Sprague Men's Bowling League Holds Annual Banquet at the Clarksburg Sportmen's Club

On Thursday evening, April 12, 85 members and guests of the Sprague Men's Bowling League enjoyed their annual banquet at the Clarksburg Sportmen's Club.

President Joe Lipa introduced Paul Fern as Master of Ceremonies. For the past several seasons, Paul has been called upon to be our Toastmaster and each time he has been tops. This year Mr. Fern proved beyond any doubt that he always will be welcome at any of our bowling banquets.

Paul first introduced our new LOG Editor, Miss Katherine Rosenburg, and Miss Joan Macaluso. Miss Rosenburg expressed her thanks for the invitation to be the banquet and even though both girls did not stay throughout the festivities, our LOG Editor did present, on behalf of the Sprague LOG, awards to each member of our bowling banquet.

The following people will be heard on the broadcast for freedom: Fred Windover, Lloyd King, Augustin Fortoo, Pete Manucz, Charles Felix, Joanne, Betty and Rita Aragone, Ernest Vikinen, Frans Fontyn, John Rumbold, Mike Dominick, Margerie Haupfeld, John LePage, Lila Abraham, Isabelle Mazienski, Tina Gendron and Livington Rice. The same program will be presented on the local North Adams radio stations on Friday, May 4.

Keep The Traffic Moving

Cars arriving at the Beaver Street plant in the morning and having trouble finding parking places. When automobiles stop on Beaver Street to discharge or pick up passengers, it endangers lives as well as the traffic. It is requested that the operators of automobiles use the following procedure when arriving at or leaving the Beaver Street plant.

When arriving, drive to your respective parking places before letting off passengers. If you are only bringing people to work here, drive through the parking area, head back toward town, and park on the right side of the street next to the building to discharge passengers. Park in the parking area to pick up passengers. Do not stop on Beaver Street.

Pedestrians should use the crosswalks when crossing the street.

AGNES COSTELLO, R.N. ADDRESSES GIRL SCOUTS

On March 23, Miss Agnes Costello was the guest speaker at a meeting of Girl Scout Troop 5 of Briggsville. Miss Costello spoke on the care of minor wounds and burns as it related to the first aid badge work which the Scouts were doing. She also spoke on the care of the pre-school child for the benefit of the girls who were working on the child care badge.

Aileen Mossolani handles the telephone calls at Marshall Street.

WHO'S THE OPERATOR?

The moment Joe Doolks picks up the phone he invariably screams: "Where's the Operator?" The cry goes out many times each day, but everyone is reassured that somehow this system will work here.

Joanna, Josephine, and Rita Aragone, Windover, Lloyd King, Augustin Fortoo, Pete Manucz, Charles Felix, Joanne, Betty and Rita Aragone, Ernest Vikinen, Frans Fontyn, John Rumbold, Mike Dominick, Margerie Haupfeld, John LePage, Lila Abraham, Isabelle Mazienski, Tina Gendron and Livington Rice.

Aileen Mossolani handles the telephone calls at Marshall Street.

WHERE'S THE OPERATOR?

Julia Keating and Dot Boutwell are shown in action at the Beaver Street switchboard.
### WAMPANOAG

During the recent flood, many people became acquainted with Wampaug Indian Mineral Springs located in Williamstown. Water from the springs supplied many families, as well as the North Adams Hospital, with drinking water when the local supply could not be used. With permission of the present owner, Fred George, and also a member of the Wire-Coating personnel, this interesting information has been obtained.

Wampaug Indian Mineral Springs are warm (thermal) springs bubbling from 9000 feet below the surface, 30 Farenheit, and 74 at the surface. This 24° temperature is constant regardless of season. The water contains no organic matter, is mildly alkaline, and is truly pure. It is not offensive to taste, or smell as are many springs of this nature.

Wampaug was derived from the Indian legend "Wanggungan", or perennial waters. The Indians of this area in centuries past, believed that this spring had medicinal value and used it as such. Evidence of Indian habitation has been noted by the discovery of Indian relics in the vicinity of the springs.

