According to the recent job forecast report, the business field will be one of four of the largest providers of new jobs through 2018. Businesses are working hard to stay competitive, and many companies are looking for people to manage the growing workload.

Understanding the fundamental underpinnings of how business works gives you a leg up on your career. If you want to be in line for one of those in-demand careers of tomorrow, you should consider MCLA’s Bachelor of Science in Business Administration Degree Completion Program.

Designed for the student who has an Associate’s Degree in Business or an equivalent field, MCLA’s degree completion program in Business will offer you an opportunity to finish the college education that you started, but haven’t had the chance to finish.

Keep reading to learn about MCLA’s B.S. in Business Administration Degree Completion Program.

- The B.S. in Business Administration Degree Completion Program will provide an opportunity for students to become academically and technically prepared for a career in business, government, non-profit organization, or graduate study.

- The program will launch in September 2015 and will be offered as a cohort-style learning model where you will begin your program with a group of other learners and proceed through the program together.

- You may be able to complete the program in just over two years by attending two full years including summers.

- Classes will be offered in Pittsfield.

- Your past experiences may articulate into life experience credits. By documenting your work experiences, you may earn up to 15 academic credits.

- Applicants should have an Associate’s degree or be near completion and must meet MCLA’s transfer admission requirements to be considered for admission. Priority will be given to students who have earned a minimum of 45 - 60 transferable credits.

- Financial aid is available for those who qualify.

- By completing this program, you may be eligible to enroll in MCLA’s Professional Masters in Business Administration (PMBA).
