SPRAGUE-FRANKLIN COMPLETES TERM; ANNOUNCES FALL PLANS

The end of the school year for Sprague-Franklin students came in the first week in May. The Preparatory Course was completed by 20 students and 19 finished the first year of the Advance Course. Completing the Preparatory Course with honors were: George Barone, Kenneth LeFlave and William McKay. Others completing the preparatory course were: Gerald Bunting, Geraldine Cole, Douglas Dugger, Carl Edmunds, Bernard Finspatrick, Eugene Gambaro, Henry Gambaro, Jr., Ess Jensen, Robert Lincoln, William Pflifer, Harold Rainfelt, William Ross, Frederick Ronza, Theodore Sprague, Charles Wilson and Robert Zito.

Plans are now being formulated for the Fall semester which will begin on September 9, 1960. Entrance examinations for new representatives and students will be given that Wednesday morning, August 10, 1960 at 6 P.M. in the Marshall Street Cafeteria. The examinations are given under the direction of Mr. Richard N. Beaton, Head of the Mathematics Department of the Franklin Technical Institute of Boston, Massachusetts. Applications are now being received and the forms may be obtained from your Foreman, Department Head or the Training Department on Marshall Street. After they have been completed, signed and approved as instructed on the back of the form, they should be mailed to the Training Department in Emplace and Community Relations.

The program offers a Preparatory Course for those who do not have a high school background or would like to review basic courses in mathematics and science before taking the three year advance course. One of the reasons for the entrance examination is to determine whether the student needs the preparatory course. The course may be taken at virtually no cost to the students. A $30.00 deposit is asked of each student and is returned upon satisfactory completion of either of the courses.

The school's Administrative Director in Courtenay W. Flanders, Manager of Training and Publication in James Case and Research and Engineering Laboratories is the school's Technical Director.

The Sprague-Franklin School is sponsored by the School in cooperation with the Franklin Technical Institute of Boston, Massachusetts. The program is designed to answer the need for trained electronic and chemical technicians and to provide employe the opportunity to add to their formal educational background. It also provides supervisory and management personnel the opportunity to review and add to their scientific background.

The Institute provides professional guidance, entrance examinations, and course syllabi. Sprague Electric provides the instruction, tools, equipment, classroom and laboratory facilities.

The instructors are all Sprague employees.

R. C. Sprague Presents EIA Medal of Honor

A. COUMONT NAMED SALES MANAGER OF SPRAGUE PRODUCTS

Appointment of Albert Coumont as Sales Manager of the Sprague Products Company was announced earlier this week by Harry Kaller, president of the direct distributor subsidiary of the Sprague Electric Company.

Mr. Coumont will be responsible for management of field sales for the Sprague Products Company of Sprague electronic components and transistors to a nationwide network of electronics parts distributors. Mr. Kaller will continue as chief executive officer of the Sprague Products Company with responsibilities for setting corporate policies as well as internal management.

"Our business has grown to a multi-million dollar operation from modest beginnings back in 1933," Mr. Kaller said, "and the day to day operations of the Company are so large that sales supervision and contacts with customers is now a full-time position for one man. I am certain that all of our distributors and representatives will extend to Mr. Coumont the same service and attention which they gave me during the many years which I occupied the dual positions of sales manager and president of Sprague Products.

Mr. Coumont first joined the Sprague Products Company in 1956 as assistant to the president. He had

A SIX AREA STUDENTS RECEIVE SPRAGUE ELECTRIC SCHOLARSHIPS

Six local high school students received Sprague Electric Company scholarships at recent Cla Right now and then he moved one step closer to realizing their dreams of going to college.

Students from Drury and St. Joseph's High Schools received scholarships which are intended to assist students who have scholastic ability, leadership qualities, personal and financial need and need for financial assistance.

Lance M. Davis and Francine Mantello of Drury High School, and Joseph W. Paciorek of St. Joseph's were the recipients of the Sprague Electric Scholarships of $50.00 per year for four years. This award is made to children of Sprague employees who graduate from high schools in Adams, North Adams or Williams-town.

