Almost everyone in the North Adams area stopped at least once to see Mr. Cecil Moore and his dog team when they were staying in this area. In this part of the country it is far from a common sight to see a genuine, real live four-legged sled dog, and a team of nine dogs driving downtown Main Street and, of course, one couldn’t help but ask questions.

Mr. Moore left Fairbanks, Alaska, a little over a year ago and traveled across western Canada which is mostly wilderness and entered the United States through North Dakota. At the start of the journey, eleven dogs were chosen from a group of ninety. Two of the dogs were killed enroute by wolves. The lead dog, “Ptolemy” which means patriot, is this pair’s wolf, his father was a wolf and his mother was half wolf. The other dogs are one or two generations removed from actual wolves and their average age is about three years. No ordinary dogs could endure the long journeys traveled by dogs— it is necessary for the dogs to have a close strain of wolf in them. They eat mostly meat and average between thirty-five and forty-five pounds a day. While in Canada, Mr. Moore killed three moose and nine caribou (animals similar to reindeer) to tide the dogs over when they were a long way from towns.

The dogs when they are really running can travel about twenty miles an hour and in a day average between thirty-five and forty miles. A day’s traveling time could be anywhere from five to fourteen hours and near the Arctic where there is daylight for only about four or five short hours. Mr. Moore traveled at night as well as by day.

When traveling by dog sled, the driver must always have control of the sled as the dogs would be apt to run away. Mr. Moore had a rather harrowing experience in Canada when the dogs were chasing a caribou. The dogs, sled, caribou and Mr. Moore all fell over a seventy foot river bank. Although no one was hurt, the dogs started fighting amongst themselves and it was difficult to separate them and resume the journey.

Many people have wondered how dogs which are part wolf would stand quietly and be petted and played with by children. Mr. Moore had to train the dogs by having one or two people pet them and gradually increase the size of the group. In the beginning the dogs were so ferocious that they would have snapped and bitten a person if they were approached.

The dogs are accustomed to weather which is sometimes seventy degrees below zero and can only be brought into a house for fifteen or twenty minutes. Heat makes them logy and often ill.

When Mr. Moore left North Adams, he planned to appear in the Sportsmen shows at Vermont and Philadelphia and then return to his home in Lewiston, Maine.

The 4750 mile journey by dog sled, which Mr. Moore has completed, is the longest ever recorded. When he arrived in Maine he hopes to raise and train dog teams and promote dog sled racing.

of 9 Dogs

W. M. ADAMS CHAIRMAN OF NEW EXPORT SUBCOMMITTEE

Mr. V. S. Manneyf, Chairman of the ITMA Export committee recently named a seven-man subcommittee to handle current export problems affecting the industry. Mr. William M. Adams, Manager of the Export Department at Sprague Electric Company was appointed chairman of this committee.

Members of the committee are Mr. Adams; Mr. Ad. Auriena of Ad. Auriena, Inc.; Mr. H. G. Booth from P. R. Mallory & Co.; Mr. M. Brunet of RCA International Div.; Mr. L. Gordon from Sylvania Electric Products, Inc.; Mr. J. Kattan of the Emerson Radio & Phonograph Corp., and Mr. H. Mannheim of International Resistance Co.

CHECK LIST FOR EMPLOYEES ENTERING MILITARY SERVICE

1. POWER OF ATTORNEY—Execute a Power of Attorney if you want someone else to act for you.

2. SAFETY DEPOT BOX—Rent one and place your important personal things and valuables inside.

3. WILL—Prepare or revise. Be sure it is properly prepared.

4. TREATY—Prepare for the payment of outstanding bills and/or loans. The Soldiers’ and Sailors’ Civil Relief Act protects you against entry of judgments while in service.

5. LIFE INSURANCE—Check your policies to be sure the beneficiaries named are correct. Is beneficiary to be paid in cash or in monthly installments for a period of years? Always arrange for premium payments.

6. LEASES—Arrange to cancel and rebuke hoping that they are able to resume the journey.

7. FIRE INSURANCE AND PERSONAL PROPERTY INSURANCE—Check your policies for expiration date, proper coverage and address. Get refund if you cancel your policy.

