$270 AWARDED TO ELEVEN EMPLOYEES AT MAY-JUNE SUGGESTION MEETING

Suggestions received a total of $270 richer as a result of the May-June Suggestion Committee meeting. Leading the group was Carolyn Mulkin of Sprague Products who received $100.00. Following her was David Scholz of Test Equipment who was awarded $90.00. Rachel Garrett of Magriss Coil Winding received $30.00 for her suggestion; Roy Amsden of the Machine Shop and Joseph Bianchi of Industrial Oils Finals Assembly both received $30.00; Donald Boardman of Maintenance received $25.00; Peggy Roberts, Louise Faour, Noella Shepard, and Flora Plumb, all of Magnetic Coil Winding, divided $200.00; and Melwood Downs of Sub-Miniature Stock was awarded all of Magnetic Coil Winding, divided $30.00; Donald Scholz, winner of $50.00 suggestion, was present; John Newlove, Section Head, gave a check to his foreman, Bill Navasuk, Test Equipment Department. David is also an Advance Course student in the Sprague-Franklin Technical School.

David Scholz, winner of $90.00 suggestion award, explains his spaghetti cutting machine to his foreman, Bill Navasuk, Test Equipment Department. David is also an Advance Course student in the Sprague-Franklin Technical School.

Sprague Is Awarded Autonetics Contract

Air Force's Minuteman Development Progresses

Sprague Electric Company has received a $1,263,350.00 contract from Autonetics, a division of North American Aviation, Inc., for development of high reliability capacitors for use in the Air Force’s Minuteman intercontinental ballistic missile.

The contract calls for solid tantalum electrolytic capacitors for use in the development of the Minuteman's inertial guidance and flight control equipment for which Autonetics is associate prime contractor.

The guidance system’s performance will depend on the quality level of its capacitors and other electronic components. This is particularly true in view of the fact that Minuteman missiles may be left unattended for long periods of time in concrete-lined underground silos, yet must be ready for launching on a moment's notice.

Consequently, Autonetics is asking subcontractors to manufacture components whose quality in terms of reliability is as high as 100 times above previous standards.

Names in the News

COURTNEY W. FLANDERS, Manager of Training & Publications in the Employee & Community Relations Department, was one of five fathers who gave Commencement addresses at Williamsburg High School graduation exercises. The subject of his talk was "What Business Now Explores of The Graduate."

ROBERT W. HAMILTON, supervisor in the Filter Department, was appointed to the North Adams Housing Authority for a five-year term. He succeeds Dr. Esmond R. Sullivan.

JOHN NEWTON, Jr. — Section Head, Sales Engineering came to Sprague in November 1959 from the Newlon Electric Company where he was employed since 1955. He attended the RPI in 1951 as an Electrical Engineer. From 1942 to 1948 he attended the RCA Institute and served in the U. S. Navy from 1944 to 1946 as an electronic technician. He is married to the former Maradean Lutes of St. Louis, Missouri and they have two daughters and two sons.

JAMES L. THOMPSON, Manager of Planning Engineering, joined Sprague in June 1960. Born on July 30, 1923, he attended Harvard University where he received a Bachelor of Science degree in Industrial Arts in 1940. He graduated from Washington University as a Bachelor of Science in Electrical Engineering in 1948. He attended the Sprague Engineering School in 1949.

JOSEPH ULCICKAS, Section Head, Materials Department, joined Sprague in 1954. He graduated from Northeastern University with a Bachelor of Science degree in Chemical Engineering and continued his on-the-job training at Sprague Electric and Methods on a full-time basis. A North Adams native, he now resides in Pittsfield. He is married to the former Judith King of Pittsfield.

R. C. Sprague Named Grand Marshal Of Fall Foliage Festival Parade

The selection of Robert C. Sprague, Chairman of the Board and Treasurer, as Grand Marshal of the 1960 Fall Foliage Festival Parade was announced by the Festival Committee last Sunday, October 9th. Robert Sprague, who has been a member of the Festival Committee for three years, was announced as Grand Marshal for the 1960 Fall Foliage Festival Parade.

