GRAND RIVER SOLUTIONS

Section 106.45(b)(1)(iii)

This training material may not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

Hearing Technology: Requirements and Considerations

If hearings cannot be in person, or if someone chooses to participate remotely, must have a remote participation platform available.

All hearings must be recorded.

Participants must be able to communicate during the hearing

The parties with the decision maker(s)
The parties with their advisors

Evaluating the Evidence

Is it relevant?

Evidence is relevant if it has a tendency to make a material fact more or less likely to be true.

Is it authentic?

Is the item what it purports to be?

Is it credible?

Is it convincing?

Is it reliable?

Can you trust it or rely on it?

What weight, if any, should it be given?

Weight is determined by the finder of fact!

Trauma-informed practices provide tools/techniques for engaging with the Complainant, Respondent, and Witnesses.

An Advisor who oversteps their role as defined by the policy should be warned once. If the Advisor continues to disrupt or otherwise fails to respect the limits of the Advisor role, the meeting may be ended, or other appropriate measures implemented. Subsequently, the Title IX Coordinator has the ability determine how to address the Advisor's non-compliance and future role.

General Questioning Guidelines

GRAND RIVER SOLUTIONS

Format of Questioning

The Hearing Panel or the advisor will remain seated during questioning

Questions will be posed orally

Questions must be relevant

GRAND RIVERS SOLUTIONS

What constitutes a relevant question?

The Department declines to define “relevant”, indicating that term “should be interpreted using [its] plain and ordinary meaning.”

See, e.g., Federal Rule of Evidence 401 Test for Relevant Evidence:

“Evidence is relevant if:

- (a) it has any tendency to make a fact more or less probable than it would be without the evidence; and
- (b) the fact is of consequence in determining the action.”

When is evidence relevant?

Logical connection between the evidence and facts at issue

Assists in coming to the conclusion – it is “of consequence”

Tends to make a fact more or less probable than it would be without that evidence

Irrelevant and Impermissible Questions

Questions that seek to illicit irrelevant information

- Complainant's prior sexual history
- Information protected by an un-waived legal privilege
- Medical treatment and care

Duplicative questions

Information that is otherwise irrelevant

GRAND RIVER SOLUTIONS

When Questioning....

Be efficient.

Explore areas where additional information or clarity is needed.

Listen to the answers.

Be prepared to go down a road that you hadn't considered or anticipated exploring.

Take your time. Be thoughtful. Take breaks if you need it.

GRAND RIVER SOLUTIONS

Foundational Questions to Always Consider Asking

Were you interviewed?

Did you see the interview notes?

Did the notes reflect your recollection at the time?

As you sit here today, has anything changed?

Did you review your notes before coming to this hearing?

Did you speak with any one about your testimony today prior to this hearing?

Common Areas of Where Clarity or Additional Information is Needed

Details about the alleged misconduct

Facts related to the elements of the alleged policy violation

Relevancy of Certain Items of Evidence

Factual Basis for Opinions

Credibility

Reliability

Timelines

Inconsistencies

Questioning to Assess Reliability

Inherent plausibility

Logic

Corroboration

Other indicia of reliability

Questioning to Assess Credibility

No formula exists, but consider asking questions about the following:

opportunity to view

ability to recall

motive to fabricate

plausibility

consistency

character, background, experience, and training

coaching

Credibility Versus Reliability

Reliable Evidence

- I can trust the consistency of the person's account of their truth.
- It is probably true and I can rely on it.

Credibility

- I trust their account based on their tone and reliability.
- They are honest and believable.
- It might not be true, but it is worthy of belief.
- It is convincingly true.
- The witness is sincere and speaking their real truth.

Opinion Evidence

When might it be relevant?

How do you establish a foundation for opinion evidence so that the reliability of the opinion can be assessed?

Asking Questions to Assess Authenticity

Investigating the Products of the Investigation

Never assume that an item of evidence is authentic.

Ask questions, request proof.

Request further investigation of the authenticity if necessary.

GRAND RIVER SOLUTIONS

Is it authentic?