8. AUTOMOBILE TITLE AND INSURANCE—Be sure they are all on your automobile. No ordinary dogs could endure the long journeys traveled by dogs— it is necessary for the dogs to have a close strain of wolf in them. They eat mostly meat and average between thirty-five and forty-five pounds a day. While in Canada, Mr. Moore killed three moose and nine caribou (animals similar to reindeer) to tide the dogs over when they were a long way from towns.

W. M. ADAMS CHAIRMAN OF NEW EXPORT SUBCOMMITTEE

Mr. V. S. Manneyf, Chairman of the ITMA Export committee recently named a seven-man subcommittee to handle current export problems affecting the industry. Mr. William M. Adams, Manager of the Export Department at Sprague Electric Company was appointed chairman of this committee.

Members of the committee are Mr. Adams; Mr. Ad. Auriena of Ad. Auriena, Inc.; Mr. H. G. Booth from P. R. Mallory & Co.; Mr. M. Brunet of RCA International Div.; Mr. L. Gordon from Sylvania Electric Products, Inc.; Mr. J. Kattan of the Emerson Radio & Phonograph Corp., and Mr. H. Mannheim of International Resistance Co.
William Pierce, Foreman of the Molded Tubular Finish, Wire Coating and Resistor Assembly Dept.

In February, 1933, Bill came to Sprague Electric and started working in the Dry Rolling Department. A few years later, after doing considerable research on resistors, he was made Foreman of the Resistor Assembly. At the present time, in addition to the Resistor Assembly, Bill is Foreman of Wire Coating and Molded Tubular Finish. In the three departments together, there are approximately 250 people.

In the Wire Coating Department, wire is insulated so that a resistor can be multiplied wound in several layers without causing a short. This process is carried out to give greater resistance values in a smaller space.

In the Resistor Assembly, two types of resistors are developed. Standard and Ceramic Outer Shell. The latter type is hermetically sealed in a glass tube to withstand 150° C down to 0° C, without breaking.

A Molded Tubular is a unit which has evolved to cut down leakage resistance and to withstand relative humidity. Bill was born in Bennington, Vermont but moved to North Adams when he came to work at the Sprague Electric Company. In tribute to his fair city, he claims he likes North Adams much better than Bennington. He is married and has a daughter who is four years old.

When Bill is outside of the plant, photography and skiing keep him pretty busy. He takes both moving and still pictures and his favorite subject, of course, is his daughter.

About sixteen years ago when skiing was just becoming a popular sport, Bill joined with many others in forming this new club. Unlike many others, however, he didn’t stop skiing after his first fall and now in the winter months, he skis on many of the better trails in New England (on the rare occasions when we have snow). His favorite run is right here at home—the Thunderbolt. Our home go off to you, Bill, the Thunderbolt is considered a pretty tough trail. We must not forget to mention that Bill was very interested in flying; in fact, he was one of the first pilots in this area.

In February, 1933, Bill was married. The engagement of Miss Marion B. Gagne to Daniel Rolnik was announced recently by Mr. and Mrs. Antonio Bellard. The wedding will take place on February 3 in the First Baptist Church. Miss Gagne works on the Dry Tubular Assembly and Mr. Rolnik is in the Molding Department.

The engagement of Miss Marion Bellard to Daniel Rolnik was announced recently by Mr. and Mrs. Antonio Bellard. The wedding will take place on March 3 in St. Francis Church. Miss Bellard works on the Dry Tubular Assembly.

Mr. and Mrs. Harvey W. Roberts have announced the engagement of their daughter, Patricia Ann to Melvin Noel Jr., Miss Roberts works on the Dry Tubular Assembly.

Bisson-Simon

On January 6, Miss Norma Irene Simon, daughter of Mr. and Mrs. Isaac Simon, became the bride of Edward Richard Bisson, son of Mr. and Mrs. Joseph Bisson in Our Lady of Lourdes Chapel. Miss Bisson is employed in the Molded Tubular Section Solder Department.