Today, many people feel that these waters perform an action of relief due to their constituents.

At present, there is a large bathing pool, picnic and play ground, dance hall, and cottages for those who wish to relax and enjoy themselves.

A truly modernistic touch to an ancient area of health.

Submitted by Betty Jeanrow

### RED CROSS TO SPONSOR COURSE AT LASELL POOL

The Berkshire County chapter of the American Red Cross will sponsor courses in water safety and senior life-saving at the Williams College pool. These courses are particularly designed for prospective life guards and swimming instructors.

Theodore R. Sylvester, director of athletics in the Williamstown public schools, will note the Red Cross in registering those persons who are interested in taking this course. Mr. Sylvester may be reached at his home or at the Williamstown High School.

The classes will start at the Lasell pool at 7 o'clock on April 26. The two-hour sessions will continue for ten weeks.

### WHERE IS THE OPERATOR?

(During a recent flood, many people were forced to use water from the springs when the local supply could not be used. With permission of the present owner, Fred George, and also a member of the Wire-Coating personnel, this interesting information has been obtained.)

### BIRTHS

SON to Mr. and Mrs. Joseph J. Rotolo on March 27, 1951. Mr. Rotolo is employed in the Rolling Department at Williamstown.

SON to Mr. and Mrs. William Richards on March 28, 1951. The lather works in the Marshall Street Rolling Department.

DAUGHTER to Mr. and Mrs. Chester H. Lanoue. Mr. Lanoue is employed in Marshall Street General Department.

SON to Mr. and Mrs. Charles W. Fletcher. Mr. Fletcher is employed in Industrial Oil Impregnating.

### ENGAGEMENTS

Mrs. Mello Zannett has announced the engagement of her sister, Miss Rachel L. LaVerca to Mr. Alfred Vicari. Miss LaVerca is employed in Miscellaneous Dry Rolling—DG 24 Assembly.

### KNOW YOUR FOREMAN

Laurence Haskins, Foreman of the Battery Department, is not married. He is an enthusiastic fisherman owning an Aeronca. He enjoys photography, hunting, and fishing.

Mr. Haskins has many intellectual interests. Right now, he is being kept quite busy trying to master the Russian language. Larry feels that by knowing the language he will have a key to Russian thought and philosophy and, therefore, a better understanding of the Soviet Republic. He expects to pursue his study until he has gained a reading knowledge of it. Larry is very interested in people as reflected in his study of genealogy which he relates to American history. He is a member of the New England Historic Genealogical Society. When Larry is not occupied with these varied activities in his leisure time, he enjoys listening to opera.

### THE ONE THAT GOT AWAY

On Sunday, April 15, local streams, brooks, and rivers were swarming with area fishermen. In many spots they were lined up elbow-to-elbow style. Many anglers were up before the crack of dawn so that they would be on hand to cast off when the season officially opened at 4:47 a.m.

As listed previously in the fishing contest rules, any fish given away is fish eligible for the contest: TROUT—brook or native, and rainbow BASS—large mouth, small mouth PICKEREL NORTHERN PIKE PERCH BULLHEADS WALLEYED PIKE

*In addition to the fish listed above, and because of popular demand, there will be a new classification—the WALLEYED PIKE. Be sure to enter your catch—large or small. Unknowingly, you may be eligible for a prize!"
BON VOYAGE, PATRICIA

Patricia Welch, who is taking a trip to the altar, was given a farewell supper by the LOG Staff. Pat was presented with a silver place setting by Ann Hootch to add to her collection which was begun by her godmother years ago. Pat was really thrilled and thanked those who attended as well as those who could not come.

Kit Carson with his assortment of hot stories was master of ceremonies. Tommy Cullen was the censor of the stories which Kit told. It was Miss Lowe’s opinion that Tom should have had an assistant. Don Kelly and Frank Santalli did a good job as a “whiskey” tenor duet. The trouble with Velena Linch’s stock was that she started in the center and worked out. No wonder Jim Oldham is so lean. He drives on saloons.

