one way of hanging on to things. In the Winter Fred gets up to Big Bromley as often as he can to ski, and serves as a member of the Ski Patrol. A little closer to home he acts as treasurer of the Stonyledge Ski Club in Williamstown.

Whenever you see a red jeep with an aluminum top, it will probably be Fred shuttling between Beaver Street and Brown Street.

Never Judge By Appearances!

Coronet magazine tells the story about the middle-aged couple who called on President Charles W. Eliot of Harvard.

The visitors wanted to help young men get an education as a memorial to their own son. Dr. Eliot asked if they were thinking in terms of a scholarship. They replied they had something more on their mind — maybe a new building. Dr. Eliot continued: "Merit and good breeding will make your way everywhere. Knowledge will introduce you, and culture will endear you to the best companies."

"You should have," he told his son, "an absolute command of your temper, as to not to be provoked to passion any amount; patience to bear frivolous, important, and unreasonable remarks; with tact enough to take, without being offended by, or your manner of granting, to double the obligation."

"There is hardly any place," he said, "for any company, where you may not gain knowledge, if you please; almost everybody knows some one thing, and is glad to talk about that one thing."

"Do not be discouraged by the first difficulties."

"But I am not afraid of asking questions."

"Consult different authors upon the same facts."

"Avoid speaking of yourself if it be necessary."

"Neither retail or receive scandal willingly."

"Keep an account in a book of all that you receive, and of all that you pay."

"Mind your diction."

"Tell stories very seldom, and absolutely never but where they are apt and very short."

"Observe the most solemn and dispassionate manner of your character."

"Study the mind and heart of man, and begin with your own."
You Wouldn't Drive Blindfolded — But... You're doing just that if you fail to take proper care of your car, particularly your windshield, lights, rear-view mirrors, wipers, and other aid to better vision.

Besides checking this equipment regularly, it's a good idea to carry extra light bulbs, face, and cleaning cloths. This is convenient and a good idea — one you should adopt if you are not now doing it.

Causes of Fatal Accidents

Latest statistics available show that in one out of every five fatal accidents the driver's vision was obscured. Two out of five of these obscurances were on the vehicle itself, such as rain, snow, or sleet on the windshield. Unsafe vehicles, according to the report, contributed to 13 percent of fatal accidents, and improper lights were listed as one of the major defects reported.

You know how much more entrainable is it to drive your vision if not obscured. Dirty windshield, window, or rear-view mirrors can be mighty irritating and distracting. Then, too, knowing how the other fellow's light bothers you at times you can well imagine his discomfort when you drive with improper lights.

Ordinarily, you can make sure that the equipment on your own car is in proper condition, and it is a good idea to check it often. Consult with your mechanic if your lights need adjustment or if equipment is in need of repair or replacement.

And don't forget if you are troubled with headaches or other eye discomfort during driving, it may be an indication that your vision is faulty. Have your eyes examined regularly just as you arrange for periodic physical and dental check-ups.

Molded Tubulars — 1st Shift

By "Two Eyelets"

Gert Lafortm was given a house warming by her co-workers when she recently purchased a new house. Gert was very pleased with the gift she received.

Mary Blair who was the former Mary LaMonte, aged 70, moved to Lake Champlain. Mary was given a purse of money and gift from the people in her department before she left. We wish you a long and happy married life, Mary.

Eva Carter and Mary Yolp celebrated their birthdays recently and were given gifts and a cake from the Birthday Club.

Margaret Thomas who is to be married to John Keyston July 15 was given a surprise shower during part of the period one morning recently. Margaret received a lovely set of silver and a set of dishes. She was absolutely speechless with last very pleased.

The following people are enjoying vacations: Frances Dani in New York and New Jersey, Nadie Mercer is visiting in New Hampshire, Erma Allen is enjoying Lake Champlain, Virginia Thompson is traveling to nearby beaches, May Goodner at Lake Hopatcong, Maude Gingras is visiting Niagara Falls, Mary Dean in New Hampshire, Amelia Koza has gone to Atlantic City, Olympia is visiting nearby beaches and Frances Bartlett is spending her vacation at home.

Our sympathy is extended to Lillian Thomas whose mother-in-law recently died, and to Grace Miller on the death of her father-in-law.

Final Soldering — Day Shift

By Janet and Marion

Pauline Perren Tested recently celebrated another 50th anniversary. More of them Pauline.