R. C. SPRAGUE

This year's festival will be a week long event, stretching from October 9th through October 16th. Many new features are being planned including a greatly expanded Horse Show, a marshals, the Queen Contest and Coronation Ball, the Festival of Music, and a fireworks display.

Last year's festival drew large crowds and it is expected that the 1960 edition will be even bigger and better.

Sprague Electric Management Group Additions Announced

SUGGESTION MEETING ATTENDANCE

The Sprague Electric Management Group attended the September 1960 meeting of the Sprague Electric Management Group. The meeting was held at the Sprague Electric Company headquarters in North Adams, Massachusetts.

The meeting was divided into two sessions: morning and afternoon. The morning session was dedicated to the discussion of specific projects that were underway in various departments of the company. The afternoon session was devoted to the discussion of general topics related to company operations.

The meeting was attended by representatives from all departments of the company, including engineering, manufacturing, sales, and marketing. The attendees were actively engaged in the discussion, sharing their insights and ideas on how to improve the company's operations.

At the end of the meeting, the attendees were given an opportunity to make suggestions for future projects. The suggestions were collected and will be reviewed by the company's management team.

The Sprague Electric Management Group is an ongoing committee that meets on a regular basis to discuss company operations and to identify areas for improvement. The group is composed of representatives from all departments of the company, and it meets on a quarterly basis.

The next meeting of the Sprague Electric Management Group is scheduled for December 1960. The attendees were encouraged to prepare suggestions for discussion at that meeting.

Marion Carron (center) Employment Manager, discusses Personnel practices and procedures in the final session of the regular Management Group Induction Program. This program was established to better acquaint prospective new members of the Management group with Company policy and procedure. They are: (left to right) Gerald Dubois, Time Study; Henry Tests, QAR; George Champagne, Time Study; John Ogilvie, SPD; Edward Younglove, R. O. E.; John Newlove, R. & E; William Gafoy, QAR; Kurt Schoeni, Mathematical Services; and Joseph Lindmayer, R. & E.

won't amount to a tinker's dam if the same candidate's program for inflation is carried out."

sort of cuss word, mainly because conservatives believe, among other things, "labor bloc" and will vote according to their intelligence and conscience.

That if you're planning to leave your wife some insurance, you hope it will be "purchasing power" of employes. They will say (a) that government spend-

Several workers in the Plant: Jim Fitzgerald (now Ass't. Dept. Head in Sales); Leonard Lewis (now Foreman in Industrial Oil Dep't.); Charles McNulty (now in Ind. Oil Impregnating Dept.); Jack Trafton (now Direction of Personnel); and Jerry Rocken (now Superinten-
dent in Ind. Oil Impregnating Dept.).

Men and women, children and are learning lifetime rules of fellowship and good sportsmanship.

In June 1952 upon completion of his studies at Oxford, he became an Electrical Engineer at Pratt Institute, Brooklyn, New York. He has also at-
tended RPI and Williams College since joining Syracuse. A native of Brooklyn, New York, he is married to the former Barbara Ann Butler and they have a son.

Autonetics

The Air Force has announced that the first Minuteman squadron is to be situated at Malmstrom Air Force Base in Montana.

David Miner has rejoined the Southern California office of the Sprague Electric Company in Los Angeles where he was sales manager of the com-
ponents division.

David Miner Rejoins Sprague

Predictions on the Coming Elections

In a few months Americans will be electing a new President and a new Congress. This will not be accomplished without a good deal of campaign oratory — promises, criticism, attacks.

With no pretense of being political forecaster, crystal-ball gazers, or even experts are willing, or able, to make a few predictions.

Some political candidates will refer to themselves as "liberals," even while proposing measures that will take individual liberty away from private citizens and put control over their lives in the hands of government bureaucrats.

The industrial worker will hear politicians talking about him as if he were a stooled, exploited, over-worked peon who was awaiting rescue by the political party whose candidate happen to be doing the talking.

