Guidelines for Students Conducting Research with Human Participants

January 2015

Description of Research Participants examples

Example 1:
Approximately 30 subjects will be recruited from sections of PSYC 100 at MCLA. The principal investigator or his co-investigator will make a brief presentation in the classes and describe the experience by giving examples of the questions student will encounter on the questionnaire. All potential participants must be at least 18 years of age.

Example 2:
Potential participants will be teachers at Barnville Elementary School in Barnville, NH. The principal investigator will post flyers on faculty bulletin boards containing a study description and an email address for those interested in participating. Approximately 10 teachers will be recruited.