For a petite girl, Dot D’Arcangelo has a very good appetite. Mary Gooden certainly can model an evening dress. Whether the coffee went into the cup or not, Larry Haskins did the pouring. Suzie Bishop and her companion, Janice Robinson, were stuck hub-cap deep in the mud. Through the agility of Larry Haskins in securing a chain to the frame work of the Plymouth, plus the help of Jack Washburn, the girls finally got out.

The harmonious voices of John Berle last Tuesday and did a terrific exhibition of how to dance the "Mocking Bird Hill" song.

Joan Mulbury, Marion Caron, and Tom Cullen were entertained by Jack Washburn’s interpretation of the Charleston.

Speaking about dancing, you should have seen Blanche Tatro do an adagio into Pete Mancuso’s arms when her heel got caught on a top stair.

Pat Welch was reminded of her childhood days when Jack Washburn showed her the way she learned to light a cigarette lighter.

Katharine Rosenburg was introduced as our new LOG Editor. I know the LOG Staff will give her their full cooperation. We wish her success in her undertaking.

——— by PETER MANKUSO

T.V. TIDBITS by JOHN DAVIS

Jerry Lester of "Broadway Open House" will be rounding out his first year of television on May 25 and, as rumored have it, will be signing a new contract for the coming year.

"Dagmar", the delicious blonde dish, will remain with "Jerry" along with The Mellow Larks, Milton DeLugg, Wayne Howell, Ray Malone, and Dave Street.

Some people have suggested that they take Jerry out somewhere and "shoot" him, but your correspondent, after watching this program for almost a year now, truthfully can say that the old "Beanbagger" hasn’t lost any of his old stuff.

Those of you who enjoy "Life With Luigi" on your radio could be in for a very nice surprise. According to talk at the moment, the program is to make its TV debut this fall. There is only one catch, I don’t know at this time if WRGB will carry it on Channel 4.

More on this later.

If you were disappointed about not receiving the Gavilan-Hairston fight last week, don’t blame it on WRGB. As I understand it, the source of the trouble was not at WRGB, but out at some point between New York City and Schenectady.

Well, summer rehearsals will start to set over on some of the shows, and as soon as they are made known, I will pass them on to you.

Jackie Kohl was "shushed" for Milton Berle last Tuesday and did a terrific job. I have heard nothing but the very best of comments.

Just a note to let you know that the LOG is running another Fishing Contest this year. Let’s get busy and turn in as many entries as possible. Rules and regulations have been published by the LOG.

Best of luck to you, Patricia Welch—You did a wonderful job as an Editor while you were with us and we will miss you.

Welcome to you, Katharine Rosenburg—We will do everything in our power to make your new job, as Editor, a pleasant one.

Weddings

Miss Jane Marie Menard, daughter of Mr. and Mrs. Henry Menard, became the bride of William Edward Burdick, son of Mr. and Mrs. Lawrence Burdick, on April 7 at St. Thomas’ Church. The bride is employed by the Log Cabin Assembly Department.

On March 31, Miss Joan Marie Meyer, daughter of Mr. and Mrs. Frederick Meyer, became the bride of Ralph O. DuBuc, Jr., son of Mr. and Mrs. DuBuc, at Notre Dame church. The bride works in Payroll and Costs Department.

On April 7, Miss Theresa Denise Lowe, daughter of Mr. and Mrs. Joseph H. Allard, became the bride of Charles E. Shaffner, Jr., son of Mrs. Victor Cantoni and the late Charles E. Shaffner, on April 7 in St. John’s Episcopal church. The bride is employed in the Dry Tubular Finish Department.

On April 7, Miss Florence Luther, daughter of Mr. and Mrs. Michael Dudziak, became the bride of Michael Francis Cirillo, son of Mrs. Elizabeth Cirillo in St. Anthony’s church. The bride works in the Dry Tubular Finish.