**QUESTION THE
PERSON WHO
OFFERED THE
EVIDENCE**

**REQUEST
ORIGINALS**

**OBTAIN
ORIGINALS FROM
THE SOURCE**

**HAVE OTHERS
REVIEW AND
COMMENT ON
AUTHENTICITY**

**ARE THERE
OTHER RECORDS
THAT WOULD
CORROBORATE?**

What are the “Hard” Questions

Details about the sexual contact

Seemingly inconsistent behaviors

Inconsistent evidence/information

What they were wearing

Alcohol or drug consumption

Probing into reports of lack of memory

How to Ask the Hard Questions

Lay a foundation for the questions

- Explain why you are asking it
- Share the evidence that you are asking about, or that you are seeking a response to

Be deliberate and mindful in your questions:

- Can you tell me what you were thinking when....
- Help me understand what you were feeling when...
- Are you able to tell me more about...

Special Considerations for Questioning the Investigator

- The Investigator's participation in the hearing is as a fact witness;
- Questions directed towards the Investigator shall be limited to facts collected by the Investigator pertinent to the Investigation;
- Neither the Advisors nor the Decision-maker(s) should ask the Investigator(s) their opinions on credibility, recommended findings, or determinations;
- The Investigators, Advisors, and parties will refrain from discussion of or questions about these assessments. If such information is introduced, the Chair will direct that it be disregarded.

Special Considerations for Questioning the Investigator

Ask questions about how they conducted their investigation

Explore the investigators decision making

Seek clarity about evidence collected

Where it came from
Authenticity of the evidence

Ask factual questions that will assist in evaluation of the evidence

If bias is not in issue at the hearing, the Chair should not permit irrelevant questions of the investigator that probe for bias.

GRAND RIVER SOLUTIONS

Special Considerations for Panels

If a panel, decide in advance who will take the lead on questioning

Go topic by topic

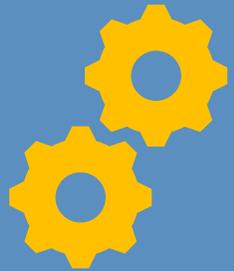

Ask other panelists if they have questions before moving on

Do not speak over each other

Pay attention to the questions of other panelists

Ok to take breaks to consult with each other, to reflect, to consult with the TIXC or counsel

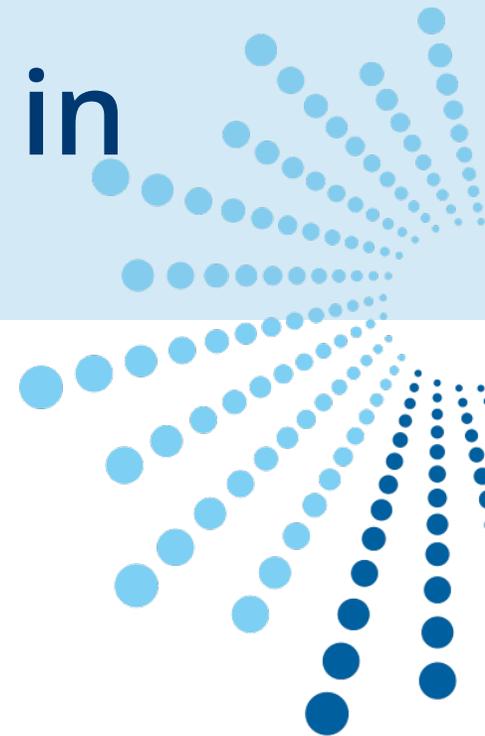

The Decision Maker's Role in Advisor Questioning

04(a)

GRAND RIVER SOLUTIONS

Cross Examination

Who does it?

Must be conducted
by the advisor

If party does not
appear or does not
participate, advisor
can appear and
cross

If party does not
have an advisor,
institution must
provide one

The Role of the Decision Maker During Questioning by the Advisors

After the Advisor poses a question, the proceeding will pause to allow the Chair to consider it.

Chair will determine whether the question will be permitted, disallowed, or rephrased. The Chair may explore arguments regarding relevance with the Advisors.

The Chair will limit or disallow questions on the basis that they are irrelevant, unduly repetitious (and thus irrelevant), or abusive.

The Chair will state their decision on the question for the record and advise the Party/Witness to whom the question was directed, accordingly. The Chair will explain any decision to exclude a question as not relevant, or to reframe it for relevance.

The Chair has final say on all questions and determinations of relevance. The parties and their advisors are not permitted to make objections during the hearing. If they feel that ruling is incorrect, the proper forum to raise that objection is on appeal.