FORRAULT-CLOSSEY

Miss Roma L. Perrault, daughter of Mr. and Mrs. Alfred Forrault, and John F. Clossey, son of Mr. and Mrs. James Clossey, were married on January 13 at Notre Dame Church. The bride is employed in the Traffic and Export Department.

HEROIS-HEROIS

On January 13, Miss Joan Marie Herois married Mr. Francis Herois, became the bride of Richard Francis Giroix, son of Mr. and Mrs. Samuel Giroix of St. Thomas’ Church. The bride is employed on the F. P. Assembly.

Mr. Jangrow was in the Sample Department at Brown Street.

PAPA. Round Midget Assembly
By Coel Shanahan
Cheer up, girls, they have at last found a remedy for the heat situation, we can now discard our scarfs and over-
shorts.

Doris Donenwick recently enjoyed a week-end with her sister and brother-in-law, Captain and Mrs. Wallace Brown of Roanoke, Virginia.

The department extends their best wishes to those on the sick list.

Lots of love, which is the proper height for Edna Mahur. All amateur detectives are hereby alerted.

Mrs. H. New Year resolution to no television after 9:30 p.m.

Industrial Oil Rolling
By Erminia Sweeney
A surprise shower was held at the County Square in Cleveland for Gladys Homer whose son to be married on Saturday, January 20 at Westpoint. Toasts were given by Lena Neele, Ann Heath and Nancy Pappulo. Helen Unis gave an exhibition of the Charleston and we all enjoyed a delicious dinner. If anyone has found Fran Miles “Harvey”, please return it to her so we can rest in peace.

Elisabeth Shattier’s daughter was married on December 31 and between Christmas and the wedding, Liz was a lucky gal.

Welcome to all the new girls and we hope you will like us.

Jackie Brooks has left us for the Navy. “Best of luck, Jackie, and here’s hoping you make all the ports.

Ag Miller, hurry back as we miss you a lot.

Happy Birthday, Eda!

Wire Coating

Welcome to all the new people in the department and we hope you will like her.

Hollis Belding is the second boy to know our department for the service.

We had a surprise visitor a few weeks ago. Sgt. Frederick J. Marchegian, son of Mrs. Margaret Marchegian, is stationed at Camp Pickett, Virginia and was formerly employed in the Maintenance Department at Marshall Street. His wife, Lorraine, works at the Marshall Street plant.

Bill and Jim* Emery, twin sons of Wilma, leave for the service on Febru-
ary 1st. Lots of luck, boys.

We are sorry that we won’t all be able to see Gladys Farmer get married as we know she will be a beautiful bride. You have all our best wishes.

Glad was it nice seeing Helen Shields the other night at a dinner given in honor of Glad Farmer. Helen will be back with us soon.

Millie Garner entertained a group of Networks girls recently and Millie was the surprised girl when the party turn-
ed out to be a housewarming for Millie and her husband, John. A delightful evening was had by all and the girls
gave the couple a nice floor lamp.

Helen Unis gave a dinner for the Department. The department is the other night. Margaret Green was the surprise of the evening when she gave a flute solo. Betty Roberts sang the Mahurah of Mat-
ador. It is really a shame to have such talent buried in the department. Thank you very much, Helen, for a very nice evening.

Al Lunani is wonderin’ why some feckin’ from the Can Shop fell their noses to the floor. He doesn’t want them, he just is wonderin’ what “The Thing” looks like. Pink Sherman is making tip-ups to go fishin’—wonder if he will have them made before the ice melts.

A. C. Dry Assembly and Centrifuge

Joyce Harrington and Harry Embry

Wedding bells will be ringing for Kenny Gamache and Greta Martin on February 3. We all extend to them our congratulations and best wishes. Leo Perrin had a double birthday party at his house recently for her two daughters. Lucy Czagolz also had a party for her son.

Margaret Adamsky is the proud owner of a new 1951 Ford and Doogie is sporting a new Studebaker.