The Sprague Electric Engineering Scholarship of $200.00 per year for 4 years was awarded to Walter J. Gajda, Jr. of St. Joseph's High School. This scholarship is awarded to the graduate of a high school in either Adams, North Adams or Williams-town with a major in engineering or science in college.

The Sprague Electric Nursing Scholarship of $200.00 per year for 4 years was awarded to Mary L. Gajda, Jr. of St. Joseph's High School, with the Sprague Electric Cooperative Engineering Scholarship was awarded to David W. Broich of Drury High. Scholarship of $400.00 is offered to a high school graduate living within 25 miles of North Adams who will attend an institution giving a cooperative engineering course.

Frederick H. Whitman, Manager of Wage and Salary Administration, presented the awards to the St. Joseph's students at Clam Night ceremonies on June 15th.

Mr. Robert C. Sprague, Chairman of the Board and Treasurer, was present at the Drury Class Night ceremonies on June 16th to present the scholarships to Drury students.

Mr. Lance Davis is the son of Mr. and Mrs. John Davis of 104 Prospect Street, North Adams. His father is employed as a Supervisor in the Fillier Division.

Mr. Joseph Paciorek is the son of Mr. and Mrs. Walter Paciorek of 26 Meadow Street, Adams. His mother is employed in the Company's Sales Department. Miss Mantello will give her graduation class in June and Mr. Joseph Paciorek will give his graduation class in June.
Nation-Wide Symposium
Introduce New Products

Through a series of nation-wide symposiums, the Field Engineering Department has announced the introduction of new industrial products which will be sold across the nation.

Names in the News

Robert C. Sprague, Chairman of the Department of Electrical Engineering, has recently appointed a member of the President’s Advisory Committee for the Educational Institutions, a position held by Mr. Robert C. Sprague since 1960.

Industry Day

Industry Day was celebrated in Massachusetts May 28. It is fitting that the inaugural of such a day be held in this state, for it has been one of the state’s most vibrant and enterprising regions.

Ten Additions Made To Sprague North Adams Management Group

Victor Abate

Special Products Division, came to Sprague upon graduation from Revenge Polytechnic Institute in 1953 with a degree in Electrical Engineering. He is a native of New Rochelle, New York, graduating from Holy High School in 1950. At the present time he is taking post graduate work evenings at RPI. He is married to the former Mrs. Alice Kohler of Cohoes, New York and they have three daughters.

Chlarscavage

Secretary, Planning and Methods, joined Sprague as an Engineer Trainee while in the Warranted Cooperative Program at Northeastern University. Upon his graduation from Northeastern in 1958, he returned to Sprague and is a full-time employee. A native of Adams, Massachusetts, he graduated from Adams High School in 1955. He is married to the former Nona Nelligan of Pittsfield, Massachusetts and they have two daughters.

William Littlefield

Assistant Manager, Advertis- ing, joined Sprague as an Engineer Trainee April 1955. He is a native of Plattsburg, New York and graduated from Ades Art School in New York, Tennessee, and the Chicago Art Institute. Mr. Littlefield has responsibility for advertising, promotion, and the art field in an artist, layout artist, merchandiser, and advertising artist, and production manager. He is married to the former Sally Clement of Detroit, Michigan and they have two children.

Henry Mallory

Cartoonist, Sprague, joined the Sprague Art Department, took an office supervisory position in June 1959. He is a native of Plattsburg, New York and graduated from Ades Art School in New York, Tennessee, and the Chicago Art Institute. Mr. Mallory has responsibility for advertising, promotion, and the art field in an artist, layout artist, merchandiser, and advertising artist, and production manager. He is married to the former Sally Clement of Detroit, Michigan and they have two children.

Arch Maro, Jr.

— Section Head, Field Engineering, came to Sprague upon graduation from the University of Pennsylvania in July 1953. A native of Philadelphia, Pennsylvania, he attended local schools there. He is married to the former Janice Gleason of Clarksburg, Massachusetts and they have four children.

