Sprague Electric Application Engineering Office Opened In Los Angeles

Establishment of a Pacific Coast application engineering office and radio noise suppression laboratory to better serve the growing electronics and aircraft industries of Southern California has been announced by the Sprague Electric Company.

"The importance of the Pacific Coast, and the Southern California area in particular, in radar and electronics production has increased to such an extent that direct factory application engineering for our products has become a necessity," said Julian K. Sprague, Vice President in Charge of Sales, in discussing the new move.

"We hope to improve our service to West Coast engineers and designers by this step, eliminating delays in correspondence with our offices and Eastern and Mid-Western plants."

Manager of the new Sprague Electric office, located at 11355 Wasington Blvd., Culver City, Calif., will be electronics industry veteran known as an expert on quality control in electronic production, was, prior to joining Sprague, Vice President of the Quality Assurance Department of the Sundia Corporation, a Western Electric Co. subsidiary, which is a prime contractor for the Atomic Energy Commission. A former assistant chief engineer of the Warner Pathes Neweored, Mr. Bills also served during World War II in an executive technical post at the Applied Physics Laboratory of Johns Hopkins University working on Navy Secret Project "X", the proximity fuse. He also has handled military electronic production problems for the Crosley Corporation. Mr. Bills is a graduate of Cornell University.

Other members of the staff of the new Sprague Electric office include George S. Karoitis, Fred S. Nichols, Paul M. Kuefer, Lloyd E. West, and Dana Grindy.

Mr. Kuefer, a war-time Navy electronics officer, formerly was coordinator of interference filter application engineering at Sprague Electric in North Adams. He is a graduate of Northeastern University.

Mr. Nichols, a graduate of Texas A & M College, was, prior to joining Sprague Electric, research and development engineer in charge of the radio interference laboratory of AIRsearch Mfg. Co. in Los Angeles. Previously, he was engaged in electronic research on government projects at California Institute of Technology and Columbia University.

Mr. Kuefer, a former Air Force pilot, also was previously with the radio interference laboratory of Airesearch Mfg. Co. He is a graduate of the University of Southern California.

Mr. West has had wide experience in the electronics industry for more than 25 years, specializing in capacitor and electron tube problems. He has been with RCA, Sylvania Electric, Solar Manufacturing Corp., and the electronics department of North American Aviation. Mr. West is a graduate of California Institute of Technology.

Mr. Fiske, a registered professional engineer, was with Westinghouse Electric Corp. for several years after receiving his degree from the University of California at Berkeley.

Both Mr. West and Mr. Fiske were formerly with Burgess Dempster Associates, who previously represented the Sprague Electric Company in Southern California.

Sales Administrator of the new office will be Dana Grindy, who was formerly with the Sprague Electric general sales offices at Beaver Street. He holds engineering degrees from Washington and Lee University and the University of Virginia. Prior to joining Sprague Electric, he was with the Aluminum Company of America.

John Smith Promoted To Foreman Of Filters

John Smith has been promoted to Foreman of the Filter Department. Mr. Smith's promotion was announced by Mr. F. H. Potter, Plant Manager, on January 18.

The new Foreman of the Filter Department started his career at Sprague Electric in 1935 testing A. C. condensers. He has worked in the Lab, in the Sample Department when it was under Howard Sherman, in Paper Rolling, as a stock clerk in Industrial Oils, in Prokars, and in the Phase-Lag Network Department. For many years he was Production Planning Clerk for the Industrial Oil Department.

Mr. Smith spent some time in the Filter Department when it was at Beaver Street.

New Brochure Issued

A new catalog on military-grade paper dielectric capacitors has been released by Sprague Electric. Catalog 21 is designed to serve as a guide for Department of Defense engineering and purchasing agents who have to satisfy exacting performance requirements in specifying and buying capacitors.

This 24-page, 2-color brochure is made in accordance with the requirements of military specification JAN-C-25. It is available on business letterhead request only.

Employes Reports

by Betty Burdick

We would like to welcome Sue Blazer and Norman McNally who have joined our office staff. We hope you both enjoy working with us.