Joyce Harrington attended the Iceland Capades in Boston. Marian Betti and her husband are planning on going to Lynn, Massachusetts for the week end.

Clock Block

By Delia Keating

A happy birthday to Lorraine Noel Kenny Ivan and John Bradley. The department held a New Year’s celebration at Clark’s Luncheon, and the grand time was had by all. Melba Heclan looks lovely in her new fur coat.

Our Barbies Rondesta is now a cover girl. A speedy recovery to Yvonne’s Big and Alice Carpenter’s husbands.

If you repair a refrigerator you lost call Al LaFontan.

Can Shop

By Cliff

We are sorry to hear that Harry Troubley is ill and wish him a speedy recovery.

Osborne Edwards would like to have a vacuum cleaner and a lock of hair, so he could do a better job and not have people continually hiding his brushes and shoes.

Leslie Dasing is back after a one-week illness. Glad to see you feeling better, Dusty.

Bill Fortini reports that his son gets into anything and everything, with glass-breaking as his specialty.

Donald Kliner’s voice is getting stronger and better. Anna White still doesn’t care for it.

Bob Hass wants to know if anybody has two empty 30 gallon drums. He would like them for his car and truck so he won’t be always running out of gas.

Ed Sprague is still enjoying those trips to Bennington every Monday.

Metal Clad Department

By Barbara Jones

First of all a big welcome goes to Sterling Sonancy and Florence Gailey who have recently started work in the department. Glad to have you with us, and we hope you enjoy your work.

Everyone is glad to see Anita Espasoin back at work after her illness. Glad you’re feeling better, Anita.

Francis Fiore has returned home from the hospital and we all hope that she will soon return to work.

We all hope that Mary Lefebvre, who is ill will feel better soon and be back in her usual place.

Happy Birthday to Bertha Morean.

We lost our best friends Lorraine Brown and Virginia Peters who are both to be married in the very near future.

Specifications Engineering

By Fran Melito

It is held to Jo Irzyk and Marlowe Soumers. Jo was formerly employed as a clerk at the Rolling Acres Farm in Chelmsford. Marrow as well as Jo was a graduate of Adams High in 1950.

Bette Worthington received a lovely diamond ring from George of the Gem-Lab at Marshall Street. Best of luck, Bette.

A party was held Thursday, January 18 at the Heartwellville Lodge for Don Denault and Mike Lebert. Both boys have finally taken the step and proposed. Congratulations, boys.

Ed Pfleish will be celebrating her birthday on January 26. A very happy birthday, Ethel.

Fran Fanfani received a check from Xanas and all from reports a very lovely one.

Everyone has had loads of fun during the holiday season and tired as we are, we can hardly wait for it to roll around again.

Upper Offices

By Flo and Sue

We were sorry to not have a picture to Ronnie Goss who has left the Material Control Department to serve in the U.S. Army. We wish him the best of luck in the days ahead.

WELCOME! We started the New Year right by having many new people in the Upper Offices. May we welcome Eleanor Patton and Harold Miller to the Material Control, Sylvia Galda to Time Study and Lillian Hofsepian to the Production Planning Department.

Congratulations are in order to Florence Southgate whose engagement to Arnold Clough has been announced.

Misc. Paper Finish

By Velma Lincoln

We are known as the Miscellaneous Paper Finish Department, and the Block Test Department but all can say right now is that we are on the move. Where we all go, we will probably know by the next issue of the LOG.

We have Charlie Deosnows back in our department as Foreman and Jim Nicol, our former Foreman is now in the Savings Office. We all wish you the best, Mitch.

Ann Douney’s son was home for a visit from the Hawaii Islands.

The sons of Frances Solar, our former supervisor, were very sick with lobn pneumonia but he is much better now.

We extend our sympathy to Betty Furry whose husband recently died.

Block Annex

By Delia Keating

A happy birthday to Lorraine Noel Kenny Ivan and John Bradley. The department held a New Year’s celebration at Clark’s Luncheon, and the grand time was had by all.

Melba Heclan looks lovely in her new fur coat.

