N. A. Music Association Makes Drive For Members

The North Adams Civic Music Association opens its third year with a drive for a larger membership during the week of March 3-8.

It is good for a community to have an organization whose objective is to build and improve the cultural values locally. It is hoped that the present membership of 500 may be expanded to 900 during this coming drive. The support of all music lovers is needed.

“The Make Safety A Habit”, a guide to safety, is enclosed with this issue of the LOG. This colorful pamphlet has been prepared by the Employee Relations Department. Its cartoon presentation of safety was designed for painless reading, and if the good advice in this booklet is followed, you will find your job painless also.

Acknowledgement goes to Mrs. Mary Gordon and Arthur J. Mathews, Safety Director, for conceiving this booklet which approaches safety humorously, and for selecting the cartoons. Final editing was done by Courtney Flanders.

The American Institute of Electrical Engineers has published a new “Bibliography on Power Capacitors”. This bibliography is the first attempt to list the literature on the subject of power capacitors and covers the years 1925 through 1939.

It was prepared under the supervision of a committee of which Mr. Leon Podolsky, Manager of the Field Engineering Department, was chairman. The major work on the bibliography was done by Miss Alice Herrmann, who worked for approximately 18 months in the collection of data for this publication. It was necessary to search references in 182 publications which were printed in countries all over the world. The work was done by Miss Herrmann at the Sprague Electric Company, in the Technical Library of the General Electric Company at Pittsfield, and at the New York Public Library.

There are 918 individual articles tabulated in this bibliography.

Management Dinner Well Attended; Several Out-of-Town Guests Present

On February 9, 386 people gathered in the Blue Room of the Richmond Hotel to enjoy the annual management dinner dance.

Dinner and dancing to the music of Eddie Ames and his orchestra was enjoyed. The tables and the hall had been decorated in a Valentine motif and the ladies were presented with corsages of red camellias.

Out-of-town guests included Alvin Sills, of the Sprague Electric Nashua Division, William Stifer, of the Ferrumotive Corporation, and Richard Hughes, an employee of the Herlec Corporation who is undergoing a training program here in North Adams.

Courtney Flanders, of the Employee Relations Department, made the arrangements for the dinner dance. Mr. Flanders announced that this year the attendance at the party reached a new height. The 386 people who attended showed an increase of approximately 50 persons over last year.

Dancing to the music of Eddie Ames and his orchestra was enjoyed by the guests at the Management Dinner Dance.

Mother's Day gifts and a cake on last year's last work day gift and a cake on February 23rd.

Brotherhood Week comes up this week. We feel sorry for those of us, regardless of race, color, or creed, who must be kept in the Dark about the reason for our special training. Hopefully, when the training is over, we will all be able to verbalize with our hands, the meaning of our training.

Our department welcomes Fernanda Luciesa and Julia Greagly who recently returned to us after working for a short time in other departments. Congratulations to Ed Gross, whose birthday was celebrated with gifts and a cake. Hope you have many more, Edith. We are glad to see Eleanor Donasty back to work after her recent bout with the virus. Also, we are glad to have Evelyn Morton back with us after being out sick.

We are happy to hear Mr. Beaneman's house is on the road to recovery. Speaking of hobbies, Alta Oakes has been busy baby clothes in her spare time making clothes and crocheting for dolls. Where do you get all the ambition, Alta?

Brotherhood Week comes up this month, and we feel it would be nice to practice a brotherly feeling all year round. Each in his own way could help make this week a success, realizing that in this great country of ours each of us, regardless of race, color, or creed, has the American right to express his opinion and live and worship as he pleases.

In this concern for which we work, it would be well to realize this, when we are inclined to make a snap judgment of someone, or something for which they stand. Let's all try to make this week a success by trying to get along with everyone. And it is just as easy to say something nice and be pleasant to them. A lot of happiness comes from making friends with everyone.

Miss Margaret Koeher who is leaving us is one of the little somebody who will be joining the Koeher family sometime next summer, but with her go best wishes from all of us for health and happiness in the future.

In turn, we welcome Betty Neve who has taken Margaret's place. Hope you will all work well, Betty, and your new friends.

Everybody is in the pin-up mood these days. They pin up caps, some pin up hats, some pin up Regal 'galleries' and it must be the Valentine spirit remaining in us.

Colonel Adams is now enjoying his stay in Washington. We would like to welcome back our friends especially when these March winds start blowing.