George Mulcahy who recently left us to work in Puerto Rico. We wish you the best of luck there. The South Sea sound was very inviting when we glance at the near-zero figures on our thermometers. Mary Gordon recently received a present from her aunts in Puerto Rico, which has taken to the hills, with a pair of skis. She may not be able to ski, but she enjoys her work at the hospital.

Joan Mulcahy, Fred Whitham, Bob Sprague, and Flora Burdick, who are new grandparents. A girl for Carol and Carl Koczela, Doris Richardson, Mickay Murach, Phyllis Brooks. Will all sing some songs.

Patenaude, Pennington, and Cottrell have recently been awarded new titles at the University. Madison, N. J., home for the holidays. Incidentally, Mary’s birthday was celebrated in the home of her mother, Mrs. Helen Jones, Bronius Nakutis, Helen Jones, and Mildred Tanghe.

The church banquet was held in our department on December 20 during lunch hour. Lunch was served by Mary Fern, assisted by the girls. A delicious dinner was served at the Christmas party last Saturday night.

Katharine Rossay, Mina Rondeau’s nephew who was mowing hay. (Elsie Mac Filiault).

The wedding anniversary on January 28. Happy wedding anniversary to the newlyweds. We hope you both enjoy working with us.

Mr. and Mrs. Edward Lamphier also had a family reunion, having as guests his distant cousin Rudolph’s nephew who was mowing hay. (Elsie Mac Filiault).

Bob Sprague, Editor in Chief, is going to leave on vacation next spring. He will be turned over to the New York State Wild Life department on December 20.

Margaret Perreault’s husband is able to resume work after his long illness.

People of the town are looking for accommodations. We consist of Ruby Morse, Sally Tallarico, Chips Janners, Carrie Murach, and Phyllis Brooks. Will all sing some songs.

George Mulcahy

Welcome to the Heat-Sealing Section.

From left to right: Frankie Hewitt and his good friend, Rex. Frankie's mother, Nellie, is employed in Small Order S. Cathy Ann Delaghetti is the niece of Red Delaghetti of Metal Clad. Cathy celebrated her birthday recently. Sue Ellen Johnson's 9 months-old and her father, Chester, works in Miscellaneous Paper Assembly. Mary Sullivan of Mulfed Tululstars (Second Shift) and her three daughters. Rose Marie is on the left and Tanny Ann is holding Carla Jean. John Walsh, of the Machine Shop, has two lovely grandchildren, and they received play cars for Christmas. Mary Elliott, age 2, is on the left; and John Walsh, age 2, is on the right. Bruce is the son of Francis Pasquano who is employed in Shipping.

Virginia Emley is the daughter of Sophie, who works in Block Annex, and Harry, who is employed in Small Order S. Allen Scott is 3; his mother, Barbara, works in Metal Clad Peatie, 3 months. Ross, Jr., at the left, is 3. Mr. Toronimia works Rome, works in Metal Clad Night. John Davis is 2 and Isabel is 6. Aline Monette is at the right. Louis Peiot and Marguerite and mother and father, Rose and Reginald Rouett. All of whom Photo Lab. David Rouett's mother and father and Rose and Reginald are looking forward to spring and fishing a bit longer than most of us.

Crosby, son of Mr. and Mrs. F. A. Lancer? going, past week he brought in the proof He has been around yes, we do. Yes, we do. Hart, son of Mr. and Mrs. F. A. Lancer? going, past week he brought in the proof He has been around yes, we do. Yes, we do.

In honor of Jean Pcirot of Small Order Metal Clad, and she works in the Bathtub Assembly. Kenneth Morris, at the left, is 7; and Paul, and Hazel to John H. Richer's mother hurt both her knees. She is always is enjoying and eating. Larry tells us one story all we question. Everyone has bathed in the spring water since it is very hot, but when our fisherman tells of taking feed to drink when he goes ice fishing and it is 0 outside, we wonder. How about that, Larry. Wedding bells rang around here recently. Morris upman was married. Good luck and our best wishes.

Network and Filter Development Section by Gladys Dubin and Julia Delouias Julia Delouias enjoyed her vacation recently. We hope everyone had a nice Christmas and New Year's.