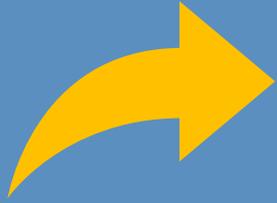

When Assessing Relevance, the Decision Maker Can:

Ask the Advisor why their question is relevant

Take a break

Ask their own questions of the party/witness

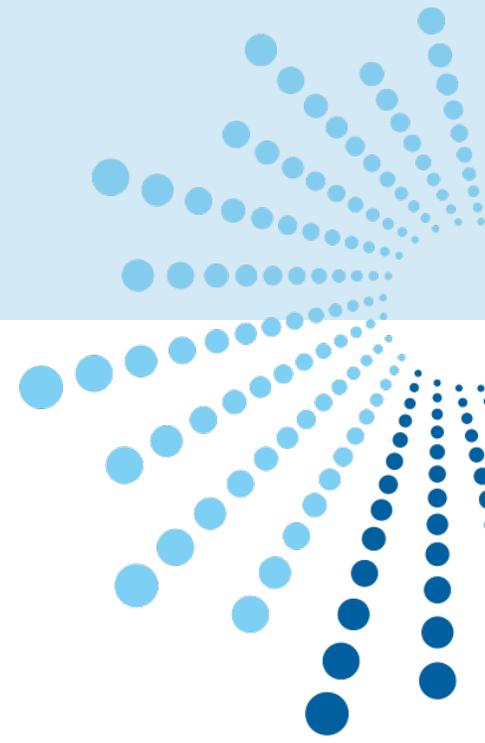

Review the hearing record

After the Hearing

05

GRAND RIVER SOLUTIONS

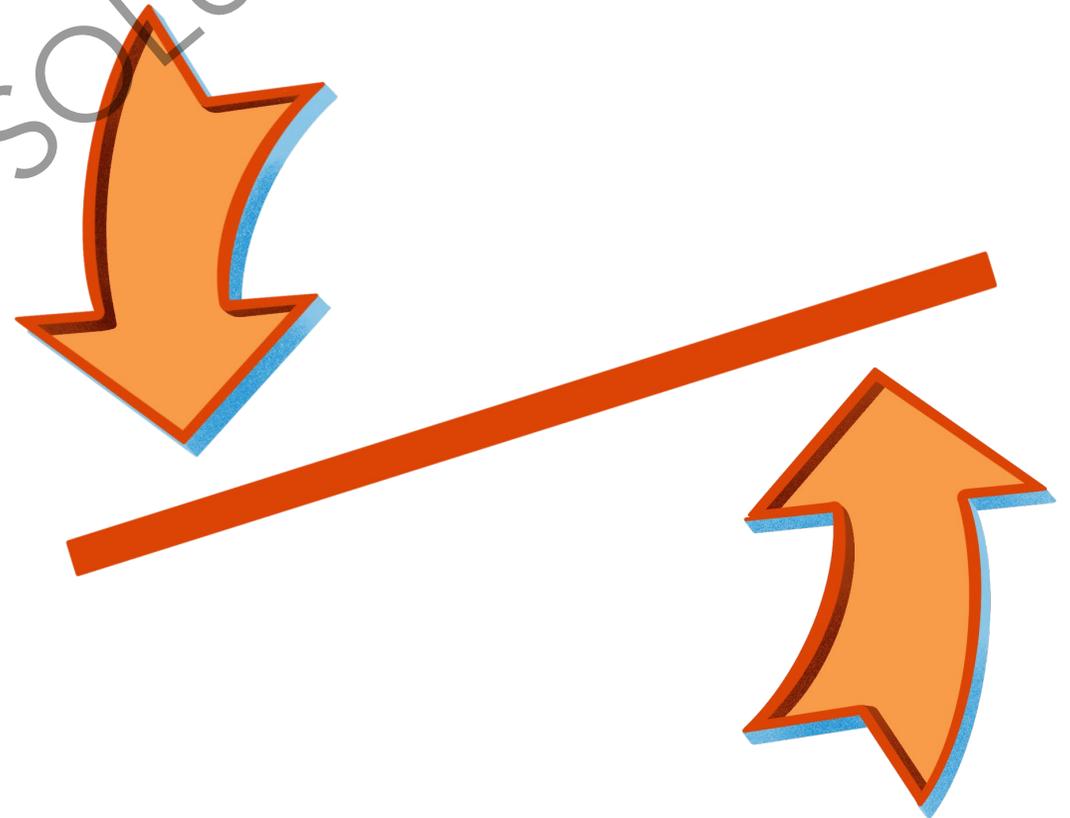

Deliberations

GRAND RIVER SOLUTIONS

Weighing the Evidence & Making a Determination

1. Evaluate the relevant evidence collected to determine what weight, if any, you will afford that item of evidence in your final determination;
2. Apply the standard of proof and the evidence to each element of the alleged policy violation;
3. Make a determination as to whether or not there has been a policy violation.

Preponderance of the Evidence

More likely than not

Does not mean 100% true or accurate

A finding of responsibility = There was sufficient reliable, credible evidence to support a finding, by a preponderance of the evidence, that the policy was violated

A finding of not responsible = There was not sufficient reliable, credible evidence to support a finding, by a preponderance of the evidence, that the policy was violated