Our Barbies Rondesta is now a cover girl.

A speedy recovery to Yvonne’s Big and Alice Carpenter’s husbands.

If you repair a refrigerator you lost call Al LaFontan.

Retail Sales

By Bill N’Run

First of all we would like to welcome Sally Garofano to our department.

We hope that you will like working with us.

We miss Miles Heath who is working in another department and wish him back on his job.

There recently was a television party held at Avellu King’s house with Lorraine Lavigne, Dorothy Belanger, Bea Campedelli and their husbands present.

They enjoyed the Ezzard Charles fight.

The girls who bowl from this department had a wonderful time.

They also held a television party at Avelina King’s house with Loraine Lally and Alice Carpenter’s husbands present.

Our best wishes to all of them.

Automatic Rolling Dept.

By Glou Ghou

Your reporter finally succeeded in finding time to report your news after coming out on the last two issues.

John Manueli, John Mahoney, Clarence Wildman and Danny Deoncic.

Herb Palmer and Bob Sinderman left with the January 29 quota for inspection out in the near future.

We have an even dozen present.

A recent fat that has taken the room by storm is Pearson ears.

Now that Sally Garofano is with us we have a double talk team that is hard to understand.

Mario Magnani and Sally talk gibberish all day long.

Doris Patenaude is an aunt again.

Her sister recently gave birth to an eight-pound boy. Congratulations to Vic and the parents.

Missellaneous Drys

By Cull Riech

Our deepest sympathy to Viola Dempsey on the loss of her mother.

Sprague Products Company

By Rita English and June Gordon

We would like to express our congratulations to our newly engaged Margaret Leonard, also in June Monard former owner of this office and now of Tadabulin.

Both of these girls received diamonds shortly before Christmas.

We know we are late girls but better late than never.

It is nice to welcome Fran Therrien back again.

The rumor that Ted Williams was going to be traded to the Athletics certainly upset Mad Lasher.

We must lost one of our good Sox rooters even though we know that Ted is the reason she sticks with them.

DFP Finish

By Jan Robinson

Well Christmas and New Years are past now and the pre-lenten season is here with numerous weddings.

Factory Engineering

By Charles Forcita

The Bojodic family will be represented in the 1951 Ice Folies to be held in Boston at a later date. It hasn’t been decided as yet who the representative will be.

Doug Norton has worn fame in house design and construction work.

That Becket, Massachusetts home town of David Gene dislocated by the snow storm of last December is now back on the map.

Bill Fitzgerald has resigned his duties as the “THING”.

Earl Burke is putting on the market a new television aerial eliminating all snow.

The “Kokka, Fran and Olle” television show has gained another ardent listener, Frank Donohue.

Harold Stevens’ ability to rebuild autos could bring him wide popularity if he should enter his high-power Plymouth in a “Hot Rod Race”.

وانشاء الله...
The Distaff Side

**SOUR MILK DOUGHNUTS**

4 cups sifted enriched flour  
3 eggs  
1 cup sugar  
3 teaspoons of powdered sugar  
1 cup buttermilk or sour milk  
1/2 teaspoon nutmeg

Sift together flour, cream of tartar, salt and nutmeg. Beat eggs until thick and lemon colored. Add sugar gradually, beating in. Add shortening and buttermilk or sour milk. Add flour mixture. Mix well. Roll out 1/2 inch thick or lightly floured board or pastry cloth. Cut with floured doughnut cutter. Fry in deep hot fat (375°F.) for 3 minutes, or until brown, turning frequently.

Makes about 3 dozen 3-inch doughnuts.

Doughnuts for dunces provide good refreshments, and good humor for Winter parties, and for family breakfasts and snacks, too. When you buy them at the bakery, or fry your own at home, doughnuts have an appeal that makes them all season eating.

Sour milk doughnuts take relatively little time to make, and puff to light tenderness when deep fried. Sour milk doughnuts take relatively little time to make, and puff to light tenderness when deep fried.

