Dedication Ceremonies And Open House Held For Sprague Research Center

Over 250 guests attended dedication ceremonies and open house held on October 13 for Sprague Research Center. The informal get-together allowed the various guests to meet members of the Sprague Electric staff and guests from other parts of the country.

Throughout Sprague employees, their families and interested community friends filled the new Research Center on Saturday, October 13. The first guests were waiting when the doors opened at 9 A.M. and the crowd continued until closing time at 2 P.M.

Mr. Robert C. Sprague, Chairman of the Board and Chief Executive Officer, greeted the guests as they entered the foyer. Mr. Sprague expressed extreme pleasure that the reading matter was a "souvenair". His actual work includes making intricate and difficult experimental glass equipment capable of withstand combined pressure and temperature changes. In this same area the watchmaker was performing the finest kind of mechanical work.

 лучшее оборудование. Следующая лаборатория была посвящена разработке полупроводниковых приборов и микрокомпьютеров.

Over 3,000 Employees And Community Friends Tour New Facility During Open House Held On October 13

For The Ladies!

During the Dedication program special activities were provided for the women of the group. Mrs. Robert C. Sprague served as hostess for the affair. Beginning with breakfast at the Williams Inn, the ladies then boarded buses which took them to the Sterling and Francis Clark Art Institute. Here they were given a guided tour of the famous art museum and its many valuable art treasures.

Following lunch at the Williams Inn a fashion show was presented. Attractive daytime and evening clothes and shoes were shown through the courtesy of Vogue and Bryant Bag Rim. The Continental Shopping Center and M. Salvatore and Sons of Spring Street, Williamstown.

Each of the ladies attending the fashion show received a small gift from the Company.

Leon Paldosky Serves As U.S. Delegate To NATO Paris Meeting

Leon Paldosky, Technical Asst. to the Com- Mitten, served as a United Nations delegate to the meeting of the NATO Electronics Commitee held at NATO Headquarters, Paris, in October. Representatives of the U. S. Army Signal Corps and the Naval Electronics Research Laboratory accompanied Mr. Paldosky.

Following the NATO meeting, Mr. Paldosky was transferred from the delegation from the meetings of the International Electrotechnical Commission held in Nice, France from October 14 to 27.

The International Electrotechnical Commission is an arm of the International Commission of Organization of the United States Nuclear Industry.

New Microelectronics Dept. Under Cushman

Mr. Norton Cushman will set up and direct the new Microelectronics Engineering Department of the Company's Engineering Laboratories, it was announced recently by W. B. Larson, President, and Dr. John L. Sprague, Senior Vice President and Co-Director of Engineering. The immediate task of this department will be to develop the necessary capability for fabrication of silicon-based microelectronics, the company's top priority.

Mr. Cushman most recently was Manager of the Bennington Plant, having returned from Belgium in July. There he established and operated Sprague-Electronics in Renais, Belgium.

He is a native of Bennington, Vermont and a graduate of South Burlington, Burlington and a graduate of Johns Hopkins.

C. L. Harvey joins Sales Engineering

Oclic L. Harvey has joined the Sales Engineering Staff of the Sprague Electric Company, it was announced by Neal W. Welch, Senior Vice President, Marketing and Sales. Mr. Harvey will serve as an assistant to George V. Trelleth, Coordinator for Computer Components Sales, Mr. Welch said.

Mr. Harvey joined Sprague Electric from the Elliott Company of Raleigh, North Carolina. He was Manager of Application Engineering for the past 11 years.

Mr. Harvey received a bachelor of science degree in electrical engineering from the University of Maryland with a degree of bachelor of science in electrical engineering. While employed by the Elliott Company he was also employed by the American Institute of Electrical Engineers at the National Bureau of Standards.

Mr. Harvey served with the U. S. Army as a captain in the field

Credit Union Lowers Loan Requirements

The Sprague Electric Credit Union recently announced new loan terms.

The most significant change involved lowering the minimum required credit rating from 7 years, instead of the previous 10 years, on personal loans of $500 with no cosigners, to the previous 7 years. The minimum payment of $500 was also increased to $1500 with 2 co-makers and over 5 years of service.

All loans are fully insured at no cost and the minimum amount to be paid on shares for the six months period ending October 31.; to read as follows: "to fix the rate of semi-annual dividend, if any, to be paid on shares for the six months period ending April 30; and any remaining member of the board of directors, the rate of dividend, if any, to be paid on shares for the six months period ending October 31.; to read as follows: "This section is hereby repealed."