Nancy Masson

— Section Head, Field Engineering, came to Sprague upon graduation from the University of Pennsylvania in July 1953. A native of Philadelphia, Pennsylvania, he attended local schools there. He is married to the former Janice Gleason of Clarksburg, Massachusetts and they have four children.
Annual Sprague Picture Contest Closes July 11

The annual Sprague picture contest will close on July 11 this year. This contest is conducted each year in order to choose photographs for the annual calendar and engagement book which is distributed to the retired purchasing personnel and engineers all over the United States. This year Sprague will award 53 prizes of $100.00 each for the most suitable black-and-white photographs taken in Berkshire and surrounding counties of Massachusetts, New York, and Vermont. In addition, there will be two special prizes of $100.00 for color photographs which will be used on the covers of the engagement book.

Contestants should submit prints and transparencies to the Sprague Electric, 136 Union Street, North Adams, Mass. All packages should be clearly marked “Sprague Berkshire Photo Contest.” All photographs will be returned about August 22, after selections have been made.

Scholarships

Mrs. Alice Rivers of 191 Massa- chusetts Avenue, is the wife of Mrs. Marie Rivers and the late Mr. Ernest Rivers. She participated in the Senior Clip and the Spring Musical. She has worked to help finance her nursing school expenses. She plans to enter St. Luke’s School of Nursing, Pittsfield, Massachusetts in the fall.

DEMONSTRATION FEATURES NUT & BOLT USES

Mr. K. A. Yeager, Sales Representative of the Ohio Nut & Bolt Company, discusses the uses of welded parts in jig and fixture work before some 65 Sprague Management, Maintenance and Supervisory personnel in the Building 9 Conference Rooms.

SPRAGUE PRODUCTS ANNUAL SEMINAR-TOUR

Preparing to tour the Research and Engineering Laboratories are the Sprague Products Sales Personnel and Representatives on their annual seminar tour: Mr. J. Schimmel, Manager of Scientific Staff Relations, (front right) lead the group on the tour. They are: (front left to right) Mr. Richard Kielty, Sprague Products Company, Boston, Mass.; Mr. Freeman, Sprague Electric Company, Chicago, Illinois; Mr. Ronald Sacco, Sprague Products Company, North Adams, Mass.; Mr. John Thompson, Maitland Smith Company, Ormond Beach, Florida; Mr. William Woodbury, Sprague Products Company, Los Angeles, California; Mr. Tom Mulligan, C. L. Pugh Company, Columbia, Ohio; Mr. Neal Hunter, Pastan-Hunter Company, Syracuse, New York; and Mr. Spencer Gullick, Trinkle Supply Company, Merchantville, New Jersey.

Employee Benefit Fund Continues 1960 Donations

The Sprague Electric Employees Benefit Fund continues to make donations to area fund raising drives. Since this report in the April Log, the following amounts have been donated:

- North Adams United Community Fund: $3,000.00
- Westfield Community Fund: $1,000.00
- Williamson heart Fund: $2,000.00
- Stamford, Vermont Heart Fund: $1,500.00
- Williamson Cancer Fund: $600.00
- Adams, Mass. Cancer Fund, Inc: $500.00
- Stamford, Vermont Cancer Fund, Inc: $25.00
- A total of $6,000.00 has now been paid to the North Adams United Community Fund on the pledge of $14,300.00 made for 1960.

Major additions to plant facilities at the Ashe County, North Carolina, and Visalia, California Plants were recently announced by the Company.

Work has already started on an addition of 20,000 square feet of space to the main factory building at the Ashe County Plant. This will raise its total area to about 150,000 square feet and provide a substantial addition of 40 feet to the Etch House, adding about 1,500 square feet to its area. It is planned to complete the entire building project by the end of the summer.

The work on the addition to the Visalia Plant is to start shortly and will be an increase of about 15,000 square feet. The present one story building has about 22,000 square feet. Thus the addition will bring this to about 37,000 square feet. An expansion room plus increased space for filter and magnetics production is included in the plans. It is expected that the whole expansion program will be completed in about four months.

Industry Day

Continued from page 2

Where does Massachusetts stand as it competes with 49 other states to attract the skilled workers it needs to maintain its standing as one of the nation’s major manufacturing centers? Massachusetts ranks tenth in the list of industrial states in terms of value added to its industrial community. Massachusetts employs 17.2 per cent of the nation’s manufacturing workers, 10.2 per cent of the rubber workers, 7.4 per cent of the electrical machine and appliance makers, and 5.9 per cent of the textile mill products workers.