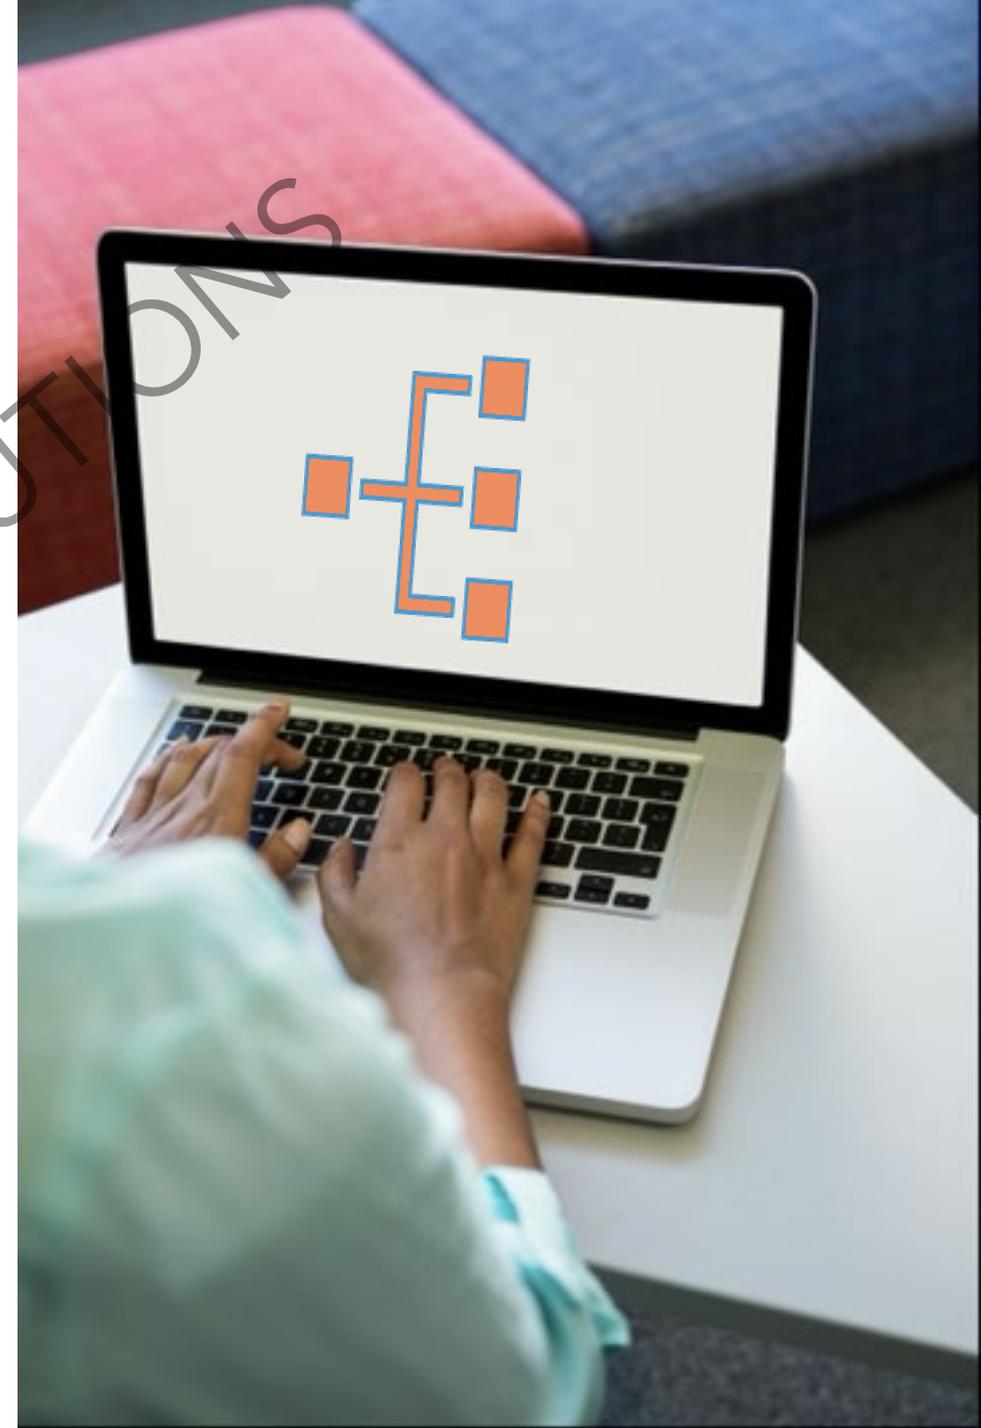

Findings of Fact

- **A "finding of fact"**
 - The decision whether events, actions, or conduct occurred, **or** a piece of evidence is what it purports to be
 - Based on available evidence and information
 - Determined by a preponderance of evidence standard
 - Determined by the fact finder(s)
- **For example...**
 - Complainant reports that they and Respondent ate ice cream prior to the incident
 - Respondent says that they did not eat ice cream
 - Witness 1 produces a timestamped photo of Respondent eating ice cream
- **Next steps?**

Policy Analysis

- Break down the policy into elements
- Organize the facts by the element to which they relate

GRAND RIVER SOLUTIONS

Allegation: Fondling

Fondling is the:

- ❑ touching of the private body parts of another person
- ❑ for the purpose of sexual gratification,
- ❑ Forcibly and/or without the consent of the Complainant,
 - ❑ including instances where the Complainant is incapable of giving consent because of their age or **because of their temporary or permanent mental or physical incapacity.**

Analysis Grid

Touching of the private body parts of another person	For the purpose of sexual gratification	Without consent due to lack of capacity
<p>Undisputed: Complainant and Respondent agree that there was contact between Respondent's hand and Complainant's vagina.</p>	<p>Respondent acknowledges and admits this element in their statement with investigators.</p> <p>"We were hooking up. Complainant started kissing me and was really into it. It went from there. Complainant guided my hand down her pants..."</p>	<p>Complainant: drank more than 12 drinks, vomited, no recall Respondent: C was aware and participating Witness 1: observed C vomit Witness 2: C was playing beer pong and could barely stand Witness 3: C was drunk but seemed fine Witness 4: carried C to the basement couch and left her there to sleep it off.</p>

Apply Preponderance Standard to Each Element

Touching of the private body parts of another person	For the purpose of sexual gratification	Without consent due to lack of capacity
<p>Undisputed: Complainant and Respondent agree that there was contact between Respondent's hand and Complainant's vagina.</p> 	<p>Respondent acknowledges and admits this element in their statement with investigators.</p> <p>"We were hooking up. Did You Also Analyze...?

(if required by policy)

- On campus?
- Program or Activity?
- In a building owned/controlled by a recognized student organization?
- Substantial control over respondent and context?
- Complainant was attempting to access program/activity?