Our department had a party at the Taconic Tea House. Everyone had a good time. We enjoyed singing by Loretta Lopardo and piano by Ralph MacDonald and a charming guest. Jean White, Fred Scarborough and Mary Daniels provided a duet.

All the girls went to Julia Delouias for dinner and enjoyed it very much. The stuffed macaroni was good; also the pumpkin pie. We sent roses' for the actual birthday the first of the month.

Retail Sales by Barb and Mario A birthday party was held in honor of Bea Campbell at the home of Avilina King on January 9. All the girls in the department attended and had a wonderful time. Lunch was served by Miss King and she was assisted by Larry Van Steenburg, Dorothy Belanger, and Barbara King. Mrs. Campbell received gifts and a decorated birthday cake.

Congratulations and best wishes to Jean Mahoney on her birth of 1947. Harry Pickwell has been having a lot of fun lately picking up the Boston Channel 4. He enjoys his television set, but he wonders how he can do that. Most of us have quite a time just getting Channel 4. We hope Mario Magnani will stop bringing candy to us. It throws the windows out.

The welcome mat is out for Lacille Patenauile who is employed in Shipping.

Fitters by Ginger Birthday greetings from the gang to Mable O'Grady, Edith Royal, and Irene Curtis.

Bertha and Carl Otis celebrated their twentieth wedding anniversary February 2. We hope you have many more.

Margaret Ishower, Claire Danis, and Averil Biondo are lock on their diets again. Remember, girls, no snacking on ice cream when one is looking.

Marjorie Valatta always is eating. Where do you put it all? Mike?

We are sorry to hear Marjorie Rieher's mother hurt both her ankles. We hope she is coming along all right.

John Davis is proud of his sister, Lance, and he has a very good reason to be. Lance brought home his report card with all A's, in nine different subjects. His first semester report card also was all A's. Nice going, John, or should I say Lance?

Mr. and Mrs. James Marshall have announced the engagement of their daughter Hazel to John H. Crosby, son of Mr. and Mrs. F. A. Crosby of Readien, Vt. The wedding will take place in June.

We welcome the new girls to our department and hope they will be working with us.

Formation by Ed Cook Larry Wiel any one know him? Yes, we do. He has been around quite a bit longer than most of us. Larry, along with a lot of others who I know, is looking forward to spring and fishing again. He is quite a fisherman and may be seen along most any stream around here in Vermont. He tells some good fish stories, too, but this past week he brought in the proof of his fishing, a nice 22-inch fish which he caught Sunday. He likes ice fishing, of course.

Larry tells us one story all we question. Everyone has bathed in the spring water since it is very hot, but when our fisherman tells of taking feed to drink when he goes ice fishing and it is 0 outside, we wonder. How about that, Larry. Wedding bells rang around here recently. Morris upman was married. Good luck and our best wishes.

**Miscellaneous Dry Rolling DG-24 Assembly**

Bess Lacy. Did you know the Western Electric Bowling team finished one point behind in the first half of the Men’s Bowling League. Better luck next fall.

John Peters, claims his favorite song is “And St To Sleep Again.” We wish.

Walter O’Brien and George O’Brien tell us Betty Coulter sings to that.

Elmer Fountain keeps the department happy with his jokes. Keep it up, Elmer.

Has everyone seen Bob Delisle’s new haircut. Wow, almost bald! And now Martin Kow with that new pipe.

They tell us Bob Markland is learning to play the piano. That’s right, Bob.

Our deepest sympathy is extended to Theresa Beaudin on the loss of her father.

**76th Birthday (Happy Birthday Jean Drysdale)**

It was a happy seventy-sixth birthday for Jean Drysdale on January 29. At her workstation on the Fold and Inspection Table on Fold Preparation. Jean was surrounded by flowers and a birthday cake. Jean is very active, enjoys her work. She has been employed at Sprague Electric since 1912, and reads a great deal. And what were the birthday thoughts of one of Sprague Electric’s oldest female employees? “It’s a good life and I’m happy. I still thrill to all that happens, keep up my interests, and keep loving people.”