Massachusetts stands fifth in the ranking of states in electronics, with 8.5 per cent of all electronics companies, while the New England area ranks third of nine electronic regions. The New England electronics companies tops all other New England states.

The Federal Reserve Bank of Boston, in describing the importance of electronics to Massachusetts, said, "It is in New England manufacturing, which (in turn) supports basic science and engineering, that the state’s competitive advantage is most apparent in the world markets."

Sprague-Franklin

Continued from page 1, col. 1

The Advanced Course of three years provides an electronic and chemistry curriculum. The electronic cur- riculum is composed of mathematics, which includes all arithmetic, algebra, plane geometry, trigonometry and use of the slide rule; and physics, which includes mechanics, heat and electricity; and chemistry. This is a one year course divided into two terms.

A. Coumbett

Continued from page 1, col. 2

previously been service coordinator of the Radio Electronic Television Manufacturers Association (now FIA). Prior to that post, he had been manager of sales for electronic products of the International General Electric Company in New York.

Mr. Coumbett’s experience in the electronics industry goes back to 1936 when he joined the engineering depart- ment of the old Colonial Radio Corporation (a predecessor of Syl- vania Electric Products, Inc.) He later occupied various technical posts with the Allen D. Cardwell Manu- facturing Company and with the Electronics Department of the Gen- eral Electric Company.
Departmental News . . .

Busy Beaver News

Hi-Reliability

At this time I would like to welcome Mary Zito, Elizabeth Berger, Daisy Major and Bernadette Richmond to our department. I know you will enjoy working with us. . . Mary Zito was sure excited about getting ready to go to her granddaughter’s graduation in Erie, Penn. She sure takes a lot of kidding from Larreta James and the other girls on the table. We still haven’t found out how old she is, but we sure have a lot of fun kidding. Mary you sure are a good sport! . . . It sure is good to see Florence Carmo back to work after a sick leave. Jim Brayman says he hopes this is the last time he will have to move. He says it takes him six months to write. We sure hope not, Jim. . . . Marie Bourdon has two grandchildren graduating from St. Joseph’s this year. Jean St. Denis from 8th grade and James St. Denis from High School. They are the children of Harold of R. & E. . . . Rita Sorel’s daughter, Louise, graduated from 8th grade at St. Joe’s. She sure was kept busy getting her ready for graduation. Dot Davis will be spending her two weeks’ vacation at Lake George. I hear she is going to learn to water ski while there. I can hear the echoes now. I wish I could be there just to see her. . . . A certain young girl was sure surprised to learn that flowers she watered at the cemetery were only artificial. I can hear the echoes now. I wish you have many, many more. . . . Hope this will take care of the past. We will be looking for the future in which I hope we will have more to write. So until next month—— keep a smile on your face! . . .

Hi-Rel. (Nights)

Janet Mahon

Hello Girls: This is your new reporter signing in. I’m taking over for Veronica Siben who has left us to go on days. We wish her good luck and we thank her for the splendid job she did as our reporter while she was with us. Here’s hoping I do as good a job. . . . First we would like to welcome Jane Debett to our room.

We’re a little late, Jane, but you know what they say “Better late than never” . . . Also some belated birthday greetings to Shirley Lenia, Pauline Coulak, Jane Debett, Angelina Dowus and Joseph Barriere . . . We also have two belated anniversaries—— Angie and Mel, 14 years, June and Ted, 24 years. Sorry to be late, but happy birthday and happy anniversary to you all. Hope you have many, many more. . . . Hope this will take care of the past. We will be looking for the future in which I hope we will have more to write. So until next month—— keep a smile on your face! . . .

Misc. Paper

by Doris Richards

First of all I would like to say welcome to the ‘new’ girls in our midst.