**COFFEE CAKE**

1 cup of sugar  
1 cup of molasses  
3 cups of cold coffee  
2 teaspoons of soda  
1 teaspoon of cloves  
1/2 teaspoon of nutmeg  
3 cups of flour  
2 cups of raisins  
2 eggs  
3/4 cup of flour

Bake 40 minutes at 300°F.

**STUFFED TOMATOES**

Cut a thin slice off the tops of six large tomatoes and with a spoon lift out the pulp. Rub it through a sieve, discarding the seeds. To the puree add half a cup of sliced breadcrumbs, two tablespoons of melted butter, a little pepper and salt, paprika and half a teaspoon of minced parsley. Stuff the tomatoes' shells with this. Put a bit of batter on top of each and set in a hot oven for ten minutes.

Submitted by Ann Heath

**FASHION PLATE**

By Mary Gordon

This column will be devoted to you who strive to catch the eyes of an admiring male while at the same time wrangle with that perennial problem of a walkable budget. Although it seems we are finished rounding out our winter wardrobe with an extra special tuxedo coat, the time has already arrived when we have to give thought to sprucing up our spring outfits. It's the fashion wise who are always thinking ahead and aren't caught short when the season has arrived.

I guess we all face the problem of a "Monday-Morning-Closet" and the "What to Wear puzzle is always a trying one.

It seems that whatever we drag out just won't do and we make a mental note to salvage a little on payday. We are only sorry when new payday arrives with always so many other drains on our financial resources that we wind up with exactly nothing in the line of new clothes. The only answer seems to be for us to take the time and figure out just what suits, blouses, accessories, etc. we need to round out our spring wardrobe and fit in by adding the needed articles, perhaps one a week, and when "Spring Has Sprung" we are all ready to dazzle the males (and perhaps impress the females).

When we think of spring, we naturally think of suits—and for most of us, it is a matter of dragging out the old and dreaming of the new. So many of us fall into the habit of wearing the same blouses with the same skirts when there are so many variations possible to lift our spirits, like picking up that two season grey flannel with bright blues or perhaps an eye-catching cow-boy hat. Today, the picture is different. "What we wear is the most lasting variety to the gal who will just take the time and who keeps her eye on fashion trends.

So many times that gal who always seems to come up with a way to save, has just used her ingenuity in dream- ing up new ways to wear her clothes. An excellent way to cut down on costs is to sew your own—in that manner you can incorporate your own original ideas. Most of us have the benefit of a Home Economics course taken in High School and it is actually fun to choose just the pattern we want, maybe improve it a little and be able to shop around and select just the right material. No more problems of seeing just what you want but not in your size, and what a warm feeling when comple- ments are coming your way to be able to say "Oh it is just something I whipped up in my spare time!"

An excellent rumor that is just best is that the so-called "trick stuff" is to be disposed of. Some of the时间，to prevent this scum accumulating and keeping the water from running off on the lawn. It would have been wiser to have thought about what do to with this scum, but I am told that the police force recently. One of the questions was: "What is the quickest way to dispose of a crowd?"

Without hesitation the fellow wrote: "Pass around the hat."

Barbara Fusser, daughter of Ethel of the Metal Clay Assembly. Bruce Bernard Fitzpatrick, ten and a half month old son of Clare of Paper Rolling and Bernie of P.A.P. Rolling, Victor and Hector Major, twin brothers of Dahore Bailey of the Miscellaneous Paper Finish Department. The picture was taken in 1957. Danny Tomitelli, six month old son of Phyllis of Dry Rolling and Tallo who works at Marshall Street. Paul, son of Clifford Morse of the Marshall Street Warehouse and June who formerly worked in the Main Office.
SPRAGUE LASSIES

BASKETBALL

Sprague Lassies: The Sprague Lassies finally dented the winners column, and have now won their first 3 games in a row. Vieck Wisnowski and Mary Gordon have played the stellar roles in these recent wins and we believe that this club will now until the close of this season win the bulk of the contests remaining on the schedule.

A number of the contests have been staged at the local Y and at the Junior Plunkett gymnasium in Adams.