This same industrial worker may — under the spell of the silver-tongued orator — promises, criticism, attacks.

If your children may be learning, or have learned to salute, cinch belt a ball or tinkle under excellent Y supervision, then they are learning lifetime roles of citizenship and good sportsmanship. During 1959 alone, over 125,000 men, women and children actively participated in program activities. And, the North Adams facility has been awarded beyond their capacity that so registrations had to be curtailed for a limited time and children had to be turned away. These same children may have no other place to go to participate in these healthful activities.

Your United Fund supports the YMCA and its activities as it does 16 other agencies. Through the Sprague Electric Employes Benefit Fund a total of $34,100 is being donated for 1960, but the needs of agencies are increasing and it is hoped that every- one will consider increasing his dona-
tion so that your community agencies won't have to turn anyone away due to lack of funds.

R.D. Miner Rejoins Sprague
All the practice went for naught because the rains came and the outdoor games were washed out. After last year's picnic many reporters had vowed not to become experts at the art of egg throwing.

Vacations: Frances Ravenelle, tour of Maine and Canada. We are beginning to think there is no such thing as a picnic.

The newly formed Vercie Bimbleton was at the picnic. She had gone to the beach with her friend and their children. They had a great time. 

Everyone seemed to enjoy the food at the "indoor picnic".

It took a lot of hot air to blow up those balloons.

**Industrial Oils Office**

**BY DOROTHY SCHO**

Vacations have already started in our department. Our former, John McKinley, took his two weeks and stayed at home catching up on all the work and around the house... Patrice Bouchet took a week's vacation in July, 1960...

The latest saying of our department is: "I'm glad you have a vacation, but I'm glad you have a vacation."
Jimmy Higgins into our group. We ing many other Log works. Pete camp will be jumping with all the; last week. They all had an enjoyable and his friends went Walt Kondej have spite of the rain.

Peg was visiting her vacation at home, and Evelyn Morton spent her vacation at home, and really Mary is back from a camping vacation. . . We also wish to have you back girls. . . Happy-versary. May you have many more by the next reading — and no more --

Barb Marchio, Lee Murray, Sydney Stack, by Sidney Taft and Lucille Dilorenzo. The Ceramic Department's money as Jim Bourdon to Asbury Park, New Jersey. The Logan week-end found Lucille D. Archambault and Sid Taft to a Hawaiian party at Cheshire Lake. Their domestic duties at home... Jeanette Trela could be quite an actress; Lulu Mirando’s version of “Bitcher Boy” will put Ethel Merman to shame; Peggy Zeppa is as perfect with a flower as her hair; and Jane Gross can create some beautiful floral displays. Welcome back Bessie Garceau! We’re all glad to have you back with us. Ned Sceery, our engineer, has a new car. Driving a 1954 Buick he is planning to wear out their shoes once a week at a time instead of all at once. Would love to hear from anyone who can help him out! Fourth of July week-end will go and come by the time you read this. I sure hope it was a safe one as well as glorious for you all.

**Ceramics by Lee Cyr**

Vacation time is still with us. We have one all week and are planning our chance to get out and enjoy summer. We spent the week-end in Burlington, Vermont visiting with her daughter Anne, she will spend part of it in Boston and part of it in California and Buzz Jahnrow will be home in Springfield. Some of us should take lessons from Truehart sure can dance. I think many of us should take lessons from Truehart sure can dance. I think

**Magnetic Finishing by Nicky Uman**

Happy vacations to everyone. By the time you read this John Collwill be back from the beach. Betty Collins and Buzz Jahnrow will be back from Seattle, Washington. Both fellows flew both ways on their vacation. As usual the summer doesn’t mean much news. Angie Cardil is having his vacation and she will spend part of it in Berlin and plan some travel. She is visiting kids and grandchildren and friends. I heard by war of the grapevine expense, but I suppose it’s about that time. You fellows, including our foreman, to his camp at Christle and he was going to take them for a ride in his boat. Our foreman even took his own boat, but none too soon on the boat. What do you know about that, Buzz?