---

**Upper Offices**

by Flo and Sue

We would like to welcome Eddie Winckel to the Upper Offices. Eddie has started working in the Material Control Department. Hope he enjoys working with us. Sorry Emma Rolland has been ill. Hope you soon are back with us.

---

**Bathtub Assembly**

by D. Landry

Pearl Berti’s daughter, Barbara, recently underwent a minor operation in the North Adams Hospital. Josie Sikorski has been very proud of her nephew’s birth of last month. Lorraine Winckel has been employed in Molding. The saying “If you want a short writer to write some notes come due in the spring” was brought home to us this month on receiving our withholding tax statements. March 15 will see the end.

We are very sorry to see that Theresa Paukin’s son, Jimmie, is home in the North Adams Hospital. We hope he will soon be well and home.

Eleanor Wojcik and Clara Lescares have been seen all day. They were at the Putnam Memorial Hospital. Congratulations to the proud parents.

---

**Plating**

by Ls

A daughter was born to Mr. and Mrs. Joseph at the North Adams General Hospital. The baby weighed eleven pounds and three ounces and has been named Gail. She has a sister, Cynthia, who is five years old. Stanley Brown, known as Brownie in the department where he works on electronics, is uncle to Gail and Cynthia. Our heartfelt congratulations to the proud parents.

---

**Metal Clad Tubular Finish**

by Rita Johnson

Best wishes for a speedy recovery to Hazel Winckel and Pat Hartman who have been in the hospital recently. Welcome back to Celia Fleming who has been out on a leave of absence. Congratulations to Kay Lubomard who has been transferred.

We extend congratulations to Ethel and Scotty Brown on their 17th wedding anniversary. Scotty is employed in Marshall Street Formation. The girls threw a surprise party and a pair of gold earrings.

Mare Greer was surprised at a birthday party and presented with watches and a cake. We wish you many more, Mare.

Congratulations to Jane Richardson who has a baby boy; Jane formerly was employed here.

Happy Birthday, Erika. The girls gave her a purse of money and a birthday cake.

We are very happy to see Vi Sjostrom’s pretty sweaters.

---

**Big Catch For Larry**

Larry Wells of Formation not only goes fishing but can prove it. He caught this 21-inch, 5-pound Black Bass in Hoosac Lake. Not bad!

Industrial Oil Stacking by Ann Haeth and Lydia Lewis

Ethel Lohnes, who used to live in the neighborhood, had a visit from her friend Helen Brubaker recently. Helen is now living in New York City. She is visiting Ethel for a few days, and they are enjoying each other's company.

Broom Street Week (February 17-24, 1952)

Resistor Assembly by Chick and Chuck

Althea Harn has left us and is now on her way to California. Good luck, Althea.

Mable Amos and Frances Kord-

van have been transferred to Marshall Street.

Welcome to the casting table on the (Night Shift), Edward Bicos and Lena Giulis.

Stella Bauschamp now is working on the cement table. Good luck, Stella, on your new job.

Joe Brewer of the casting table was promoted to Ruth Boyer. Good luck to both of you from the department.

Welcome back, Peggy Falvey. We are glad you are feeling fine again.

Final Soldering by The Busy Bees

Congratulations to Sylvia Beaudin who recently became a grandmother. Beloved birthday greetings to Ada Fortin. Many more, Ada. Margaret Ciorto wanted her name mentioned in the Valentine's Day issue. She is doing well.

We welcome Dot Erichetto to the Third Shift. We hope Henry Parker is feeling better.

Welcome to the parents of a daughter born January 31.

Mrs. Ralph Bultett, Girl Scout Director, has the honor of being the first woman to get the Civic Service Award given yearly by the North Adams Eagles. Ralph Bultett has been transferred to the third shift. Congratulations, both of you.

Welcome back, Frank Santelli.

Now do you feel better?

We welcome Dot Erichetto to the Third Shift. We hope Henry Parker is feeling better.

Welcome back, Frank Santelli.

Now do you feel better?