The spaghetti and meat balls which Eleanor Hall tonight in the center of their party were indeed good, unfortunately, they did not last very long.

Julie Morris was disappointed the other day when the Red Sox were rain out. She was planning to attend the game and root for Ted Williams.

Lillian Babcock went to Narra Hampton the other day and had a good time.

Our deepest sympathy to Ruth Fontaine or the death of her mother.

Wire Coating

By Betty Jangrow

Erie Gamache is back to normal after the hasty bundle of settling his new home.

Congratulations to Mr. and Mrs. Julius LePage on the birth of a daughter, July 5, and to Corena Taito on the birth of a grandson, John Francis, born June 21.

We are happy to have Mark Murray with us during his summer vacation from North Adams State Teachers College. Mark is a Senior.

After all the planning of Jackie Mattimoe on that double header game in Boston, July 4, it had to be rained out. Better luck next time, Mark.

Helen Fouts is having nice weather for her vacation, during which she will visit Boston and Rhode Island.

We wish Mrs. Paul Sanford a speedy recovery from her operation.

Harold Conlin spent a weekend at Lake Champlain and he tells us that he caught a few fish.

Our sincere sympathy to Lucille Miller on the recent death of her brother.

PAA Rolling

By Lottie and Dottie

Vacations were enjoyed by the following girls: Carol Arscell spent her honeymoon at Lake George, Connie Davis had a grand time at Newport, New Hampshire, Vi Dupuis rough it camping in Canada, Molly Serefio enjoyed the salt air at Myrtle beach in Connecticut while Ellen Mofitt Hodges spent her summer vacation at the beach in North Carolina. Margaret Petri
c MICRO�c ording to Lillian Thomas whose mother-in-law repeatedly died, and to Grace Miller on the death of her father-in-law.

Resistor Dept.

By Chick and Chuck

Lillian Russell has returned from her two weeks vacation. She said she visited a number of places including Springfield and Hartford.

Right now, Amelia Lewis, Betty Batterby, Teresa Morey, Carol Rodel and Chuck Currant are enjoying vacations.

Cecilia Kiranusk has left us for a while but we hope to see her back in a few months. "Good Luck," Cecilia.

A number of new girls have started working in the Resistor Department and at this time we wish to welcome the following new girls: Patricia Pozzi, Gene Guimondowski, Betty Vigna, Madeline Follina, Barbara Greissold, Nancy King, Blanche Cob tells, Dorothy Pringle, and Virginia Reese.

Industrial Oils

By Helen Lourchus

Girls, girls, and more girls continue to join our ranks and as usual welcome them with the old Industrial Oil Rolling handshake, a smile and "a hope-you-like-it" greeting. Gang, I would like to have you meet Marion Lowe, Dot Baker, Bernie Geile, Pat Alderman and Frank Miles.

"Smiley" Brooks is back again this summer to help the girls well supplied with material with which to work.

"Arci" Sanda was said to be sorry to leave us for his new job but we did not see any tears streaming down his face. We will miss that famous grin.

The four "Rover Boys", Jack, Jack Sprat, Ken Jones, and Stanley Bagdon returned from their Lake Champlain fishing excursion tired, wet and happy.

Talking about fishing, it looks like most of the girls in the department "hooked" their mates in the month of July. Congratulations are in order for Ann and Ruby Wabing who celebrated their twenty-fifth anniversary; Lena and Frank Nichola who marked their tenth year together, Linda and Harry Mannon who just passed their fourth anniversary, and Ann Heath and her hubby, Miles. Four, and seventy days between these and any other whom I may have overlooked.

Peg Wohler had a busy month and accomplished much — she became a grandmother and mother-in-law.

Industrial Oils

By Ann Heath

The old saying is "June Brides are the happiest brides." It seems as if the tradition is carried out in full because we have seven June brides. Happy Anniversary to Ruby Hubbard, 29 years, Agnes Houghton, 39 years, Dot Pringle, 24 years, Mildred Garner, 14 years, Lena Nicolai, 11 years, and Ann Wabing, celebrated her silver anniversary. Happy all your faces will be as radiant 20 years from this year.

Ruby Hubbard is a very proud mother, her son Edwin Hubbard won the Doctor Gadsby scholarship award. He was graduated from Middlebury, Vermont pre-med school and is now studying at Tufts. Congratulations to Mother and Son.

Final Solderers — Day Shift

By The Busy Bess

Birthday congratulations for June go to Pauline Perrenz, and Vivian Mounis.