Log Fishing Derby Draws Fine Turnout of 300 Anglers; Warm, Sunny Day Brings Out Fishermen of All Ages

Watching the scales as the heaviest fish of the day is weighed in are: Ed Bourdon of Warehouses, Marshall Street, who caught the 5 lb. 5 oz. black bass; judges John Davis and Lou Vincellette.

Nailing up the sign to announce the opening of the Derby is Lou Vincellette of R & E. Looking on is Dennis Lefebvre, son of Alfred Lefebvre of the Pipe Shop.

Adult Contest Winners

Edward Bourdon, Warehouse, Marshall Street — camp saw.
Bill Fortini, Incoming Inspector, Marshall Street — Red, red and creel.
Enri Gamauchi, Ceramics, Marshall Street — Coleman lantern.
Clinton Hutchins, Research & Engineering, Marshall Street — fishing vest and creel.
Frank Goloski, Ind. Oil Stacking, Brown Street — fly tying kit and basket.
Apasses Vidal, Metal Clad, Beaver Street — basic red and red.

Children’s Contest Winners

Lee Ann Blanchard, daughter of Lyf Blanchard of Quality Assurance & Reliability — again casting rod and reel.
Frank Lampias, Jr., son of Rose Lampias of Misc., Papers on Beaver Street — fishing rod and reel.
Leo Bourdon, son of Ed Bourdon of the Warehouse, Marshall Street — fishing rod and reel.
Don Lefebvre, son of Alfred Lefebvre of the Pipe Shop, Marshall Street — spinning rod, reel and line.
Francis Banje, Jr., son of Francis Dargie of Filters and Marie Dargie of Material Control — life jacket.

Winners in the children’s contest were: Don Lefebvre, son of Alfred Lefebvre of the Pipe Shop; (not identified) Leo Bourdon, son of Ed Bourdon of the Warehouses; Francis Dargie, Jr., son of Frank Lampias of Filters and Marie of Material Control; Lee Ann Blanchard, daughter of Lyf Blanchard of Quality Assurance & Reliability; Susan Davis, daughter of John Davis of Filters; and Keith Ruhman, son of Irving Ruhman of R & E on Brown Street.

Ind., Oil Stacking, Joe Bourdon, son of Ed Bourdon; Susan Davis, daughter of John Davis; Keith and Cheryl Ruhman, son and daughter of Irving Ruhman; Bruce and Charles Boucher, sons of Victor Boucher of R & E; Caryl Goetsch, daughter of Henry Goetsch; and Carol Davis, daughter of John Davis.

Recruit No. 2

“Patience is a virtue” — especially when it comes to fishing. Patiently waiting for the big bite are Charles and Kevin Boucher, sons of Victor Boucher of R & E.

Picture No. 3

Lined up along the shore at a good fishing spot are Joe Stachelek, Jr., son of Lillian Hartwig of Paper Rolling; Bernard Boursen, son of Ed Bourdon of Marshall Street Warehouse; Andy Vidal, son of Agnet Vidal of Metal Clad, Beaver Street; Leo Bourdon and Ed Boursen, Jr., sons of Ed Bourdon; Eddie and Dave Goetsch, sons of Henry Goetsch of Employee Relations; Gale Stevens, niece of Frank Goloski of Industrial Oils Final Assembly. Their fine efforts of fishing made the Derby the success it has always been.

Donald David Dubie, son of Ann Dubie of the Filter Department, graduated in 1968 at St. Joseph's with the class of 1960.

Another of the many June graduates is Evelyn Dupuis, daughter of Anne Dupuis of the Clerical Department on the Staff of the Office of Quality Assurance Control.

A very pretty June graduate is Yvette Dupuis, daughter of Anne Dupuis of the Clerical Department on the Staff of the Office of Quality Assurance Control.

"What do you say, gang," says Michael Stephen Noetzel, 5 month old son of Edward and Mary Noetzel. "This Mr. Frank Mroz is a valuable man painting his house. He recently told his reporter, "I'm down to 208".