Miss Dorothy Helen Pringle, daughter of Mr. and Mrs. Robert Pringle, became the bride of Robert Edwin Columbus, son of Mrs. William Reece, on April 7 in St. John’s Episcopal church. The bride is employed in Resistin Assembly and the groom is employed in Prokar and Polyester Impregnation.

On April 7, Miss Florence Eleanore Southgate, daughter of Mrs. Grace R. Southgate, and Arnold Ray Clough, son of Warren Clough, were married in the First Methodist church. The bride works in Material Control.

Miss Doris Irene Walden, daughter of Mrs. Pearl Walden and William Walden, became the bride of Charles E. Shaffner, Jr., son of Mrs. Victor Cantoni and the late Charles E. Shaffner, on April 7 in St. John’s Episcopal church. The bride is employed in Round Midget Assembly and the groom is employed in the Dry Tubular Finish Department.

Miss Doris Boscher, daughter of Mrs. Emilie Boscher and the late Mr. Boscher, and John Daniels, son of Mr. and Mrs. Joseph Daniels, were married in Notre Dame church on April 7. The bride is employed in the Dry Tubular Finish Department.

On April 7, Miss Theresa Denise Allard, daughter of Mr. and Mrs. Joseph H. Allard, became the bride of Shaddox Dudziak, son of Mr. and Mrs. Michael Dudziak. The ceremony took place in Notre Dame church. The groom works in A.C. Dry Assembly Department.
Ceramic Department
by Ida Giogliott

Our congratulations and best wishes to our newly weds, Mr. and Mrs. Walter W. Johnson
Josie Dean celebrated her birthday April 6. The lilac buds were enjoyed by all.

Herb Connell and Frank Reene are the proud parents of a baby girl.

Good luck, girls, hope you catch some big ones.

Dry Tubular Assembly
by M. Hauptfleisch

Ralph Dubac has returned from his vacation and seems to be sitting on top of the world.

Twenty members of Dry Tubular attended the weddings of Gino Guglielmo and Mike Cirillo, and Dave Walden and Charles Shaffer, Jr. last Saturday. A good time was had by all.

Julia Mazzi has joined the Ceramic Department and seems to have missed her vocation. She left for Maryland where her husband is to be a chief engineer as her guest.

Radio. We appreciate it, Lucy.

A. C. Dry Assembly and Centrifuge

by Joyce Harrington and Harry Embry

Centrifuge welcomes Ed Clark and Harry LaFlame on the day shift, and Francis Therrien on the night shift. We also welcome back Walter Hall and Robert Stewart to the night shift. Marion Dupre celebrated her birthday recently and was presented with a cake and numerous gifts by her fellow workers.

Everybody is eager to see Ernie Harrington and his wife, Doris, return after a trip to Portugal recently. Jennie Mareevo, Lucy Coszaglio, and Joyce Harrington made their first airplane flight at the Harriman Airport recently. Jennie decided she would stick to the ground after that.

We extend congratulations to Thaddeus Dzikow on his recent marriage to the former Theresa Allard.

Bathtub Assembly

by D. Landry

We are welcoming the spring and its sunshine. We are trying to ward off this awful weather that comes with it. Congratulations to Mr. and Mrs. Sienick (Mickie) who broke soil for their new home on March 26.

The Assemblers welcome Ruth Fin- dieck and Sophia Michalsk back to work after their illnesses.

Mary Flaherty enjoyed a shopping spree in Boston recently.

Congratulations to Gert Desso who recently celebrated her birthday. These celebrations always mean another of Ann Maroni's luscious cakes.

Joe Miller expects to enjoy as many big ones as he can in the Contest. Enter your entries by noon on April 30th. Good luck, Eva.

We all are very happy for her. The wedding reception at the North Adams' Restaurant in honor of Howard Burdick, who is leaving us to go to a new position.