**Miscellaneous Papers by Doris Richards**

It's been "hello" and "good-bye" to Rose Porte, Beverly Bufret, Lorraine Tampney and Linda Cozzaglio. It was a joy to share with girls, even though it was only for a short time.

Emily Rogowski has come to work with us, and we hope she will stay awhile. It's nice having a quiet girl working next to me! We're only sorry that she never did learn to stay off a ladder. She fell from it picking "the peach" the other day. You won't have to kill yourself to get your name in the LOG, Edna. The work is waiting for you in theehangar office.

Emily had a wonderful vacation in Amandas with relatives and friends. She was there sometime... See you later!

**Paper Rolling (Nights) by Justin More**

First of all, I would like to congratulate all of the people who were involved in putting on the Fall variety show. It was great to see everyone trying conditions... Another month is over and the tricks or treaters is over too. We put in a lot of hard work to get our costumes together.

We have a few new faces in pleasant disguise this month. I would like to welcome: Antoinette Richer, Betty Robain, Marjorie Brown, Helen Harvey and Barb Plankey. Barbara had been with us a year, and then moved to the east coast. We were sad to see her go, but we are glad to have her back with us soon. Sorry I had to let you leave. We hope you have a wonderful Thanksgiving holiday.

We have four new boys in our office this month. I would like to welcome: Antoinette Richer, Betty Robain, Marjorie Brown, Helen Harvey and Barb Plankey. Little Sheri LaFrance, daughter of Elaine of Purchasing, seems mighty pleased with her telephone conversation.

picture in the new winter clothes she's having made by her seamstress.

Peggy Brule’s mother and father celebrated their 50th wedding anniversary on October 26th. A dinner party was held at Mountain View Restaurant on October 27th to celebrate the occasion. Mr. and Mrs. Mancone’s 10 children and 26 grandchildren were all present at the party, along with many friends and relatives.

Both Mr. and Mrs. Mancone are former Sprague Electric employees.

Congratulations to Mr. Robert C. Sprague on the beautiful Research Center. Our city is proud to have such a fine building... Many of us are making plans to go to New York City on the Sprague Christmas excursion on December 15th... Peggy Brule can’t wait to see all her friends at the LOG banquet... Happy Thanksgiving everyone... Hurry and get that Christmas shopping done.

Check Inspection

By Betty Jangrow

We were treated to a letter that Lil Grande is feeling fine after her stay in the hospital the first week of October. Keep up the good work, Lil, and you’ll soon be back with us and in the best of health... Stella Zieminski kept her fingers crossed for this lovely picture of her son and his bride in this month’s lovely picture indeed! We wish you both a longer back in his new position as supervisor in Ceramics.

Check Inspectors have been appointed supervisors — the other being Bernie Barbeau. They are working in this capacity.

Even though it is just October, Norman Rodman is making plans for the Christmas party. Norman and Betty Jangrow are in charge of arrangements. Jim Lewis is entertaining friends from New York City.

They enjoy North Adams at this time each year. It’s too bad the rain spoiled the foliage.

Meet three fine young gentlemen. They are Anthony, Michael and David Navallie, grandchildren of Dominick Pisano, watchman, and Alice Pisano of Tantum.

Milbright Shop. We hope both couples enjoy many more happy years together.

Our special congratulations, Catherine Scott, of the Aging Group, returned from her trip to Ireland and expected having a wonderful time. We are still waiting for a full report and maybe some interesting pictures... We would also like to send our congratulations to William Peck on his marriage on October 30th.

Tantum

Harriet and Gladys Moderski. Despite the bad weather, the Fall Foliage Parade was a success with one exception — everyone was spoiled with cold hands and wet feet... Berna- dette Jones and Lorraine Thomas, the two new mothers, are back to work again. We are all glad to have Alice Mancone back with us again. She had been out on sick leave... a big ‘hello’ and ‘how are you’ to those who were feeling under the weather in a sick leave... We are hoping to see you back soon.

Manfreda and Dorothy Far- ion are the two lucky ones at present. They spent a few days of their vacation at the new Americana Hotel in New York City... Our special congratulations... the Emblem Club convention at Atlantic City, New Jersey — elaborate enter- tainment...

Mary Candall and Dorothy Far- ion are the two lucky ones at present. They spent a few days of their vacation at the new Americana Hotel in New York City... Our special congratulations... the Emblem Club convention at Atlantic City, New Jersey — elaborate enter- tainment... 

