SPRAGUE-FRANKLIN TECHNICAL INSTITUTE REGIONS SECOND SEMESTER

It was back to school last month for 40 Sprague employees. The classroom doors opened at the Marshall Street plant for the second term of the Sprague-Franklin Technical Institute. The latter is a joint effort between your company, which supplies the instructors, and the Franklin Technical Institute of Boston, which supplies the text books and courses.

This program is just one facet of Sprague Electric’s sponsorship of higher education. The major portion of the cost is borne by the Company for those employees completing the courses.

As the second term got underway, three different courses were offered: a preparatory course in mathematics, physics and chemistry; first-quarter advanced course in mathematics, physics and a second-semester advanced course in mathematics and Algebra. Each course is one quarter long.

The educational program is under the direction of the Employee and Community Relations Division. Courtney W. Flanders, Manager of Training, is responsible for the administration of the program. Mr. Flanders and his assistants have been busy preparing the course materials for the 36-week semester which will be all Sprague engineers. They are Clark Anderson, Walter Lamphier, Walter Lamphier, Walter Lamphier, Walter Lamphier.

COURTNEY W. FLANDERS, Manager of Training, is responsible for the administration of the program. Nine New Additions To Management Club

GEORGE BATeman, Job Analyst, Employee and Community Relations Division, came to Sprague in 1935. He is a graduate of Bates College and a native of North Adams. He is married to the former Mary Madelon of Williamstown.

JOHN CRASE, Section Head, Time Study, came to Sprague Electric in 1947. He graduated from high school in Whitesburg, Kentucky, and is a graduate of the Naval Catering course. He is married to the former Elizabeth Stevens of Farmingdale, New York.

PAUL CAUDELL, Section Head, Time Study, joined Sprague Electric in 1948. Mr. Caudell has held positions as a supervisor and a District Engineer in the Molding Department, Molded Tubular Soldering. Prokar Department and Filter Development. He is married to the former Mary Madelon of Williamstown.

ALEXANDER PETRO, Section Head, Time Study, came to Sprague in 1941. He is a graduate of Moravian College and Maranacopp Junior College. He is married to the former Emily Hauser of North Adams. They have two children.

ALLEN THOMAS, Job Analyst, Employee and Community Relations Division, joined Sprague in 1935. He is a graduate of Drury High School and Norwich University. He is married to the former Madelyn Caudell has held positions as a supervisor and a District Engineer in the Molding Department, Molded Tubular Soldering. Prokar Department and Filter Development. He is married to the former Mary Madelon of Williamstown.

It's Back To School...
trying so hard to buy.”

She has done your job and even ruin a business. It has been done, too, and it’s still being done. When I call about an order and get some big excuse, I’m also the customer who never comes back. That’s who I am.

I am. I’m also the customer who never comes back. When all you would have had to do in the first place was blow my top. I am the one who never complains no matter how I am treated. I know what I am. I’m the one who never comes back. That’s who I am.

And when I visit any of your plants, write you letters, or phone. . .and then have those who never complains no matter how I am treated. I know what I am. I’m the one who never comes back. That’s who I am.

I’m the one who never comes back. That’s who I am. I’m the one who never comes back. That’s who I am.

Each year, the United Fund makes its annual drive for contributions during the month of October. This year the North Adams goal is $101,566. Fifteen agencies benefit from your generosity.

The majority of Sprague employees donate to this drive and the few smaller ones throughout the year by means of membership in the Sprague Electric Benefit Fund. However, many have asked, "What do others give?" Presented below is a "fair share" guide which United Funds have published for your convenience.

### BROWN STREET BRIEFIONS

#### Networks and L.C.C. Lines

*By Irene Pigeon*

Hi, everyone. Fall is on the way with turning of the air conditioning units. All the trees are starting to turn to their fall colors. You truly became an auntie once again. Her sister, Rachel Wright, gave birth to a son on September 21st. Ralph was captain of the Pine Valley team. Other team members are: Don Meiklejohn, Plant Engineering; Lou Vincelletto, Filter Development; Paul Garnish, Plant Engineering; and John Ortman, Engineering Services.

### WINNERS - FISHING

#### NORTHERN PIKE

Z. Francis Czerwinski, Fortuna, Wire Coating Department, Bennington, came to Sprague in 1942. Prior to his present position, Mr. Czerwinski has held positions as a Supervisor and Foreman of the Resistor Department and General Foreman of the Resistor Division, both at the Kingston and Nashua plants. He is married to the former Mary Jane Gort of North Adams. They have one child.