BROWN STREET BRIEFS

Wire Coating

by Betty Jangrow

I wish to join the LOG reporters in wishing Pat Welch much happiness. A hearty welcome to Katharine Rosenburg, our newly appointed Editor.

Molded Tubulars

by The Busy Bees

Birthday congratulations are in order for Bell Dow and Alice Miller. We wish you many more.

Here are a few highlights of Alice Miller's shower. We really had a nice time and it was a huge success.

Jeanette Cady danced herself right out of her shoes.

Alice received a bride's cake from Dorothy Martin, whose mother is Bell Dow. There were many specialty acts by Mary, Alice, Florence, Red, and Marion. Nice work, girls.

We think everyone enjoyed watching Doris Brison going through the square sets. Ask Jeanette Cady about her set.

Alice received many beautiful gifts.

So if you find a black angora cat, please don't laugh. Freddie George, proprietor and owner of Sand Springs, will sure be grateful.

Elinor DeSanti decided that she must have the "Bug." She is home ill. Don't let that "Bug" keep you down, Elinor. Blanche Francenconi comes in each morning like a breath of spring. She gives us inspiration.

Welcome to all the new girls and boys in our Department.

Industrial Oils Assembly

by Georgina Joo

A belated welcome to all the new workers in our room.

We are sorry that Gus Graham had to go back to the hospital. We wish him a speedy recovery.

Mickey, Patty Ann and Jacqueline, daughters of Charles Blouin of Check Inspection at Marshall Street, holding Robin Ann, daughter of Jean Charon, formerly of the Marshall Street Shipping Department. These four charming youngsters are the nieces of Claire Manigine of the Shipping Department. Pattie Lee Morin, age 6, is all dressed up to go places.

Pattie is the niece of Virgie Morin and Mary Ursi of the Net Work Department, Sandra Lee King seems to be having a fine time at the fair. She is the daughter of Eleanor King, all decked out in his new suit.

Bernadette, age 8, and Robert, age 12, are the children of Angelo Mastroianni. Angelo is employed in the Maintenance Department at Marshall Street.
HARDEN HINTS
By Joan Deans

"Big oaks from little acorns grow"—or rather in our case, good plants from tiny seeds. Now is the time to get started if you have decided to have a garden, where it is going to be in your backyard, and what you are going to plant in it, for the time is going to arrive, and sow your seeds in a box indoors so that in a few weeks they will be ready to transplant into the garden.

A long rectangular box called a flat is usually used to sow the seeds in; however, most any type of shallow box may be used. When sowing the seeds, distribute them as evenly as possible.

To sow the seeds too thickly thus caus-
ing overcrowding of seedlings. One of the best ways is to sow from seeds of average size is to cut off the corner of the seed packet and then "cup" the seed in the flat. When the seeds are sown in a box, they should be evenly covered with soil. However, if the seeds are very fine they then are merely pressed down into the soil. Remember to label the rows for identification.

One of the tricks of the gardening trade in order to insure successful growth of the seeds is to water from the bottom up by allowing the seeds to rest in water. This is done by setting the box in the bathtub (if the box is in the family allowance, you may also use a container holding about one inch of water. When you see the soil on top of the box becoming moist, then it is watered, and put it in a room with the temperature at 65 degrees and bright light. After two or three days it should be forced to put in that newly painted kitchen, but the sun porch will do just as well as it is light.

When seedlings first appear, make sure they are in a spot where they will receive a great deal of light. Leggy seedlings are the result of lack of light and overcrowding. Be careful that this doesn't happen to yours or your seedlings will be small and your work in vain. It is a good idea to place the seedlings near a window as the sun's warmth will help them grow. Be sure to turn the box every day or so to keep the plants growing evenly.

The growth just as sure as you sow the seeds should you weed the box regularly otherwise the rapid growth of weeds will cause them to crowd out the seeds. For this reason, good soil, food, moisture, and light. Weeding also helps to aerate the soil. It is very easy to detect the weeds. Some of the garden seeds were properly planted in straight rows and the rows in turn were marked with label sticks.