GRAND RIVER SOLUTIONS

Final Report

- The allegations
- Description of all procedural steps
- Findings of fact
- Conclusion of application of facts to the policy
- Rationale for each allegation
- Sanctions and remedies
- Procedure for appeal

The Final Determination Should **STAND** On Its Own

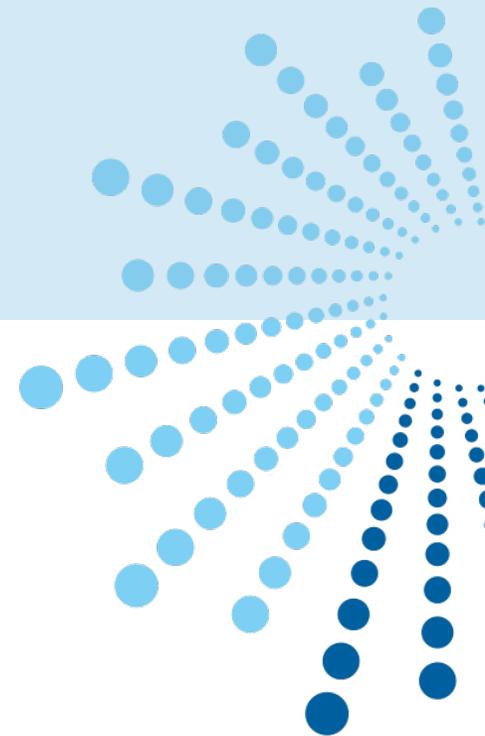

- S** Simple and Easy to Comprehend
- T** Transparent/Clear
- A** Accurate
- N** Neutral/Unbiased
- D** Draw Attention to Significant Evidence and Issues

Practical Application

06

GRAND RIVER SOLUTIONS

Scenario 1

Respondent appears at the hearing with Witness 7. Respondent would like Witness 7 to provide information testimony about text messages between them and Complainant that indicate that Complainant has made the allegations up.

- **Can the HP hear from Witness 7 at the hearing?**

Scenario 2A

Respondent provides a polygraph report to investigators wherein it is concluded that Respondent is not being deceptive when denying the allegations.

- **The Investigator determines the report is irrelevant. Must the Investigator share the report with the decision maker?**

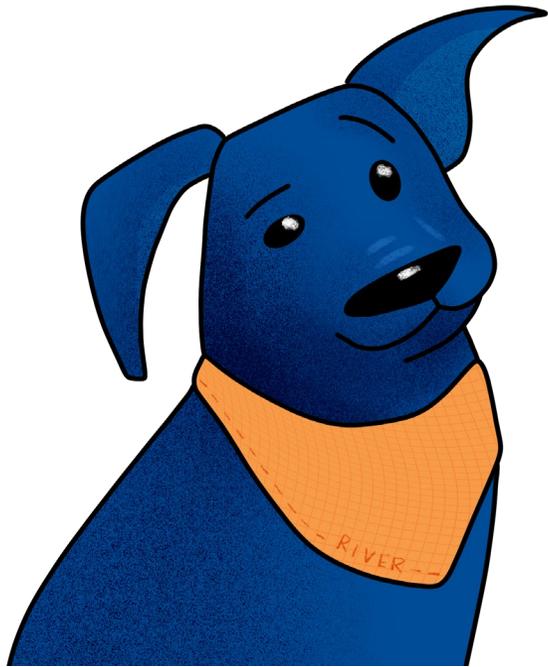

Scenario 2B

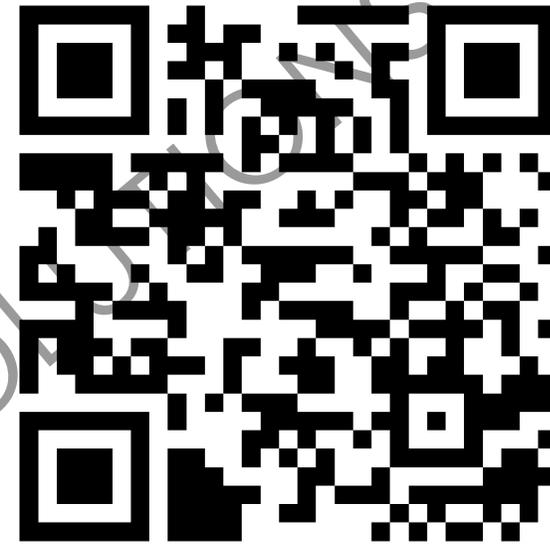

Respondent provides a polygraph report to Investigators wherein it is concluded that Respondent is not being deceptive when denying the allegations. The polygrapher appears and answers all relevant questions on cross.

- **Must the Hearing Panel find Respondent not responsible because of the findings in the report?**