Jack Grady got a rousing cheer when he reported that on Tuesday, May 31st, the day before the open check on Thursday, I think Ray Bliese had something to do with that. Nellie Hovis’ son, Matthew, 1-year old, is back from her honesymoon — looking happy as ever. Sue Lib Gagn spent a few days of her vacation in Fitchburg, Mass. Fran Gayda has settled into his new position and Florida and didn’t let anyone know they were coming. I enjoyed myself very much at the Log picnic even though it was raining. Couldn’t say very long as I had company come from Florida that night.

Flash No. 2 - Farrellite: "Malcolm makes the heart feel buoyant" - so they say. Since Miles O'Grady has left us for a new job as Supervisor, we miss his grinning, his role as representative and his humorous singing. Not surprisingly, you see only about one in eight instead of eight whole hours. We're only kidding Miles! We really miss you, and we hope to see the best of everything from now on.

Flash No. 3 - Progress: Since Jean Raves has opened her new store at the corner of Liberty and Main, we've observed that Janet buys her shoes in double pairs. Those were gorgeous shoes she bought, and, since we're all on our feet, every one wants to start up a grocery business. Good luck to both of you.

Flash No. 4 - Invitation: Anyone having a vacation, and not knowing what to do or where to go, is cordially invited to spend in Mary Espoio's new house at Bldg. 7 Offices. It has many varieties of drinks, and all are welcome. Isn't that right, Mary?

Flash No. 5 - Henry Books: Conrad tells us that Terry Blake is the messiest girl in the school. One day, he put a giant sized barrel there in the hall and the street who was always taking the leaves von in the red.

Schenza Joseph, 85 year old niece of Anna Deeb of Cheilin, took 3rd place in the national contest for baton twirling.

Sproaco Inventory Control Program - Recruit Art! We are very proud that Rose Marie Savio was transferred over to our group. She comes to us with over 12 months experience. We wish her all success and raring to go. To all our old friends, we'll see you next month.

Sacco is home convalescing after being in the hospital for two months. We all miss you, Ron. We hope you get well soon. The following was one of the cards we sent to Ron. Just couldn't resist sending it on all the best to you. How it went:

Dear Ron,

Just heard you were sick and wanted to wish you well. heaven cheer up.

All the children are the dog yesterday but I can't tell which one was yet. The doctor said not to be afraid all is well. He gave me spirit, I'm living in the red.

Sacco is home growing!

Bldg. 7 Offices

by Mary Annino

Your reproduction for the annual LOGC Picnic held at the Memorial Park restaurant. Due to a very rainy day, all festivities were held indoors, but everyone had a wonderful time despite the weather. You certainly won the prize for unscrambling the three word slogan. How about that? This was a very successful competition. We work after enjoying a pleasant two week vacation at home. Verne's on Saturdays is a real quality Control Department. We would like to welcome Verne's manager, George Pasierbiak to the Quality Control Department. We appreciate that you spent two weeks at Camp Bourdon and brought us news of the children. The following was one that is sure to bring us joy:

She will be with us on the Cape. In addition to her children, they are spending their vacation at Wellfleet on the Cape. In addition to their seven children, she has taken with them four of the children of Mr. and Mrs. David Peck. Did you say that you were going there? Did you say that you were going up to the Cape? It is true. She says they were over 103 and never had a day in his life. Well, well. Our favorite old man was always out riding his kids for rides! His car blew up this morning. Just like that. Damn it! I can't say it was bad. I have no magicism if you know what I mean. Remember, you can never know what can happen. They say he was over 103 and never had a day in his life. Well, well. Our favorite old man was always out riding his kids for rides! His car blew up this morning. Just like that. Damn it! I can't say it was bad. I have no magicism if you know what I mean. Remember, you can never know what can happen. They say he was over 103 and never had a day in his life. Well, well. Our favorite old man was always out riding his kids for rides! His car blew up this morning. Just like that. Damn it! I can't say it was bad. I have no magicism if you know what I mean. Remember, you can never know what can happen.