Thinning of seedlings should begin early. At first, every other plant will need to be removed—later on, use your own judgment as to the number to remove. If such plants are merely pinched off, or cut off at the surface of the seed, the rest will not grow. The ground may rot and foster the de-

A Kansas farmer went into the small town bank to see about getting a loan on his farm. He said, "We might be able to do it," said the banker. "Maybe we'd better drive out and appraise the property." On the way back, the farmer re-

The Distaff Side

YOUR CROWNING GLORY

By Mary Gordon

These wonderful warm, sunny days have a tendency to make us all look forward to wonderful weekends, filled with tennis, picnicking and an occasional trip to the beach, and like most women I just don't want to be bothered with any ritual that will rob me of a minute of pleasure during the spring and summer months. However, we still have to keep our best foot forward and make sure that we don't slip up on any part of our grooming. This article will be devoted to your hair, what to do with it and how to care for it. We still have a long summer ahead of us on how to cut down on the time you usually spend on caring for your hair.

For the long or heart-shaped face a side part is suggested. Unusual and unique hairstyles, or the ultimate in high fashion, can be worn most easily when you have plenty of hair. Above all, the Committee urges, make your beauty salon a "must" on your regular grooming schedule, since even the most seasoned women who depend upon professional beauty care.

"Hey, there's a new girl in town," said the other girl. "I wish I knew what to do with my hair."

"Your hair is so light," answered the first girl. "I wish I had as much hair as you have."

"Well, you do have the advantage of having more hair," said the first girl. "I wish I had as much hair as you have."

"Well, you do have the advantage of having more hair," said the first girl. "I wish I had as much hair as you have."

"Well, you do have the advantage of having more hair," said the first girl. "I wish I had as much hair as you have."

"Well, you do have the advantage of having more hair," said the first girl. "I wish I had as much hair as you have."

"Well, you do have the advantage of having more hair," said the first girl. "I wish I had as much hair as you have."

The following are suggestions for you to follow, according to the general type of classification into hair color.

Waves over the forehead, dipping slightly off, are always for the square face. A side part is generally more attractive for this shape of face.

THESE ARE FOR YOUR COOKIE JAR!

TWO CEREAL FLAKE SPECIALS

One reason why you'll like both of these cookies is that they're made with breakfast cereals. That means shelf and it means you're giving your family goodies with a nutrition bonus of cereal's vitamins and minerals.

There's no finer snack for the children than a couple of cereal cookies and a glass of milk. The Wheat Flakes Merinque Cookies have raisins, cherries and nuts in them to make a hearty snack. They alone can be desert, or serve them with ice cream or fruit for lunch or dinner.

At corner of a town the water flows, and their goodness is sealed in the tin can for future eating at any season.

The golden prizes make an interesting salad plate when served with their center of classification into hair color. These prize centers make us all look forward to wonderful weekends, filled with tennis, picnicking and an occasional trip to the beach, and like most women I just don't want to be bothered with any ritual that will rob me of a minute of pleasure during the spring and summer months.

The Wheat Flakes Merinque Cookies are white, a bit thicker than ordinary cookies, and their goodness is sealed in the tin can for future eating at any season.

SPRAGUE LASSIES WIN "GOOD SPORTSMANSHIP TROPHY" AT NEW ENGLAND A. A. U. GIRLS BASKETBALL TOURNAMENT

Lassies Defeated by Bellows Falls, But Win Consolation Game with "Bethovenes"