Many Candall and Dorothy Far- ion are the two lucky ones at present. They spent a few days of their vacation at the new Americana Hotel in New York City... Our special congratulations... the Emblem Club convention at Atlantic City, New Jersey — elaborate enter- tainment... 

Now in her travels, she met a girl who was quite excited... A child so brassy, a child so sassy, but still pure in thought and deed. You can bet this pleased her so much...

Harriet and Gladys Moderski. Despite the bad weather, the Fall Foliage Parade was a success with one exception — everyone was spoiled with cold hands and wet feet... Berna- dette Jones and Lorraine Thomas, the two new mothers, are back to work again. We are all glad to have Alice Mancone back with us again. She had been out on sick leave... a big ‘hello’ and ‘how are you’ to those who were feeling under the weather in a sick leave... We are hoping to see you back soon.

Mary Candall and Dorothy Far- ion are the two lucky ones at present. They spent a few days of their vacation at the new Americana Hotel in New York City... Our special congratulations... the Emblem Club convention at Atlantic City, New Jersey — elaborate enter- tainment... 

Mary Candall and Dorothy Far- ion are the two lucky ones at present. They spent a few days of their vacation at the new Americana Hotel in New York City... Our special congratulations... the Emblem Club convention at Atlantic City, New Jersey — elaborate enter- tainment... 

Now in her travels, she met a girl who was quite excited... A child so brassy, a child so sassy, but still pure in thought and deed. You can bet this pleased her so much...

Union Street Breezes

We hope both couples enjoy many more happy years together.

Our special congratulations, Catherine Scott, of the Aging Group, returned from her trip to Ireland and expected having a wonderful time. We are still waiting for a full report and maybe some interesting pictures... We would also like to send our congratulations to William Peck on his marriage on October 30th.

November Anniversaries...

1, Mr. & Mrs. John Sears, 26th
2, Mr. & Mrs. John Hewitt, 15th
3, Mr. & Mrs. Robert Davison, 13th
4, Mr. & Mrs. Melvin Beaudin, 15th
5, Mr. & Mrs. Alex Vachereau, 35th
7, Mr. & Mrs. Louis Fain, 7th
8, Mr. & Mrs. Robert Fain, 15th
10, Mr. & Mrs. Ronald Brooks, 7th
11, Mr. & Mrs. Larry McConnell, 23rd
13, Mr. & Mrs. Lawrence Lavigne, 11th
14, Mrs. & Mrs. Alfred Davison, 31st
15, Mr. & Mrs. William Belanger, 29th
17, Mr. & Mrs. James McCarthy, 19th
17, Mr. & Mrs. Raymond Marean, 25th
18, Mr. & Mrs. Francis Can, 21st
18, & Mrs. John Hartlade, 16th
21, Mr. & Mrs. William Dayforth, 16th
22, Mr. & Mrs. Theodor Szafzanki, 19th
23, Mr. & Mrs. Victor Blair, 22nd
24, Mr. & Mrs. Anthony Gough, 24th
26, Mr. & Mrs. Chester Trunciak, 11th
26, Mr. & Mrs. William Russell, 36th
27, Mr. & Mrs. Edward Thibadeau, 20th
28, Mr. & Mrs. Edward Nichols, 40th
29, Mr. & Mrs. Ernest Ross, 30th
29, Mr. & Mrs. Clarence Levesque, 33rd
30, Mr. & Mrs. Francis Lesage, 9th

New Arrivals...

SEPTEMBER
14, Mr. & Mrs. Albert Dean, daughter
21, Mr. & Mrs. George Shurlee, son
22, Mr. & Mrs. James Birch, son
25, Mr. & Mrs. Ernest Rossillard, son
26, Mr. & Mrs. Francis Mruz, daughter
28, Mr. & Mrs. James Viera, daughter
29, Mr. & Mrs. Joseph Bissell, daughter
29, & Mrs. Thomas Lewis, daughter
29, Mr. & Mrs. Raymond Lucier, daughter
30, Mr. & Mrs. Francis Lesage, daughter

OCTOBER
1, Mr. & Mrs. Edmund Perard, daughter
4, Mr. & Mrs. Francis Hayden, daughter
8, Mr. & Mrs. Leilie Swaurier, daughter
8, Mr. & Mrs. James Rotke, daughter
14, & Mr. Ralph Burdick, daughter
14, Mr. & Mrs. Everett Tarro, son
15, Mr. & Mrs. Raymond Lumier, son
17, Mr. & Mrs. Russell Noel, Jr., son
18, Mr. & Mrs. Anthony Accetta, son
18, Mr. & Mrs. Willerd Carier, daughter
18, Mr. & Mrs. Clarence Rinesch, daughter
26, Mr. & Mrs. David Nelson, son
27, Mrs. & Mrs. Joseph Lora, Jr., daughter

dates both of the latter, having been formed in the United States in 1904. The Institute has representatives in many countries where the reliability of military electronics equipment is critical. This project is being carried out in cooperation with the Department of Defense and the three Armed Services.