You should be just a joke or something. That's what they say. They were eating and there is broken just South of us. Forty-seven people killed already, and it is very near - but it is true, isn't that something! ?!

Did you read the paper in the after - What is happening up that in the home since 1924? Fortune.

We'd all like to have your kitchens. Do you know what I mean.

Dear, I think I smell smoke in there. Have you known the old saying:

Have to close for now, but sure do hope you'll be up and about and really happy. You really hurt them, you know.

Take Care.

Heat Seal

by Jane Rock

Many things have happened to us in this last few months. Rita Bishop went to New York on the Sprague job. She got her second, third, fourth, and fifth (she is on her sixth) of the same. Her husband, Joseph, and second, third, fourth, and fifth (she is on her sixth) of the same. Her husband, Joseph, and second, third, fourth, and fifth (she is on her sixth) of the same. Her husband, Joseph, and second, third, fourth, and fifth (she is on her sixth) of the same. Her husband, Joseph, and second, third, fourth, and fifth (she is on her sixth) of the same. Her husband, Joseph, and second, third, fourth, and fifth (she is on her sixth) of the same. Her husband, Joseph, and second, third, fourth, and fifth (she is on her sixth) of the same.

When you're on the road, you know how it is. You have to spend your time on short trips - Lake Champlain. The gals appreciate that you were there, if you knew what I mean.

Funeral Development

by Larry Kony

It was a good-bye and good luck and good fortune to Ben Bat Yanoff who attended his grand- son's graduation at Fishkill. Linda Delwitte spent two weeks in Cunamua Lake at Angell, New York, and another at Lake Champlain. Mary Goodmore to Hampton Beach. Ann Dube spent the last of her month at her mother's home. Jeannette Caey went round and about. Millie Blanchard aboard and at sea. Lois Muntz had a trip to the mountains visiting friends or staying at home, but whatever she has wins a whole day. And worked hard to earn a week or two of relaxation. May every one of our vacations in the next few months, have a grand and glorious rest. May all come back to us feeling tip-top and white and healthy, and raring to go for another day or long, long years!

We are very glad to welcome Mrs. Henry Books to the Insurance Division. We wish her all success and raring to go.

The GANG

July, 1960

Emely Woldbye and her two nieces, Paula Emily and Judith Ann Poles, all decked out in Polish nativel costumes. Emily and Judith recently took part in a parade in Springfield, Mass. to commemorate Poland's 1,000 years of Christianization and statehood.
black oil. When I was a kid he was in a tree trying to prune it, but we all think he was trying to get back to his oil-piched owls. That sure is a beautiful shiner Ed. Congrat-ulations to Bob Haney and Bob Janes on their recent marriages. Our welcome mat is out again to Robert Morehouse, Fritz Klein and Donald Laman. We all hope you enjoy working with us. Your re- porter is back in the wiser about after being out on sick leave. I only hope I don’t miss another issue of the Fore- cast.

Emma Vivori of the FP Assembly and her husband Joe who is retired and formerly worked in the Formation Department. They will celebrate their 39th wedding anniversary on August 22nd.

Tantalus Finish

Vacation time is here again and with that thought in mind let’s go to Boston; Philliph Lapine to the Adiron- dacks; Mary Beaulieu to Boston; Eilleen of Pulse Transformer Assembly was one of the invited guests at the Sheraton-Plaza Hotel in Springfield. Denise Koczela, daughter of Mrs. Parsons’ oven? Phyllis Lapine at the Sheraton-Plaza Hotel in Springfield. Denise Koczela, daughter of Mrs. Parsons’ oven? Phyllis Lapine was married on June 18th to Rita Ac- cres honoring Louis Morocco who

Marry has vacancy. The following is a list of those whom I have heard from during this vacation in July; Henry Parker, Ed Dusharme, Mes Dusharme, Ben Landon, Sandy Segal, Leonard Borselle, Jim Ska, Napoleon Parenteau, Babe Gilbert, William Davis, Louis Segala, Emma Vivori and Archie Brown. I was talking to Jack Nulfanni about his trip to California and his visit to the race track. His comment was, “Boy, do you think they’ll put the horse to sleep in there.”