Nine players, scorekeeper and Coach Cazz Sanecki journeyed to St. Albans, Vermont last week as participants in the New England Girls basketball tournament. The "Lassies" clashed with the Bellows Falls Spartans at 2:30 p.m., Friday, the first game of the tournament, and although the Lassies put up a good fight they were defeated by the Spartans by a score of 41-27. However, in fairness to the Lassies, it should be mentioned that they were not in the best of physical condition for the first game, having to play only two hours after completion of their trip from North Adams, covering about 150 miles and about 6 hours of travel. Just a week or so earlier, the Lassies almost defeated Bellows Falls here in the North Adams "YMCA" gym when a closely contested game resulted in a score of 46 to 36 in favor of Bellows Falls. Miss Betty Walsh of a tall forward for Bellows, scored 17 of the 40 points in this game. Originally, eight teams from New England were scheduled to play in the tournament, however, one team defaulted which left only seven teams to compete. They were as follows: Pro Drugs — Pittsfield, Mass. Squares — Bellows Falls, Vt. Lassies — North Adams, Mass. North Adams — Bethovenes, N. H. Rockets — St. Albans, Vermont Pro Drugs —amp;ect — Drury High School Coach, has finally been able to work his squad outdoors and has also cut the squad to 45. The outlook is not bad, but the team must show a great deal of improvement over last year to be pennant contenders. Adams High School is about in the same bracket. Pittsfield St. Joseph is the dark horse and Williamstown High School should improve this season. Dalton High School looks very good this year and Pittsfield High school, the defending champs, are well stocked with veterans and will belecked favorites.

Major Leagues:
By the time this issue is off the press, all major league clubs will be in league. 

Experts throughout the country have once more attempted to pick the major league winners and it is said that the 16 major league clubs. They have picked the Boston Red Sox in the American League, and the Brooklyn Dodgers in the National League.

Lent below are the selections picked by our experts from Brown Street: Frank Sattelli.

American League National League
1. New York
2. Boston
3. Cleveland
4. Detroit

The highlight of the week end for the Sprague Lassies was when their team was honored by being awarded the "Good Sportmanship Trophy" for their fine cooperation and excellent showing throughout the tournament and the Maple Sugar Festival. In addition, the team Captain, Visny Winiowski, was highly honored when she was selected on the second "All-Star" team of the tournament from a total of 81 players. All of Sprague Lassies use action over the week end, and each and every one of the team contributed to the team success and to the sprague which earned them this trophy.

These players who attended the Maple Sugar Festival Parade in the city, in which the Sprague Lassies participated, were Dot D'Arcangelo, Clara Shakur, Pat Gilmore, Mary Gordon, Christine Adams, Janice Fowler, Laddie Meranti, Marge Gniewosz, and Visny Winiowski. Dot D'Arcangelo, Clara Shakur, Pat Gilmore, Mary Gordon, Christine Adams, Janice Fowler, Laddie Meranti, Marge Gniewosz, and Visny Winiowski were selected on the second "All-Star" team of the tournament from a total of 81 players. What are your predictions for the coming baseball season?

Kenny Russell

What Are Your Predictions For The Coming Baseball Season?

Helen Uni, Industrial Oil Rolling at Brown Street:
Once a Yankee fan, always a Yankee fan. I believe that the New York Yankees this year will again win the pennant, with the Boston Red Sox, Cleveland Indians, and Detroit Tigers taking the second, third, and fourth place, respectively. Although the Yankees have not won the World Series in the past two years, I believe that they will do so this year. The Boston Red Sox, Cleveland Indians, and Detroit Tigers have not been as strong as the Yankees in recent years, and I believe that the Yankees will be able to defeat them in the World Series.

WILLIAMS COLLEGE:

General:
The College Golf and Tennis teams have just completed a successful season of southern colleges and we are sorry to say that they did not fare as well as the tennis teams, but such was the case. But then we must remember that the colleges played Major in these sports, particularly tennis.

Coach Bobby Coombs is working hard with the "Purple" nine and his team looks like a championship football team with so many of the gridiron stars seeking positions on the gridiron. Pitching is the biggest problem, especially filling the vacancy vacated by the graduation of Captain George Ditmar.

“Listen, bud,” snapped the waiter, “if ya wantcha fortune told, go see a gypsy!”

Question of the Issue