Mary Ann Trotter passed her driving lessons if anyone is looking for a ride.

Vivian Belanger, Margaret Cromise, Theresa Mason, Theresa Contoin, Helen Wagner, Florence Clements, Beatrice Donnery, Helen Helton, June Lantaus, and Elsa Dickenson enjoyed their vacations. We all hope that June rains will be back soon.

We recommend a helicopter for Rachel and Eleanor so they will be able to arrive at work on time. The girls certainly look refreshing in their sun dresses during this hot weather.

The dignified office manager was dismayed, on looking out a back window, to discover several employees kneebbling in the alley in a reverent attitude—about a cage game. He returned to the office boy and ordered: "Joe, go down and break up that dice game."

The minister slapped his mind for the next hour, and then he noticed the office boy and the others quietly sneaking back to work.

"Joe?" the manager admonished. "Didn't I tell you to go down and break up that game of dice? What took you so long?"

"I did what you said, sir," replied Joe, with righteous dignity. "But all I had to start with was a quarter."

July 11, 1930
Dry Tubular Finish

By M. Hauptfleisch and M. Faustini

Vacation time has rolled around again and the following people were away during the first two weeks of July: Mildred Faustini who enjoyed the sunshine at Hamptom Beach, Helen LeNaghe who vacationed at Lake Lunderlind in Cambridge, Isabelle Mazetti and Patricia Testrini who were at Lake Hallsgiving and Parkman Lake respectively, and Mary Vezina who was at Old Orchard Beach. Judging from their enthusiasm upon returning, they had a good time.

Misc. Dry Test Finish and Shipping

By Cell Rich

Our congratulations go to Donald Roy, our supervisor, on his wedding the 15th of June. Also to Dorothy Dupras and Flash Racette, both of our department. No date has been set for the wedding but we are all looking forward to it real soon.

Retail Sales

By Hit 'n Run

Doris Patenaude made just finished a quiet vacation resting at home. Maria Magnani is also on his vacation which he is spending fishing. We hope he doesn't get his Father's Day gift, buckle watch, wet.

Beatrice Campedelli recently went to a reunion of all her co-workers who used to work at the Beaver Street plant. He was Hank Gamari's birthday was the 27th of June, at the Heartwellville Lodge. Both girls received a purse of money. Barb Cady, received a purse of money. Barb Cady, our welcome mat goes out to Sandra Lancto, who was graduated with the 1950 class from Drury High School. Don Priori of F. P. Assembly, husband of Dot Priori of Retail Sales.

Ceramics

By Ida Gigliotti

Vacation time has rolled around again and Clara has already taken hers. She spent a pleasant week of fishing up in Vergennes, Vermont.

June has been a popular month for birthdays and our birthday greetings go to Helen Howard and your reporter.

Clyde is wished a special birthday greeting even though we are late in extending to you, the old saying holds, Clyde — it is better late than never.

Congratulations to Bob Buell of Check inspection who was married Saturday.

Sophie Orangei has left for a trip to California and we hope she enjoys herself very much. We are looking forward to her return in the fall.

A C. Dry Assembly

By Joyce Harrington

We extend a warm welcome to the new employees and hope they like their jobs.

It seems that everybody enjoyed themselves over the holidays. Lucie Cazeneuve enjoyed a special week end in Boston where she attended the Red Sox - Yankee game. Jennie Marceau also took in a ball game while visiting her husband in Boston. Doris Grima and her husband spent the holidays at Lake Champlain, fishing. Margaret Anderson had company over the holidays and Alice Pisaio's son was home on furlough. Elaine Fortin spent her one-week vacation at her ranch on Notch Road.

Have you ever wondered why — "Doogie" spends so much time at the dock lately? Could it be the new dock clerk?

Frenchy Richard wants to start his new practice in South America. No comment.

Jennie Marceau is always looking for new cooking recipes. Must be she enjoys cooking or maybe experimenting.

Engineering Office

By Fran Malite

Our welcome mat goes out to Sandra Hish who is to be with us during the summer months.

Bob McPherson is enjoying his vacation in Arizona. We would like to he down there too.

A boy is nature's answer to that else belief that there is no such thing as a perpetual motion. A boy is a growing animal of superlative promise, who can swim like a fish, run like a deer, climb like a squirrel, balk like a mule, bellow like a bull, eat like a pig, or act like a jackass, according to climatic conditions.