Recipes For Your Valentine

SWEETHEART COFFEE CAKE FOR VALENTINE MORNING

This Sweetheart Coffee Cake will say a Happy Valentine Good Morning. If you have heart-shaped cake pans you will mold the cake nicely. With them make the cake into a ring form; the heart-shaped心血管 disease will carry out the valentine motif.

This cake may be basted the day before you serve it. If you plan to keep it overnight, don’t do it. Heat it lightly before serving and ice it while it’s warm, just before serving.

Sweetheart Coffee Cake

1 cup milk
2 tablespoons shortening
1 cup sugar
1 teaspoon salt
1 egg
1 teaspoon grated lemon rind
Melted butter or margarine
2 cups sifted flour

Soften yeast in lukewarm water. Scald milk. Add shortening, sugar and yeast to milk. Mix. Add enough more flour to make a soft dough. Turn on lightly floured board and knead until satiny. Place in greased bowl, cover and let rise until doubled (about 1 hour). Punch down, cover and let rest 10 minutes. Divide in half. Roll out each half of dough to long sheet, about 8 inches wide and 1 inch thick. Brush with melted margarine or butter and sprinkle with Date Surprise Filling. Roll jelly roll fashion and seal edges firmly. Place on greased heart-shaped cake pans, sealing edges together firmly. With sharp knife cut off about 1 inch from top and inside, and 2 inches apart in the top of roll. Let rise until doubled and bake in moderate oven (375°F) about 30 minutes. Ice with a thin confectionery icing and decorate with red cinnamon candies.

Births

High School Basketball; Adams Wins Laurels

The fast-striking Adams High Team crossed the threshold to Northern Berkshires on Friday night by downing Pittsfield St. Joe, 25-18, Friday night and Pittsfield a week ago, 48-35.

The Red and White were forced to come from behind to defeat the Saints of Pittsfield who used losing the first three sets, MacIntosh, Goody, and Gleason, with less than 4 minutes to play, were leading the Adelphians by 7 points. Adams took advantage of the situation scoring 9 consecutive points and ending with a well-earned 48-18 victory. Ed Zalzak and Eric Callahan were the spark plugs in this uprising as they scored the nets with 7 of the 9 points which were made in the timely rally.

In the second set the Pittsfield High sharpshooters, the colorful Red and White turned in their hamper performance of the season. The Foxmen were considered one of the strongest teams in the county and the decisive victory by the Red and White in the Mohonthmont may have another tournament-bound team.

Four Skating Champs

Local Boy Wins Silver Skates Derby Trophy; Son of S. E. Worker Reaches Finals

Four local youngsters took part in the 17th Annual Silver Skates Derby at the Boston Gardens. In the junior class for boys under 16 years of age, 47 skaters competed. lobby Dunham, 11, 11-year-old Drury, Fresney, placed third in the finals of this event and came home with his fifth trophy. Nicky Dunham, also 11 years of age and a freshman at Drury, won his 3rd heat and reached the finals of the same event, but a full ruined his chances to win a prize. Snider placed second in the junior class at last year's Derby.

In the junior class for boys under 14 years of age, Frank Rose, son of Chalmer Rose, electrician at the Brown Street Plant of Sprague Electric, reached the finals by finishing second in his trial in the semi-finals, but was unable to make the first three in the finals.

Dunley Foster, Jr. reached the finals in the same event as a skater was disqualified for pushing him. He failed to reach the starting line in time and the race was started without him.

All four skaters are grandsons of Los Felix, veteran local speed skater who competed in past Silver Skates Derbies. He did not make the trip this year as he was recovering from a heavy cold.

James Brown of Pittsfield accompanied the local group to Boston and took first place in the Midspot Boys Derby. A total of 456 skaters competed for honors in the various classes.

Brotherhood Week is the time of the year when those of all faiths who honestly and sincerely believe in a Creator, in a moral law and in the fundamentally spiritual philosophy of human life should unite not only to keep hands but also to maintain those sacred principles in view of the evolving and disintegrating influences of the modern world.