Purchasing
By Leo Walden
From all reports it seems a beautiful Memorial Day weekend day. Mr. and Mrs. R. A. Fairbanks visited Cape Cod. Outdoor furnishers were put to good use. A steak cookout was held at the home of Mr. and Mrs. Arthur Madaras to celebrate their 40th wedding anniversary — also the 19th for your reporter ... Bob Howard took advantage of the sunny skies and painted his house. We also understand he is an excellent cook — having fed over 200 from St. John's parish ... Deea Delch and Chap went windsurfing in the waters while Fairlane Fis Hun dred ... Vincent Tan- son's of Brown Street Purchasing is with us temporarily, replacing Joseph O'Keefe who is out on sick leave. We are happy to hear that Joe is coming along fine ... Congratulations to Marg Roberts, formerly of Purchas- ing ... Mr. and Mrs. Emilie John attended graduation exercises at Valley Forge Military Academy, Wayne, Pennsylvania for Emilie's nephew, Peter John, on June 3rd.

Check Inspection
By Betty Jenny
Congratulations to Donine Marie Nowell who graduates from Adams Career Academy on June 3rd. Her Dad is a Supervisor in Check Inspection at Marshall Street. Our fore- man Victor Medina receivedquite after his vacation. He just complained that it didn't last long enough. Liz and Jo Sullivan spent the holiday weekend at Lak Champlain and had a wonderful time. They made reservations for their 1st week of vacation — the first week in September. Joe and Mary Jane Geoan attended the Tulip Festival at Albany on May 13th. She and Mr. Geoan took pictures of the tulips and of course the Tulip Queen. Jane tells us that the colors are beauti- ful and every picture is perfect. She also took pictures of the azaleas at the Pinfield State Forest. Picture taking is a lasting and enjoyable hobby. Mary Odel and Lil Grande are taking the first two weeks of July for their vacations. Mary is spending her summers at Lake George and Passaic, New Jersey. Lil plans to tour the country-side. Have fun! That's what vacations are for ... Jim Lewis has spent a couple of weekends in New York City. Donald Langer is on vaca- tion at present. We hope he has a nice time, I hear. . . William Adams keeps the airplanes happy — travels to Mexico and Europe. . . Joe Martorella has a friend in Europe who sends him a few accidental dents. Myrna is the daughter of Mr. and Mrs. L. Mullen and is graduating from Drexel. She is a Phi Mu member and is enrolling Katherine Gibbs School in Boston ... We have Janice Wheeler loads of luck. She is the daughter of Mr. and Mrs. Bill Wheeler and is graduating from graduate school this week. She will enter St. Joseph's High School in the fall ... We are all waiting for that tomorrow at Joe Marconis's garden ... Loads of luck to all the graduates. Mr. and Mrs. Harry Dreyfus and Mr. and Mrs. Joe Marconis of Lake Champlain ... Bill and Jean Wheeler are sporting around in a nice new station wagon, their's a cream and yellow Plymouth.

Jean Mazzilli of Fellers, proudly holds his baby girl, 3 William Paradise, 1 weeks old.

Small Orders
By Julia Donnie
Our Legion member, Dorothy Belanger who has been on a sick leave, is very happy to hear that she is better. Dorothy and Andy Cote spent the week holiday-end at Lake Champlain. They had a very nice time, but no fish and a nice suntan. Happy birthday to Hurley Sherman. Hurley and Ralph spent their holiday in Long Island and enjoyed it very much. Jeff and Scott are the big attractions. Con- gradulations go to Anne Marie Mullen ... Ann Marie is the daughter of Mr. and Mrs. L. Mullen and is graduating from Drexel. She is a Phi Mu member and is enrolling Katherine Gibbs School in Boston ... We have Janice Wheeler loads of luck. She is the daughter of Mr. and Mrs. Bill Wheeler and is graduating from graduate school this week. She will enter St. Joseph's High School in the fall ... Bill and Jean Wheeler are sporting around in a nice new station wagon, their's a cream and yellow Plymouth.