A boy, if not washed too often and kept in a cool, quiet place after each accident, will survive broken bones, broken hearts, messed up looks and nine times out of ten, a trip to a Major League ball game in New York with fourteen other boys.

Attending the Drury Prom were Caroline Grant's son, Willie, Bertha Jennings' daughter, Shirley, Doris Landry's daughter, Marie, and Helen Harrington's daughter, Connie.

Machine Shop

By John Walsh

T. J. Rondeau has returned from his vacation.

Ray Fecett of Lowell, Massachusetts, a former employee of the Machine Shop was a visitor during the week of July 4.

Bernard Barnhart enjoyed his vacation moving from North Adams to North Pomfret.

Al Daldso attended the V.F.W. convention in Lowell while he was on his vacation. We hope he had a good time.

Bert Peters is enjoying his vacation, William A. Brown is building a camp on Woodford Mountain and some of the boys are helping him out. Hope he will invite us up when it is complete.

Misc. Paper Finish

By Velma Lincoln

Birthday greetings go to the twins, Doris Landry and Cara Ryan.

Florence Lincoln enjoyed a trip to New Jersey recently.

Gertrude Doss is back after having her tonsils removed at the North Adams Hospital. You won't miss them, Garf.

Elizabeth Hunt, looking very rested is with us again.

Helen Harrington was beard singing "Oh the Sunny Side of the Street." It must be because her daughter Connie, was graduated with the 1950 class from Drury High School and is now working in our Sales Office.

Gertrude Hall's son, Clinton, who recently graduated from grammar school was rewarded for his achievement in scholarship, deportment, and effort, with a trip to a Major League ball game in New York with fourteen other boys.

We are glad to have Elinor Charbonneau back with us again.

Our foreman, Charles Desoires is enjoying his annual vacation.

Bertha Roy's son, Francis, and Ida Foecker's daughter, Janice, were among the 1950 graduating class at Drury High School.

Laura Skowron recently underwent an operation. Best wishes for a speedy recovery, Laura.

Rosella Rider has returned from her annual vacation and claims she had a good rest.

Erminia Sweeny and Angie Pontier of the Industrial Oils Department.

Harry Paeder of Plating and Marie Lemieux of Miscellaneous Dry Test, Finish and Shipping President and Treasurer respectively of the Berkshire Hills Motorcycle Club. A group from the Berkshire Hills Motorcycle Club that attended the field meet in Hoosac, New York. Jamie Modena, son of James Modena of the Automatic Rolling Department.

Dorothy H. Pringle, daughter of Dot of Industrial Oils, was recently graduated from Drury High School. Don Priori of F. P. Assembly, husband of Dot Priori of Retail Sales.
Topping:
summer coffee cakes and give them a look, have a day of vacation for a sports.

Topping: 1 cup sliced peaches (about 6) 1 tablespoon cinnamon 2 tablespoons raisins or currants Sift together flour, baking powder and salt. Beat egg until fluffy. Add sugar gradually, beating well. Combine milk, melted shortening and extracts and add alternately with flour mixture to egg mixture. Spread batter into greased cake pan, 8 x 8 inches. Arrange sliced peaches on top of batter, pressing the slices into the batter slightly. Sprinkle mixture of sugar, cinnamon and raisins or currants over peaches. Bake in moderate oven (350 degrees F.) 40 minutes. Makes 1 coffee cake.

Spicy Peach Fluff
1 cup sifted enriched flour 1 teaspoon baking powder 1 teaspoon salt 1 egg 1 cup sugar 1 cup milk 1 tablespoon melted shortening 1 teaspoon lemon extract 1 teaspoon vanilla extract

Apple Cheese Cake
1 1/2 cups sifted enriched flour 1 teaspoon baking powder 1 teaspoon salt 2 eggs 1 cup sugar 1 cup milk 1 cup shredded nippy cheese 1 cup sliced apples (2 medium) 1 cup brown sugar 1 teaspoon cinnamon 1 tablespoon melted butter or margarine

Sift together flour, baking powder and salt. Cream together shortening and sugar until light and fluffy. Add egg and beat well. Add dry ingredients alternately with milk, mixing well after each addition. Blend in cheese and butter into a smooth batter. Pour into greased, lined 8-inch pan. Arrange peach slices on top. Combine brown sugar, cinnamon and butter or margarine and sprinkle over top of apples. Bake in moderate oven (350°F) about 35 minutes. Makes 1 8-inch coffee cake.