The twenty-three United States delegates who were selected and prepared for the W. E. G. became under Mr. Poddolsky's guidance have been provided by such leading companies as General Electric, Radio Corporations of America, Bell Telephone Laboratories, International Telephone and Telegraph Corporation, General Radio, and by the Signal Corps Engineering Laboratories and the National Bureau of Standards. Mr. Poddolsky is a Fellow of the Institute of Radio Engineers and of the American Institute of Electrical Engineers, and a member of the Berkshire Chapter of the Massachusetts Society of Professional Engineers.

Stockholder's Report

A recent report from the American Institute of Electrical Engineers, which made the selections is Dr. Joseph H. Tappan, Executive Dean of the Schools of Business, New York University. Other members of the independent board of judges are Charles H. Newby, business and financial columnist of The New York World-Telegram; Ivan Cherney, president-elect of the American Institute of Graphic Arts; Donald B. MacMurray, partner of New York Security Analysis, Inc.; and Edward R. Holt, president of the latter group. In all, twenty-nine investment analysts from the New York Security Association also served on the panel.

Fall is here already. It seems as though we just welcomed spring and now we are bidding a sad adieu to summer. I, for one, have to see the long days disappear. Vacations are over and the children are back in school. Boy, is that a fact! The evidence of this is usually piled on my kitchen table as I walk in the door each night—gall bladders!—they get back through the door.

I was with regret that we said good-bye to Mr. Cushman, our recent Plant Manager. He was here such a short time, but long enough for us to know and like him. Best of luck on your new project, Mr. Cushman. John was being breakfasted30 a flashlight recently. His wife gave birth to a 41/2 oz. baby girl named Tammy Marie. Congratulations, John... Bob Welch is also to be congratulated for he also has a baby daughter... We are glad to welcome back Irv D’lgren! D’lgren got back. He has spent a couple of weeks in the hospital in Albany.

Our parking lot is going to have a face lifting soon, and we are going to get more bumplity, bump in the car, or getting upgraded as the can go on. We are also considering nearly为主线 an ad on store as you through the door.

Have a nice Thanksgiving and we’ll see you next month.

Instrument Department

by Mary Moynihan

Peter Quinn is still walking on Cloud Nine even though it has been over two months since his mission was married. We are glad to hear that your mother is coming home from the hospital. Peter.

During our breaks you know we’re all here. Quinn has books with in their hands. They are studying for their courses in Spangale-Franklin. We all hope to have a Fanny Farmer kitchen in our department. Imagine

Laliberte

Continued from page 2 and was named Plant Superintendent.

He is married to the former Anna Warren of Concord, Vermont and they have two children.

Cushman

- THE TRADING POST -

FOR SALE

6-ROOM HOUSE IN WILLIAMSTOWN — large partly finished attic; 1st floor: living room, kitchen, 4 bedrooms, dining room, 3 bedrooms. Attached garage. This home is in excellent condition inside and out. Walk-in-distance to town. Call GL 8-6574.

2-TEENEMENT HOUSE — centrally located near Sprague Electric Marshall Street Plant. 6-rooms each apartment. Separate oil heating boilers; hardwood floors throughout. Aluminum storm windows on each apartment. Newly painted. Price reduced. For appointment call MO 3-3048.

1960 PLYMOUTH FURY CONVERTIBLE. Best offer. Call GL 8-4716.

ALL PARTS FOR ’56 MERCURY (including radio, heater, engine, etc.) Call MO 5-2534 after 5 P.M.

(2) STREET TIRES 6.00 x 13. Used on Falcon but still good. Both for $5. Call MO 3-2484.

(2) PLANT LITE 17 X 2.75. $20 or will swap for 8 mm film editor. Call Bennington 442-2991.

1959 SYLVANIA 21" TELEVISION — mahogany console. $50. Call OX 4-1249.

MIRANDA D CAMERA with 1.9 lens and 400 mm lens mounted on gunstock wall panel. Call 743-1758 anytime.