Jovana has graduated from Adams Career Academy, Wayne, Pa. ... We are glad to hear that Jovana is taking a trip to Cape Cod and be camping at Windsor Jams over the 4th. . . Adeline Segala will also be visiting her sister. . John Bradley has a very nice suntan. . . Vera Davine and her brood will be camping at Winston Jams over the 4th. . . The news is grim and is becoming engulfed by the jungle of people which is overflowing all about us ... Their tentacles reach over, under, between, around our decks ... Even since Bertha Richard's giant heart beat got up for the ceiling light, it seems our jungle has thrived miraculously, as even the African violets which double as a slight assist from the half-tranquility of Stin-Upland (to promo- gate growth and blooming) they devour every Monday morning. As one of the ices creeps stealthily towards my typewriter, I hasten to jot down for posterity the little anecdotes which made life so cheery for our International Sex month last week. . . . sprague electric log
Page 8 June, 1960

Ella Genesi is very proud of the 7 month old twin granddaughters shown above. They are the youngest members of the family of Mr. and Mrs. Genesi Breda. Their sisters are shown below.

Friends at a camp in Ver. — for kicks, they put on a motor on a canoe and skin the lake ever so gracefully, like a mod. Ed Newman is sick. He spends a splendid Memorial Day weekend in New York taking in such sight as the Metropolitan Opera, St. Francis of Assisi in Greenwich Village, tennis, socializing... Good girl — that Ivy's getting close. Ops, there goes my typewriter.

Dry Rooling and Western Electric

Flash No. 3: Fun Men — Eddie Borek likes Marge Callahan's cakes, but he dislikes the fact that the freezing sticks to the wax paper and he can't get at it. We would appreciate it if Marge would bring the freezing in a little dish with a spoon, so that Ed can eat the cake and really enjoy it.

Flash No. 2: Can You Top This? Usually there would be plenty of themselves when it comes to the sizes of their garments, but this is not so with Ed Newman. He was found about his laxity in this direction when Mary Contrammeche bought a new blouse recently. She (Mary) was showing it to a group of girls when Terry suddenly asked her what size it was. It's "32," Mary replied. Both the girls seemed to be about the same size, so everyone was surprised when Terry exclaimed, "How can it be a 32? I wear a 34." This good natured flickering went on for several minutes, and then quiet reign supreme. But the silence ended abruptly when Terry jumped to her feet and said to Dot Melillo, "Look at the label inside my blouse. Dot, it says 34!" Dot looked — and sighed, and grumbled, and then answered her. "No, Terry, it's 32!" Terry was baffled by her error, but very glad to know that she wasn't bigger than Mary after all. That's Terry for you!

Flash No. 3: Congratulations — Adam Novak recently became the proud grandfather of a bouncing baby boy, Kenny and Connie Staniski are the proud parents. We rather think that this great event is what induced Adam to take a week's vacation... Right, Adam? Anyhow, congratulations to all!

Flash No. 4: Welcome — Dot Crush, Margaret Powell, Mary Kochanski and Janet Bruno are back with us once more. Glad to see you all.

Maintenance

by Dorothy Rezull

We welcome Neil Jones to the Electric Shop and Thomas Dubbel to the Sheermer Shop, also Carol Davis to the Maintenance Office. We hope you enjoy working with us folks... Peg Wagar was surprised recently at a party in her honor by the birth of the girl in the Maintenance Office and Cost Control Office. Catherine Scott and her husband spent the weekend holidayed in Toronto, Canada. Merida Baldassarini and her husband entertained their daughter and her family from Connecticut during the Memorial Day weekend... Catherine and Merida work in the Aging Department.

Retail Sales

by Barbara King

Congratulations to Dot Tutro and wife Yvonne on the birth of their daughter Darw Marie on May 11th.

Salvage

by Herbert Hafey

Warren Maynard has sold his home on State Road in Cheshire and has purchased another in Cheshire Village. Hope he likes his new location... Thomas DeSanty was best man at the wedding of his nephew, Thomas DeSanty, and Mrs. DeSanty... Warren Maynard has sold his home on State Road in Cheshire and has purchased another in Cheshire Village. Hope he likes his new location... Thomas DeSanty was best man at the wedding of his nephew, Thomas DeSanty, and Mrs. DeSanty...

FP Ovens and Cover Assembly

by Margaret Baeck and Edith Fields

Vincent recently took part in the musical at St. Stephen's Academy. Vincent also won 3rd prize in a recent science Fair science at the school.