Spicy Peach Fluff
1 cup sifted enriched flour 1 teaspoon baking powder 1 teaspoon salt 1 egg 1 cup sugar 1 cup milk 1 tablespoon melted shortening 1 teaspoon lemon extract 1 teaspoon vanilla extract

Apple Cheese Cake
1 1/2 cups sifted enriched flour 1 teaspoon baking powder 1 teaspoon salt 2 eggs 1 cup sugar 1 cup milk 1 cup shredded nippy cheese 1 cup sliced apples (2 medium) 1 cup brown sugar 1 teaspoon cinnamon 1 tablespoon melted butter or margarine

Sift together flour, baking powder and salt. Cream together shortening and sugar until light and fluffy. Add egg and beat well. Combine brown sugar, cinnamon and butter or margarine and sprinkle over top of apples. Bake in moderate oven (350°F) about 35 minutes. Makes 1 8-inch coffee cake.

Toffee-Topped Fudge Cake
1 cup sifted flour 1 teaspoon baking powder 1/2 cup shortening 1 cup brown sugar 1/4 cup milk 1/2 cup chopped nuts

Sift together flour, soda, salt, sugar, 1/2 cup brown sugar and cocoa. Add shortening and buttermilk or sour milk. Beat two minutes. Add egg yolks and vanilla extract. Beat 2 minutes more. Pour into greased 8-inch square pan. Bake in moderate oven (350°F) 20 minutes. Just before cake is done, remove from oven and spread top of cake with fudge icing. Sprinkle with nuts. Return to oven 7 to 10 minutes to brown meringue. Let cool in pan. Makes 1 8 x 8 inch cake.

Happy Thought For The Menu Quick Coffee Cake
Taste-pleasing breakfasts are a must for the summer days when you are off to a long trek on the open road, before a lazy day of vacation sports. If you choose your favorite quick coffee cakes and give them a summer look, you'll have a chance to join in the fun, too. And how easy it is to dress up these good sweet breads with summer twists. They'll make their contribution to good nutrition, too, for all of them furnish the important B-vitamin and iron of enriched flour, not to mention the food energy you'll need to follow the Fourth of July parade or play those 18 holes.

Start the easy breakfast menu with canned or frozen orange juice, and accompany the fresh coffee cakes with a platter of assorted nuts.

Breakfast is certain to be a cheerful starter when you feature Apple Cheese Cake, a fluffy coffee cake with a spicy shrimp-apple topping. The cheese-flavored coffee cake can be made the day before the holiday and reheated for service. Wrap coffee cake that's left from breakfast in wax paper and take it along for snacks on your trip.

Gloria Moresi Feded
Miss Gloria Moresi and her fiancé, George Dragolla, were feted at a shower and bachelor party on June 19 at the American Legion home. The couple was presented a purse of money. The wedding will take place on July 8. Miss Moresi works in the Equipment Office.

Weddings

Caldwell - Thayer
Miss Barbara Ann Caldwell, daughter of Mrs. Edward A. Caldwell and the late Mr. Caldwell, became the bride of James Hugh Taylor, son of Mr. and Mrs. Clifford R. Thayer. The bride works in Dry Rolling.

LaFrance - Blair
Miss Mary Alice LaFrance, daughter of Mr. and Mrs. Raymond LaFrance, and John E. Blair, son of Mr. and Mrs. John E. Blair, were married June 21 at the Baptist church of St. Vincent, Vt. The bride was in Molded Tubular Solder.

Cummings - Martin
Miss Carolyn Louise Martin, daughter of Mr. and Mrs. Harold J. Martin, and Philip William Cummings, son of Charles Mary Cummings and the late Howard L. Cummings, were married in the Florida Baptist Church on June 24. The bride is employed in Time Study.

Francini - Ballot
Miss Jean D. Francini, daughter of Mr. and Mrs. Victor Francini, was married to Robert Ballot, son of Mr. and Mrs. Alfred F. Ballot, in St. Thomas' Church on June 24. The bride is in Miscellaneous Dry Rolling and the groom is in Check Inspection.

Engagements

The engagement of Miss Dorothy Hopkins to Arthur Racette Jr. was announced on June 21. No date has been set for the wedding. Dorothy is in Miscellaneous Dry Test, Finish, and Shipping.