Girls’ Basketball

Sprague Electric Girls Defeat Septians, 52-14: Lose Hard-Fought Game To Pro-Drugs

On January 19, the Sprague Lassies defeated the Septians at the YonKos Gymnasium by the score of 52-14. The Lassies, a newly organized team, gave their best shot at the start, but experience behind the Lassies gave them a 24-7 lead at the half.

"Laddie" Meranti, a tremendous game for the Red and White, com- pleted with eleven baskets and one foul shot, taking up 10 points. Following is a summary box score:

**Sprague Lassies**
- R. F., 4
- J. Wong, f., 1
- J. Fowler, f., 3
- N. Briggs, f., 3
- L. Damon, g., 7
- K. Robinson, g., 0

- M. Wiess, g., 1
- A. Mason, g., 0
- J. Roy, g., 0
- N. Stephanoff, g., 1

**Total**
- 2

At the Lenox High School Gym, the Sprague Lassies faced the undefeated “Champs” of New England, the Pro-Drugs of Pittsfield, and the Lassies themselves a business entity for the Lassies. This game being the second of the season, the sprague Lassies were fighting for control of the rally. The Pro-Drugs held their lead, coming up in a score of 45-24.

Although the Lassies went down, they retained the second half and gave the Pro-Drugs a great struggle, not forgetting them in the last quarters, but also outplaying them in the second half.

Outstanding for this game were Meranti and Wiess on the offensive, and Fresney and Adams for the defensive for the Lassies. Fresney and Practical both played their usual excellent game.

**Bill Prevey Night**

Plans are just about set for “Bill Prevey Appreciation Night” this week. Here in North Adams, a committee has been formed to represent all local clubs. They are Capt. Andrews, the Police Force, Bernard “Bucky” Bul-lett, sports commentator of WMNB, at the Lenox High School, and the Lenox High School basketball team, Eddie Nash. Anyone wishing to contribute to this event which will enable the com-mittee to present some appropriate gift on the night of February 20, kindly contact me, member of the committee. Bob Kately is doing a fine job at St. Michaels and is scoring constantly in the coveted Pins category.

We were mighty glad to hear that Verne Goodside, Pittsfield’s representative in the local basketball tournament, will be able to compete in the Olympic Games to be contested later this month. Verne suffered an attack of appendicitis but the doctors said the attack was a mild one and would not necessitate an operation at this time.
Jokes
Terence and Timothy, newly arrived in this country, were walking along the street. Suddenly Terence spotted a street vendor's cart with a sign that read: "TIMOTHY, trudgling along. Here lies the dead. His name was Terence. He was 86 years old. And he came from Chicago."

A taxpayer enclosed the charted returns of an income tax refund check in a letter to Internal Revenue Co. of America, 1661 Broadway, New York, N.Y. The letter read, in part: "I am sending you the balance of a $4,500 refund check to which I am entitled. I was told in Chicago that you were very solicitous."

"Oh, no troubles," quipped the backer. "Any time you have a problem, you can always count on the IRS for help."

BROTHERHOOD WEEK, FEBRUARY 17-24, 1952

Time for School Again

No, it's not September. The school bells are ringing urgently in the month of February. It's time to unlearn the ill-taught lessons which threaten the well-being and the very existence of mankind.

Brotherhood Week, February 17-24, is a period devoted to the re-education of peoples. An attempt is being made to wipe out the prejudices planted in young minds by misguided adults.

"But I'm tolerant," a voice rises in protest.

Tolerant of what? What's the meaning of the word tolerant? Why does such a word exist?

It all seems to boil to this. The word tolerant had to be coined because there are people with different religious, skin, body types, personalities, ideas, idiosyncrasies than ours. We in our supreme personalities, ideas, idiosyncrasies than ours. We in our supreme individual's particular pattern. Perhaps that is why we're so satisfied with the chair we bought at the furniture store, or the item of clothing purchased at the local apparel shop. It's like every other person's.

But people are not made like items by modern, mass-producing industries. A pattern only used once and human beings are amazingly different. For peoples to live together in peace, these differences must be accepted and respected.

The hardest lesson to learn is the one which contradicts all we have been taught. Those who recapture the spirit of brotherhood, born with everyone but painstakingly destroyed, have a prize infinitely precious.