Shown at her desk in Bathtub Bldg No. 7 Offices by Barbara King

The Sprague Products nine, which lost only to Q. A. R., is suddenly improving and they have hurt the chances, to some extent, of the Control Lab and Brown Street by winning first delites on both teams.

Incidentally the Sprague Products combine shot out the Control Lab 5-0. This could well be recorded as one of the rare moments in the Sprague League when a shut-out has occurred.

Mickey O’Neil pitched brilliantly in shutting out the Control Lab.

Golf League Nears Halfway Point

The Sprague Employes Tuesday Evening Golf League is now nearing the halfway mark and the Rockledge team, captained by Pinky Sherman, leads the 8 team competition by a slim margin. Numerous tie matches and low scores have featured the first five weeks of play. Ralph Fressola shot a par equaling 35 while Walt Schoeder and Frank Osterhoudt have each scored 36’s.

The League now consists of 304 employes with 64 team members and 8 alternates. Employes who have recently been added to the alternate list are Jim O’Neil, Art McAdams, Lawrence Huer, Tony Babcock, Dick Paterson, Richard Vannace, John Barry, Ed Hinkell, Fran Lanore. Tom Burgess, Dennis Donover, Earl Desey, and Mike Geronte.

Tie dates at the end of the first half are as follows:

Winniscope: 24-18
Rockledge: 23-19
Equinox: 22½-19½
Indian Creek: 22½-19½
Pinehurst: 22-20
Taconic: 19½-22½
Oakmont: 18-24
Pine Valley: 16½-23½

Drury Track Team

Western Mass Champs

Drury, the only organized high school track team in Northern Berkshire, has completed another highly successful season under their capable young coach, Herbie Johnson. Not only have the charges of coach Johnson compiled a fine record of victories throughout the spring, but they climaxed the season by winning the Western Mass. title in a meet at Springfield recently. They were in competition against 19 other schools, several of which are much larger than the local school. So it’s HATS OFF to coach Johnson and his formidable track men.

New Arrivals

May 10, Mr. & Mrs. George Champagne, son
May 11, Mr. & Mrs. Donald Tanne, daughter
May 11, Mr. & Mrs. Andrew Darling, daughter
May 11, Mr. & Mrs. Rene LeSage, son
May 17, Mr. & Mrs. Bernard Cardam, daughter
May 17, Mr. & Mrs. Theodore Swiercz, son
May 22, Mr. & Mrs. Robert Haley, son
May 23, Mr. & Mrs. Ernest Roberts, daughter
May 27, Mr. & Mrs. Edward Ryan, daughter
May 27, Mrs. Raymond Grosski, son
June 1, Mr. & Mrs. Lawrence Lewis, son
June 5, Mr. & Mrs. George Scarbo, son
June 7, Mr. & Mrs. George Bureman, son

Introducing Miss June

Joanne McBride & Francis Michalski
Shirley Elmer & George St. Pierre
Nancy Bullet & James Sherry

Dabbling her feet in a cool mountain stream is Joan Williams of the Quality Assurance and Reliability Department on Marshall Street. Joanie thinks she has found the perfect answer to the hot summer weather — and we’re inclined to agree. She is a graduate of the Berkshire Business College in Pittsfield and was graduated from Drury in 1958.

Long Time Employes

Parties Given for Long Time Employes

For over 25 years at Sprague Electric, Bill Collier, Margaret Taft, Paul Gravel, Rose Gravel and Evaldi Supremat. Back row: Francis Wemme, John Pierce, Ziggy Nash and Helen Folino.

Alva Hasluff of Industrial Oil Stacking, tries out the chaise lounge given her by fellow employes. Grouped around her are: (left to right) Paul Bouchard, Gert Bob, Ken Russell, Frances Recray, Bill Sheldon and Ann Heath.

The Sprague interplant league is well underway and all indications show that a close battle for first half championship is in process. Leading the league is the well balanced Q. A. R. team, which is ably coached by Tony Tascone. The Quality Assurance and Reliability team has thus far captured all oppositions due with ease and unless an upset is registered, they will remain unchallenged for the first half of play.