Lorraine Richards Feded
Miss Lorraine Richards was feted June 21 at a greenback shower at the Summer Street Hall in Adams. Miss Richards is to become the bride of Frederick Cipriola on July 19. Lorraine works in the Pilot Plant.

Mrs. Adelaide Caron of Molded Tubular Solder would like to extend her thanks to all the gang from her department who were so thoughtful during her illness from March to June. Mrs. Caron appreciated very much her birthday and anniversary gifts and the flowers and sunshine basket which she received.

A dress for play in the country at the left, the other for work in the city. Here Simplicity Printed Pattern 2767 in plain colored cotton is highlighted by white embroidered banding at the waist and in the skirt. The girl with the flower basket is wearing Simplicity Printed Pattern 2766, which you'll find simple to sew. Make the collar and cuffs in a contrasting color, if you like. Simplicity Printed Pattern 2767 comes in Junior and Misses' sizes, 11 to 18 and Simplicity Printed Pattern 2766 in Misses' sizes 12 to 20. Each pattern is priced at 25c.

Town and Country

The Distaff Side

For the Girls
FISHING

Now that the Bass season is officially underway (July 1) and the trout season ends on the 30th here in Mass., we may hear some stories of large fish that didn't get away. We know one fish that didn't and that was caught and displayed by Lou Vincelette of West Springfield and on Saturday, July 21, 1951. We hope the eleventh reunion party on July 11th the all-stars of the Major Leagues will play in Comiskey Park, home of the Chicago Cubs. Once more we pick the American League to cop the bunting however defensively, and in the pitching we believe the Nationals have a slight edge. Offensively the Junior Circuit has it but we believe this will tell the tale this year in the annual classic baseball history.

American League:

According to tradition the teams leading their respective leagues on July 4th usually win the pennant and so do the Detroit Tigers are the ones to watch. Yes-Cook and Manager "Red" Rolfe has the Bengals right where they are and they have the staff to back the crown. Detroit has at this writing a 19 game edge over the second place and defending champs, the N. Y. Yankees. Six and a half games back come the Cleveland Indians who with a belated win should definitely step back into the pennant picture. Eight and a half games back and completing the first division is the disappointing Boston Red Sox. A team with the highest batting average around .300 coupled with a very poor pitching staff.

Nevertheless it is still a four team race in our book, with half of the schedule still remaining to be played. We were glad to see Bobby Feller win his 200th ball game of his career. This is a covered goal that all pitchers would like to make.

The people in Industrial Oil Stacking have a hard time trying to catch a fish to match Louis's. The Sprague team and the Trentino Club wound up a tie for 1st half honors necessitating a play-off.

The old soldering gang of 1940 held a ten-year reunion party at Carmel's on July 11th. We were glad to see Bobby Feller at third played an excellent game.

The trend of conversation through-out the evening was usually "as is" until he has fully regained consciousness and can walk away without aid. If this is not possible within a reasonable length of time, the injured man should be moved on a stretcher exactly as he lay on the floor. McBrown fought on the same card that Woodcock and Savold fought. Nelson is rated by the class three division. Jim Slade is rated in the class three division, Chinbody Wright and Skipa are rated in the class one division.

A Gay Blade

Camuladi: "Did you know the chief has hay fever?"

"Yes, my dear."

"They like to have it nice and quiet up there, don't they?"

Kenny Russell

The Square Ring

Peter Mancoo

Recently, the state commissioners have been following new rules, laws and regulations.

In the past, a point was given to the boxer winning the round, now if the boxer wins a round by a wide margin, he will be awarded two points.

In the case of a boxer knocked out, seconds and handlers shall not put his neck, head slap, head his face, or try to arouse him with an ammonia inhalant.

An unconscious boxer should always be allowed to remain "as is" until he has fully regained consciousness and can walk away without aid. If this is not possible within a reasonable length of time, the injured man should be moved on a stretcher exactly as he lay on the floor.

Mel Brown fought on the same card that Woodcock and Savold fought. Nelson is rated by the class three division.

Ten-Year Reunion Party

A purse of money was collected for Carmen Vugel who was unable to be there because of illness.

The trend of conversation throughout the evening was usually "as is" until he has fully regained consciousness and can walk away without aid. If this is not possible within a reasonable length of time, the injured man should be moved on a stretcher exactly as he lay on the floor.

The group's former, Carmen Mancoo and his wife, Mary, who was the book clerk, were there to make the group almost complete.

A re-cap on the game in the next issue.
