# LEARNING SERVICES CENTER

---

The Learning Services Center provides support services for students already enrolled in the College, college-bound high school students, and adults returning to higher education, all of whom may need training or enhancement of basic skills.

The structure of the courses allows students to improve basic skills before enrolling in introductory-level courses or to use the review of skills as academic support when taking introductory courses concurrently. The course work provides specific study and problem solving approaches in the area to be learned. Emphasis is placed on the development of efficient reading, writing, and mathematics skills that students use in the college courses.

Students enter the program in a variety of ways. Some students are placed in a SKIL class based on their performance on a placement test; others are referred by their instructors while enrolled. Others seek help on their own because they have discovered that they need it.

Credits earned in courses with a subject abbreviation of SKIL are additive credits. These credits may not be used to meet graduation requirements. However, the grades earned in SKIL courses are calculated into the student's quality point average and are included in determining full-time enrollment.

## COURSE LISTINGS

### **SKIL 096 Mathematics for College**

**3 additive cr**

Provides the means for students to develop mathematical literacy by reviewing computational skills and selected algebraic functions. Students will acquire quantitative sense and confidence to prepare for core curriculum or foundation courses in quantitative skills. Course includes initial diagnostic placement test which determines specific learning units to be covered. The course is individualized and runs with small group, individual, and large group instruction.

**Prerequisite:** Placement based on College testing, SAT scores, faculty or admissions referral

### **SKIL 097 Writing for College**

**3 additive cr**