Machine Shop

A stag party was held at Four Beans for Donald Laman who was married on June 18th to Rita Acres. Emma Vivori and Mrs. George Perras are the parents of a baby girl, born on the North Adams Hospital. Welcome to the FP Assembly and we have joined the Machine Shop group.

Sprague International Ltd., by Nicelle Lamorex

From a co-workers view of our re- ports’ affair was a hit but as a party, it was the greatest, besides being a marvelous opportunity for all the reporters to cry on each others’ shoulders. The weather was terrible times we have to dig up the facts, and the fantastic imagination needed to create reports. We have enjoyed the depart- ments. Fortunately, thanks to our worldwide contacts (abom), we do occasionally receive the visit of very interesting personalities to color our otherwise absorbed and hard- worked hours. The most recent being; Mr. Percival Spetering as well as Nightingale rehearsals from England; and Mees. Rod Alva and Humberto Ulipallas from Malaysia. These folks enjoy their visits to our little corner of the universe.

Congratulations to the Hawkins, Kemm and Joan on the birth of a son. June 30th was Emma Vivori’s birthday. We learned to watch Ken Keirim, we know he’s ready to pull any sort off plans to take the kids for the day. Emma Vivori and all her hard labor must have had the “Joe Ferris” strength because the Bag flew like a dart.

Beau- joves with Amen

Our forefront, Charles Sutriput, went to St. John’s Canada for two weeks, commanding the ship. Don Roberts spent his vacation at the White Mountains. He reports that one of his day’s vacation to go to Albany and have her car painted. Gerry Cote took day trips during vacation and Mar- ignani, will not forget his camping experiences (4 days on Mt. Greylock with a few friends) in a burry. His mother prepared him some beautiful lunches consisting of TV dinners, Lasagna, hamburgers and hot dogs but the woodchucks did away with most of his food leaving him with great variety—only hamburgers and hot dogs! We wonder if he’s educated wood- chucks. We’re sure of one thing— David won’t forget his experience... We have quite a motorcycle en- thusiast in our midst and it’s none other than Harry Beery. He is so he’ed up about it that he and his friend, Richard Gray, attended a mammoth motorcycle event over the weekend of June 17-18. Both had an exciting time... Owing to the inclement weather, our annual Fa- miliy picnic was held outdoors at Mountain’s View Restaurant – but it didn’t dampen our enthusiasm one bit! Judging from all reports, everyone had a wonderful time. We leave you now with these few hints and suggestions: “The best way to conv- incr a man that he is wrong is to let him have his own way.” “You are getting old when you have more pills that you have children! “Science Fair” entitled “King Nep- ture” taught us a lot. We’re sure of one thing— Jenny Boy is a happy- happy baby with Amen. In fact, Jenny might be the only thing that’s been lost.” “You know, Joe Ferris, they sure know how to put on a good show.”

Field Engineering

Well we’d like to extend welcome wishes to everyone who has returned as a couple of months now; and to Nancy Ferr who will be with us temporarily for the summer. Also this year has been so beautiful. July birthday to Nancy Ferr, we know you’ll be a surprise birthday. Nancy Ferr, you have been such a gift to the summer. Nancy Ferr, you have been such a gift to the summer.

“Dennis the Menace” celebrates his birthday with some of his friends at the Sheraton-Plaza Hotel in Springfield. Denise Kocuda, daughter of Eileen of Pulse Transformer Assembly was one of the invited guests.

The Sprague inter-plant softball league completed their first half recently edging the formidable Sprague Products nine for top honors in the QAR combine. QAR, under the superb coaching of Tony Tassone, completed its first half schedule undefeated.

Controlling heavily to their unblemished record was the consistent pitching of Fran Brazeau who holds a 5-0 record for the first half. The second half of the schedule will be a double loss and out elimination with the eventual survivor being the winner. Then a double between the first and second half winners will decide the championship for the year.