Some bespectacled girls look quite elegant with their new frames. Very sexy, Jan and Emily.

The poodle cut is becoming quite popular around here. Virginia Supprenant is the latest one, with her semi-poodle.

Poor Rose and Sue were quite run down when they returned from the hospital and we can say that we suggest is at six hours sleep every day or so.

We are glad to see the picture of one of our celebrities in the Transcend next issue — Betty Salta- mora, Starlet from the Vitreous Enamel Development Section. You must have a good press agent, Betty.

Julia Desrosiers

We would like to welcome back our friend Maria Guite, who has been out on sick leave. We will be glad to see her back; we miss her.

We hope Olga Perrault and Wayne Gorman like being with us. They should come again.

We regret that there are no more films being shown at the Transcend Theatre, but there are some other movies presented with a purse of money.

Gladyes Dubie is driving again and Arnaud Dubie is coming. Seeing that her voice is scarier people, Julia Desrosiers is taking vocal lessons.

We are glad to see Doris Lausier back from the hospital.

Theresa Parquin has been twice blessed. Once when her son, Jimmy, returned from the North Adams Hospital where he has been a patient since New Year's, several weeks, and his sister and her husband (Capt. and Mrs. Leslie Bellows) arrived from Italy recently. The family has not been in Italy for four years.

Donatas Jacob's daughter, Jean, returned from New York on leave. She entertained her friends at a birthday party.

Christina Andrews' son, Graham, and daughter, Kay, made the Deux's List at State Teachers College this semester.

Agnes Chabourn has been walking on air since her brother, Staff Sergeant James Keattz, arrived home from Italy where he has been stationed for four years. This is his 17th birthday. He expects his family to arrive from Europe by the 21st of February.

We understand Alice Martin is getting ready with her crystal ball to predict the year's fashion. She claims her crystal ball never lies.

Marcia Martin has been called up to Rutland, Vt. to care for any one who is quite ill.

Rolland Martin has been called up to Rutland, Vt. to care for anyone who is quite ill.

The whole town enjoyed Jeanie's pictures of her tiny dog, Pepper, and, incidentally, her lovely, blue eyes.

We are happy to welcome back our friend, Laura Skowron. We are glad to see her back.

Frances Roy's son, Yeaman Alfred Roy, spent a leave home at prior to his being sent to the 10th Air Base in Ovanda, Virginia.

Annie O'Neil is proudly displaying a picture of her new baby, a boy, by her son, Pict. Robert O'Neil, in the hospital. Annie O'Neil has heard from her son, Corporal Roland O'Neil, who recently returned from Italy, that he is enjoying himself.

Valerie Wolowsky, Luray Falco, Irene Pigeon, and Shirley Battier are spending their last weeks here enjoying the new roller skating rink on Dalton Avenue. They ate their meals off the rink for a few days.

Adams Needs Pitts. Victory For Championship, Drury Making Comeback Late In Season

Sports Editor - Kenny Russell

Although suffering an unexpected defeat at the hands of Dalton, Adams, drivers and fans are already looking forward to the Northern Berkshire Championship. It is doubtful if Pittsfield will come through, however, as they soundly beaten by Adams earlier in the season on their home court.

The schedule of games in the tables, will force a playoff between Adams and Pittsfield St. Joseph. The winner will meet either St. Francis or Lee who are all tied in their Southern Berkshire scramble. Pittsfield St. Joseph, by the way, isthe leading candidate for the Berkshire Championship by turning back Pittsfield, 52-43.

Drury is out of the championship race, but Coach Charlie Boeuerle's boisterous cheer of words to Pittsfield for the battles which they gave Adams only wish St. Joseph and be the resuming given to Pittsfield of pave for the Pittsfield of pave for the...
February Is Heart Month

Where Your Heart Money Goes

Of the money which you give to your local Heart Association, 66% will stay right here in Berkshire County. It will go to support the Berkshire County Chapter of the Massachusetts Heart Association which was organized in July, 1951.

Right now, this association is supporting a heart clinic in Pittsfield which is open upon referral to any heart victim who cannot afford medical care.

The other 40% of your heart gift is broken down as follows: 25% goes to the National American Heart Association and 15% to the Massachusetts Heart Association for administration program and principally for research.

Have a heart for those who have heart trouble; support Heart Month.