#### Industrial Oil Cover Assembly

*By Gladabelle Bowden*

First, let's say that we are sorry to see Martha Donahue leave us, and we wish her luck. Also, we want to wish Alex MacEachern on his new job. Kate Fields is home after an operation, and we all wish her a speedy recovery. Katherine Marchon is on vacation, and she went to see a cousin of ours in Burlington, Carolyn Callender. We all hope Carolyn is fine. Glad and finally got a good car. It is a 1955 Mercury. Now he'll be able to enjoy his rides. Daisy has a new Mexican Chinahua puppy. We hope no one on the steps. Gladis and Isabel went to the horse races. They were frozen, but they still enjoyed themselves. We heard the horses didn't do too well for this month, but always a better year ahead—they hope.

### Sample and Small Order Department

*By Celeste Tallarico*

Vacations are almost over with the exception of Helen Murphy who has one more week left, and Annette Hiskie who is waiting for her two weeks off. Good luck to Annette. Hiskie’s daughter who has entered Our Lady of Elms College. Mary Czerniak has the jack pot this week twice. Good for you, Mary. Madge Tall, you and your husband have enjoyed your riding the new car. Albina Burkett returned from Oklahoma tied but happy. Finally, our friend. She really likes her new cooler No. 2 Dottie... The girls found out the secret of Eleanor "Muriel" LeCapeau. They use "Muriel." Welcome to our new girls. Marie Cooper, Marie Caudle, and we wish her luck. Also, we want to wish Alex MacEachern on his new job. Kate Fields is home after an operation, and we all wish her a speedy recovery. Katherine Marchon is on vacation, and she went to see a cousin of ours in Burlington, Carolyn Callender. We all hope Carolyn is fine. Glad and finally got a good car. It is a 1955 Mercury. Now he'll be able to enjoy his rides. Daisy has a new Mexican Chinahua puppy. We hope no one on the steps. General Salvage

We are glad to report that Charles Wilson, retired foreman of the General Salvage department, has recovered from his recent illness and is back home from the North Adams Hospital. It is expected that he will be able to work again. Good luck, Charles.

Wilson, retired foreman of this department running and growing corn...

While there, they look in the exposure which proved to be very entertaining. Our foreman, William Collier and Frank Jones have returned from their two week vacation which started the same time.

Our members to the club is Joan Giroux who is out on sick leave. Take care of yourselves, everyone.

Soldering Troubadours...Doris Fletcher, Sr. of the Impregnation Department is leaving for a new job. She is among those who have said they will return to this world with the Merchant Marine.

These hip cool mornings have convinced us that Autumn is really here. Mary Lou Parsons came in last week smiling at us the way she ran out of her house just waiting until help came from her hubby. She wishes that she didn't have to wear her warmest coat, but hope to be...Wish me well, Val. I may call on you from time to time...Now that the Little League season is in full swing, Might could grow some fingernails. She chewed them all off watching her son play ball.

Pulse Transformers (Nights) by Anne Sharon and Adeline Segala

Welcome to Gerry LaBelle and Frank James. Hope your stay with us is pleasant. We have a new member, a daughter, Mrs. Stephen Zdon of Chin's Village. She is the mother of two children.

speedy recovery and hope to see you both soon. Yes, say hello to Evelyn Trueheart about vacations? She sure can get you confused. I know I could. Evelyn, we hope you are enjoying your vacation. We are here and in winter just around the corner. The women are getting ready for their evening knitting and crocheting needles during their free time.

Bathtub Assembly

By Josie MacFarlane

Connie Bridger became the bride of Joseph Roberton in a quiet ceremony in the town on October 28th. The ceremony took place in a small church in a quiet town. The couple exchanged rings and took their vows in front of a small audience of family and friends. They were married by a local minister and were blessed with a small celebration at their home afterwards.

Sprague International, Ltd.

Two lovely weeks of Autumn vacation

were enjoyed at home by Beverly Sherman and some of her family. They spent a hectic week in Montreal in early October and Beverly spent some time at home, but it was no holiday. They used those family trips to enjoy each other's company.

The Sherman family also enjoyed a trip to the beach, during which they spent several days at the beach. They enjoyed the warm weather and spent time playing in the water. They returned home feeling relaxed and refreshed.

Western Electric and Miscellaneous Drys

by Ellis Greis and Emily Wingley

Continuing with vacations in our department, we wish to report that Marion Parisio spent a week in New York City. She and her family enjoyed visiting various sites and spending time together. They were able to see many of the city's attractions and return home with many fond memories.

There are still a few lucky people who haven't had their vacations yet. Some are heading for a stranded vacation. Many more are at home by themselves, making the most of their time. But there are still some who are planning their next trip, perhaps to a beach or a mountain. Whatever they choose, they are sure to have a good time. So, let's hope that everyone has a wonderful vacation and returns home with many happy memories.