Sprague Royals: The Sprague Royals are still on the winning track and have rallied up and now won 8 contests, scoring 117 points. Although the Sprague Royals have played the stellar roles in these recent wins they have not been able to extend their winning streak.

Three straight wins scored by Sprague Lassies

On Saturday evening, January 6, the Sprague Lassies scored a surprising defeat over a boys' team from Adams, the Simon Sweet Shop, by defeating them 44-37. Miss Wisnowski, who made a fine showing in the Girls' Derby last year, Norman Blair, who made fourth a few years ago, and Lou Blitch, who made a couple of years ago as a mistag has entered the juvenile class this year. Bob D. Brown who finished third in the Silver Skates Derby, Williamstown, and Lou Felix, a Brown street watchman, are also entered to compete in the ultra-timers race for skaters thirty years of age and over. Lou is sixty street watchman. Lou is entered to compete in the ultra-timers race for skaters thirty years of age and over. Lou is sixty.

SPRAGUE BOWLING

Hockey: The Sprague Lassies were defeated by the Adams High School hockey team, losing 1-4 in favor of the Sprague Lassies.

Basketball: The Sprague Lassies scored a surprising defeat over the Adams High School basketball team, losing 2-1 in favor of the Sprague Lassies.

**DELUXE CANDY**

The Lemos High School Gymnasium, on January 50, provided the setting for the Lassies' defeat over the newly organized Lemos Girls' Club by a score of 40-20. Vieck Wisnowski was again high scorer for the evening.

SPRAGUE ELECTRIC LOG

January 26, 1951

**Sprague Lassies**: The Sprague Lassies showed decided improvement over their fall season form and their passing and defensive play played the way for a win over the Acerettes by a score of 30 to 18. The Lassies lost to the Acerettes 11-25 in the season at Amherst's gymnasium. Sunday's win was the third straight for the Lassies and they hope to extend its winning streak.

Following is a summary of the game:

**Sprague Lassies**

B. F. P. 2 0 0
F. Wisnowski 3 0 3
D. D'Appollonio 1 1 2
M. Gordon 5 0 10

L. Mirante 1 1 2
M. Wittig 1 0 4
L. Dickinson 0 0 0
L. Britton 0 0 0
D. Pinto 1 0 1

Total 15 4 22

**AMHERST ACERETTES**

L. Moeller 1 3 5
C. Pinkston 2 2 9
K. Kielhass 1 1 3
B. Britton 1 1 3
D. Lamon 0 0 0
B. Lawson 1 1 3
J. Fowler 1 1 3

Total 6 8 20

Although the Sprague Lassies always put up a spirited and colorful game, the attendance at most of the games has been lacking. Let's all make an effort to come out and lend the Lassies some well-deserved encouragement.

ICE FISHING

Now that the winter weather is upon us and the ponds and lakes are well frozen, the hardy base of Waltons and more once more seen dotting the many lakes in this vicinity. The Hoosac Lake, Cheshole and Pomrouse Lake in Pittsfield are well patronized and some mighty nice catches have been made.

Anyone catching Northern Pike in Hoosac Lake have been asked to return this type of fish to the water. The reason is that Sportsmen in this area are trying to introduce Northern Pike to this lake and it will mean better fishing in years to come.

**HIGH SCHOOL BASKETBALL**

Northeast Berkshire High School versus St. Joseph: The Northeast Berkshire High School has won the last three contests played to date. They have won all 5 contests played to date. They have won all 5 contests played to date.

**SHINING BLADES**

By Charles Felix

Four of the six speed skaters chosen to compete for a spot on the 1952 Olympic skating team are well known to local skating enthusiasts. Al Goodman of Pittsfield, Edgar Dave of Revere, Al Beaudry of Boston and Art Longsjo of Pittsfield.

Alex Gregan will be remembered to local fans for his winning of the Western New England Championship at the fish pond back in 1942. Al Beaudry of Boston and Art Longsjo competed for honors at the Western New England skating meet at Pittsfield in 1942. These skaters will compete for a place on the Olympic team at St. Paul, Minnesota on February 10.