SYMPHONIC 4-SPEED PORTABLE RECORD PLAYER. Like new. Call MO 3-7576.

DEMONSTRATOR BABY FURNITURE — converts into 16 different pieces. Excellent condition. Call 743-1571.

BABY SITTER IN MY HOME for 9 mo. old baby. From 7 A.M. to 4:30 P.M. Call 743-3364 between 5:30 and 7:30 P.M.

MEN'S USED SKI BOOTS — must be in good condition. Size 10 or 10½. Used very little. This will make some baby very happy! Call Bennington 442-5064 after 6 P.M.

DUNCAN PHYFE MAHOGANY DROPLEAF TABLE with pad and (4) chairs. Like new. Also can use kitchen. Call MO 3-5105.

MERAN 9 PC. WALNUT DINING ROOM SET — table pads included. Very good condition. $20 or will swap for 8 mm film editor. Call Bennington 442-991.

1960 PLYMOUTH FURY CONVERTIBLE. Best offer. Call GL 8-4716.

OPEN HOUSE

Interesting exhibits demontrated the function of these silver/silver chloride units.

Upon returning to the first floor the tour group entered the Solid State Diffusion laboratories. In this laboratory junctions are made on semiconductor material, and it is from work of this sort that diodes and transistors are produced as well as our new integrated circuits. In the Organic Chemistry Department the ultra violet spectrophotometer and vapor fractionmeter proved of great interest. The work in this area is of an advanced research type. Other equipment which proved interesting was the electron microscope which can produce magnifications up to 100,000 times. With this equipment we have learned much about the very minute structures from which our products are made, and we are constantly studying and learning more.

In the basement the service area proved of interest. The most modern equipment provides air conditioning, air filtering and temperature control. In the hall a wall panel had been removed to show how hot and cold water, deionized water, air under pressure, and gas are piped through the tines to each module.

Final points of interest were the metallographic microscope which is used to study the microstructures used in semiconductors, particularly in reference to purity and structural perfection, and the radio frequency equipment which is used to melt germanium and silicon for the growth of single crystals for use in transistors. Following the tour souvenirs were distributed and a light lunch served at the tent at the rear of the building.

Research Center

Through such institutions, as the Sprague Electric Company, more and more people come to share in the rewards of a truly creative, private-enterprise society." Mr. Sprague held a press conference in the Research Center library on the day of the dedication.

Mr. Ernest L. Ward, President; Dr. Wilbur A. Lazier, Senior Vice President; Dr. Frederick M. Fowkes, Director of Research were also present at the conference.

In his opening comments, Mr. Sprague described the laboratory as the "finest research facility in the component industry." He said it would delve into some "highly sophisticated" areas of solid state physics and thin film electronics.

To celebrate the recent remodeling of the Brown Street Cafeteria free coffee and doughnuts were served to employees. Here (left to right) Elaine King, Sandra Pugliese and Margaret Petravice stop by to inspect the new area. Shown in the background are: George Whipple, Cafeteria Manager and Jean Steuer. The Beaver Street Cafeteria was also remodeled recently.

THE NEWS IN PICTURES . . .

Chester H. Lansue (left) of Factory Engineering receives his International Correspondence School diploma from Earl J. Burke, Department Head. Mr. Lansue completed a course in "Selected Units from Mechanical Engineering" to earn his diploma.

To exchange students from Wheaton, Illinois recently toured the new Research Center. Here John Schimmel, III, Manager of Scientific Staff Relations, (far right) explains the use of the Screen Room to the group.

**BOWLING**

The Sprague Ten Pin bowling league is in the middle of its first half schedules and some interesting matches have paved the way so far. Highlights have been plentiful, but topping the list was that once in a lifetime, time save, the unmatchable. 7-10 shots, made by Dick Gaetzer of the Shipping team in the fast Independent League.

You'd Better Believe It!

Irons: For centuries men dreamed of flying, but experts were skeptical. The French astronomer, Joseph Le- lande, demonstrated that flight was a scientific impossibility. Irons: After George Stephenson's locomotives reached the speed of 50 miles an hour, the Munich College of Physicians issued a warning against railway travel. In England, it was predicted that traveling at 50 miles an hour would cause insanity.

You'd Better Believe It!

Irons: When Samuel Clemens proposed to light streets of a London borough with gas, the borough council vetoed his plan. Expert scientific opinion maintained that a filled "gasometer" was hazardous - that lighting a jet might cause all the gas in the tank to explode, reducing the city to ruins.

**A Touch of Humor**