Coronation. Jean made a beautiful bride and Harold, a handsome groom.
wasn’t that enough until a half mile before she reached the towns, a heavy fog
obstructed her view, causing her to
to slow down. She said all the cars she
were the same color, a d dusty
grey. So, if anyone wants verifica-
tion on three shoes we were shown-
page Eleanor. One morning recently,
noticed stars twinkling in the Filter Department. Looking for
the cause, we found a beautiful diamond on Claire’s third finger left hand.
But, that’s not the phenomena. No
the stars were in Claire’s eyes. She
be married soon to William Hallowell.
Back, best wishes to both of you.
A dinner was held on September 26th at Peter Dinks in
honour of Martha Rorsche, who
will soon join the ranks of motherhood.
An appropriate gift was presented,
and we all wished Martha and Nor-
man the best. At Pete’s we admired
some of the beautiful plates which adorn
the walls. Bertha Roy was
pampered because she collects plates depicting different
states in our Union. She also has a
few foreign ones and is most anxious
to add to her collection. By
the time you receive this LOG, we
hope you are all well. We
are looking forward to the
new baby, Tom. Was it a girl you
wanted? When our regular exp
ter and has quite a few
skinny knuckles to prove it. We
hope Joe Law had a good rest on his
vacation.

Well vacations have come to an end in our department. Here are the last
of them. Margaret Davis, Indiana;
Helen Drobb, at home; Ruth
Boschetli, Niagara Falls; Teny Czaja,
Lake Champlain; Barbara Randeli,
at home; Margaret Charron, Florida;
Irene Richardson, Hampton Beach;
Wallace Crossey, Maine; Rita Card-
inal on, at home; Fannie Ron, the Cape.
We would like to welcome Pat
O’Neill back and also we recently
heard about Claire’s handling of the
delicate garter and Cash-
tellie Kellie. We hope you like work-
ing with us. . A pink and blue
shower was held at the Dinner Bell
for Barbara Randeli. Everyone
had a very nice time. . We have got the
thin man working with us now. He
is our superior. Stafford Lewin.
Welcome back Staff.

Maintenance
by Dorothy Bazzoli
Bob Godfrey’s daughter, Jean,
was recently married. Bob works in
the Sheetmetal Shop. Judy Kelyer,
recently came back from vacation.

Filter Department
by Maryse Reher and Alice Monette
Eleanor Whitney traveled through
Maine on vacation and brought
a better interesting story. She had
to go via a bus trip and which seemed
familiar to her. She wasn’t sure
quite why until a half mile before she
reached the town, a heavy fog
obstructed her view, causing her to
to slow down. She said all the cars she
saw were the same color, a dusky
grey. So, if anyone wants verifica-
tion on three shoes we were shown-
page Eleanor. One morning recently,
noticed stars twinkling in the Filter Department. Looking for
the cause, we found a beautiful diamond on Claire’s third finger left hand.
But, that’s not the phenomena. No
the stars were in Claire’s eyes. She
be married soon to William Hallowell.
Back, best wishes to both of you.
A dinner was held on September 26th at Peter Dinks in
honour of Martha Rorsche, who
will soon join the ranks of motherhood.
An appropriate gift was presented,
and we all wished Martha and Nor-
man the best. At Pete’s we admired
some of the beautiful plates which
adorn the walls. Bertha Roy was
pampered because she collects plates depicting different
states in our Union. She also has a
few foreign ones and is most anxious
to add to her collection. By
the time you receive this LOG, we
hope you are all well. We
are looking forward to the
new baby, Tom. Was it a girl you
wanted? When our regular ex-
ter and has quite a few
skinny knuckles to prove it. We
hope Joe Law had a good rest on his
vacation.

Dry Tubular Finish
by Marjorie Huntfisich
Isabelle Mazinski’s son, Michael,
will be 3 years old in November,
has started kindergarten at the Red
Cobble School in Williamstown.
We understand he really enjoys
Sunny Cozzaglio bought a new stove
for her kitchen. You ought to be
tell now. Sunny. Kaye Tigner
bought a new home and a new Ford.
Congratulations, Kaye. Several
of an attended the wedding of Carol
Lucynski and David Roshare on
September 11th. The couple had a
very good time. Both Carol and
David used to work in this department. Gordon
Edmunds, son of Ruth, recently broke
his arm, but he is now back in school
although he still has his arm in a cast.

Centrifuge Department
by Donald Lofaro
Most of the men in this department
have had their vacations and are now
back to work. . Harry Embry spent
his vacation visiting his daughters in
Maine and also spent a few days in
New York City. Dominic Pisano
visited in Paterson, New Jersey, and
also took his grandchildren to Story
Town, Lake George, N. Y. Donald
Lapinie spent some time at the Rail-
land Fair and also visited Montreal,
Canada. He also spent two week-
sends recently at the Sea-Shore, Casey
Beach on Long Island Sound, North
Haven. Connie Rice spent one week
of his vacation in both New York and
Canada. John Sud-
